

Student iClicker2 Registration

1. You should see an **i>clicker** block somewhere on the left hand side when viewing your course in Cougar Courses. If you have not registered a clicker yet, it will only say Student Registration in the block.

i>clicker

Student Registration

2. To register: click on **Student Registration**. Enter in your clicker remote ID in the box. The remote ID is located on the back of your clicker underneath the barcode. There are instructions for finding your remote ID on the right hand side of the page under **Student Registration FAQs**.

Enter your 8-character i>clicker Remote ID below. You may register multiple remotes or remove a registration entry at any time.

Enter Your i>clicker Remote ID:

Register

3. Select **Register**.
4. You will receive a confirmation of success.
5. The **i>clicker** block should now display your clicker remote ID under Student Registration. If it does, you are ready to participate in any iClicker questions in your class.
