

You can log into YouTube with your student Gmail account and upload an unlisted video.

## Access YouTube from your student Gmail account

1. Log into your student email account.

2. Select the square grid at the top right of the page.

3. Select **More**.

4. Select **YouTube**.

Now you are logged into YouTube with your student Gmail account.

## Upload a video

5. At the top of the page click **Upload**.

6. The first time you upload a video under your student Gmail account, you will be asked to set up a Channel and begin uploading to YouTube. Enter your information and select **Continue**.

A screenshot of the 'Set up your channel and begin uploading to YouTube' form. The form is divided into two main sections: 'How you'll appear' and 'What you'll get'. The 'How you'll appear' section contains a profile picture placeholder with an 'Add photo' button, input fields for 'First name' and 'Last name', a 'Gender' dropdown menu, and a 'Birthday' section with dropdowns for 'Month', 'Day', and 'Year'. The 'What you'll get' section lists benefits like 'A YouTube channel' and 'A Google+ profile'. At the bottom of the form, there are two buttons: 'Cancel' and 'Continue'. The 'Continue' button is highlighted with a red rectangular box.

7. To upload a video as unlisted, use the drop down menu to choose **unlisted**.

Note: **Unlisted** means your video won't come up as a search result, but anyone with a link to your video can view your video.

8. Now you may click the white arrow to **Select files to upload**, or simply drag your video file into the box.

9. Make changes you want to the video settings and information, then click **Publish** to finish uploading it on YouTube.  
10. Once the upload is completed, YouTube will send you an email to notify you that your video is done uploading.
