COURSE REQUIREMENTS AND GRADED COURSE COMPONENTS

Course Assignments

The Culminating Experience is a requirement for completion of the Master's Program. The Culminating Experience can be completed through one of the following ways.

- **Thesis:** Conduct a research study of interest according to the appropriate research design approved by a committee and reported in a format using the APA Style Manual.
- **Project:** Define a need relating to curriculum or professional development through a review of existing programs. Meet the need through the design, development, and implementation of curriculum or a professional development program that has not been previously addressed by others. The project must be approved by the committee and reported in a format using the APA style Manual.

Master's Committee

You will need a MA Committee composed of:

1. The chair of the **thesis committee**, who must be a tenure line CSUSM faculty member, ensures that the thesis conforms to program and university standards. S/He must have knowledge and expertise in the field of study and is responsible for the intellectual integrity, rigor, and quality of research. The chair of the **project committee** may be a tenure line faculty member or may be a lecturer (with approval), who ensures the culminating project conforms to program and university standards. S/he must have knowledge and expertise in the field of study and is responsible for the intellectual integrity, rigor, and quality of the project.
2. A second reader who usually provides input at the initial stage in developing the culminating experience and provides feedback/approval at its completion. The second reader must have a Master's Degree in the area of study or be approved by the MA Program Coordinator and Committee Chairperson.

Special Education Program Coordinator Signature

Following the completion of the work, the student will schedule an appointment with the Program Coordinator of the Special Education Department to defend and share their completed thesis or project and receive required signatures.

Defense with Committee

A thesis or project must be completed, orally defended and approved by the committee.

- The student will create a poster reflective of their thesis or project to defend and share it at the School of Education Poster Session with their committee and peers.
- Each member of the MA Committee signs the signature page of the official copy of the thesis/project.

Electronic Thesis, Projects and Dissertation (ETD) Submission

- The complete thesis/project must be electronically submitted to the Kellogg Library through Scholarworks. ETD submission guidelines are available on the Kellogg Library Website: <https://biblio.csusm.edu/content/e-thesis-project-and-dissertation-submission-guide>
- Electronic submission requires that the electronic document meet the American Disability Act (ADA) Accessibility requirements.
- The candidate is responsible for adhering to the ETD submission deadlines.

Grading Standards

You will move through the tasks below on a timeline agreed between you and your Chair/Advisor.

- Submitting chapters 1-3
- Approval through IRB if applicable
- Submitting chapters 4-5

- Assembling the entire edited paper meeting the APA format and library requirements
- Submitting a Poster of your final product
- Defending your final product

As the course is credit/no credit, your final grade will be based on successful completion of a thesis/project and the defense to your committee members and peers.

Final Exam Statement

There is not final exam.

School of Education/Course Attendance Policy

Due to the dynamic and interactive nature of courses in the School of Education, all candidates (course participants) are expected to attend all classes and participate actively. At a minimum, candidates (course participants) must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the candidate (course participants) have extenuating circumstances, s/he should contact the instructor as soon as possible. *(Adopted by the COE Governance Community, December, 1997).*

GENERAL CONSIDERATIONS

CSUSM Academic Honesty Policy

Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly.

Academic Honesty and Integrity: Students are responsible for honest completion and representation of their work. Your course catalog details the ethical standards and penalties for infractions. There will be zero tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Refer to the full Academic Honesty Policy at:

http://www.csusm.edu/policies/active/documents/Academic_Honesty_Policy.html

Plagiarism

As an educator, it is expected that each candidate (course participant) will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Students with Disabilities Requiring Reasonable Accommodations

Students with disabilities who require reasonable accommodations must seek approval for services by providing appropriate and recent documentation to the Office of Disability Support Services (DSS). This office is in Craven Hall 4300, contact by phone at (760) 750-4905. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or make an appointment.

Credit Hour Policy Statement

Per the University Credit Hour Policy:

- Students will meet with the professor by appointment face-to-face, spend time out-of-class associated with the face-to-face sessions working on activities associated with their thesis or project, and complete on-line work that will total at least 45 hours per unit of credit.

All University Writing Requirement

The California State University maintains a Graduation Writing Assessment Requirement (GWAR) for master's students, to be completed before Advancement to Candidacy can be approved. A student may satisfy the graduate writing requirement in one of two ways: an acceptable standardized test score, or a paper that receives a passing score as described in the GWAR rubric. Toward the goal of providing opportunity for graduate students in the School of Education to satisfy the writing requirement, all papers in all graduate classes must adhere to the rules of style (for writing and format style) detailed in the *Publication Manual of the American Psychological Association, 6th ed.* (2009). This is a required textbook for all CSUSM School of Education graduate courses.

Course Format

Per the CSUSM Online Instruction Policy, EDUC 698 is considered a hybrid course as it is a combination of a traditional (FT) instruction with an online class component.

Necessary Technical Competency Required of Students

Candidates are required to have the technical expertise to use online browsers (e.g., Firefox) to access information and use various forms of technology (e.g., word processing, Google docs, and CSUSM electronic mail) to produce and submit course assignments. Please save a digital copy of all portions of your project/thesis.

Contact Information for Technical Support Assistance

For technical support assistance, please contact the CSUSM Help Desk. See information on the various ways in which students may get technical support at <http://www.csusm.edu/sth/support/index.html>

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.
