

Modifying Course List Display on “My Home”

Reorder Courses

1. Go to the **My Home** tab.

2. Select **Customize this page** on the right.
3. Click and hold the **move icon** (to the left of the course name) and drag the course to its new spot.

4. Repeat until courses are in the desired order.
5. Select **Stop customizing this page** in the upper right, or continue to the next steps to hide unused courses.

Hide Courses

1. From the **Number of courses to display** dropdown, select the appropriate number of courses to display.

(For example, if you have 5 courses, but want to hide 2, the appropriate number to select is 3.)

2. Notice which courses are now displayed and the statement of how many courses are now hidden at the bottom of the list.
3. Select **Stop customizing this page** in the upper right.
