International Opportunities for Faculty Members: Country RDs, Wang Stipends

Dear CSUSM Faculty Members,

The CSU offers two kinds of international opportunities to its faculty members. For both, the application deadline is **December 1, 2009**, and the application form is available at the websites below.

1. **RESIDENT DIRECTORSHIP** in China, France, Italy, Japan, and Spain for 2011-2012.

Eligibility:

- Tenured or tenure track faculty in a full-time teaching or administrative position (FERP faculty are not eligible);
- Appropriate terminal degree for the candidate's discipline;
- Appropriate overseas experience;
- Appropriate foreign language skills.

For more information, please go to: <u>http://www.calstate.edu/ip</u>

2. THE WANG FAMILY FACULTY STIPENDS

The faculty component of The Wang Family Scholarship will provide four ten thousand dollar (\$10,000) stipends to be awarded annually. The stipends are to be used for research or teaching at one of the four designated host universities in China or the Republic of China (Taiwan).

Eligibility:

- Full-time tenured or tenure track faculty with Ph.D. or appropriate terminal degree;
- Teaching applicants must have a formal invitation from one of the designated universities in the Republic of China (Taiwan) or the People's Republic of China;
- Former Wang stipend recipients are **NOT** eligible to reapply.

For more information please go to: <u>http://www.calstate.edu/ip</u>

For further information, please contact your campus representative to the Academic Council on International Programs (ACIP):

Ofer Meilich Meilich@csusm.edu, 750-4235, MH445

"CSUSM SMOKING POLICY"

SMOKING ALLOWED IN DESIGNATED AREAS ONLY

Smoking on Campus

Smoking is prohibited in all state buildings and vehicles. Smoking is allowed in designated areas where you will see the signage indicated below. These locations comply with State of California Law effective 01/01/04, requiring a minimum of a 20 ft. distance from any public building entrances, exits, and all operable window

Any University student or employee smoking in non-smoking areas will be subject to appropriate discipline and/or other personnel action in accordance with the relevant collective bargaining agreement and the Education Code. Additionally, any person willfully violating this policy may receive a misdemeanor citation as authorized by Education Code section 89031.

POLICY

The policy applies to all members of the campus community and members of the general public when they are on property owned or controlled by the University or using University owned or controlled vehicles.

FOR POLICY, PROCEDURES AND MORE INFORMATION SEE THE RM&S WEBSITE AT: HTTP://WWW.CSUSM.EDU/RMS/RM/SMOKING_POLICY.HTML

Faculty Responsibilities FOR STUDENT HEALTH AND SAFETY

This brochure addresses health and safety related issues and emergency procedures which faculty are expected to provide to students.

CLASSROOM SAFETY

This brochure assists faculty in understanding their role in providing a safe learning environment for students. According to the California State University San Marcos Safety Training Policy & Procedure: "It is the responsibility of all campus faculty members and supervisors to ensure that students at California State University San Marcos are provided applicable safety information and training specific to their role at the university. Faculty are responsible for ensuring that students are provided with the appropriate safety information and training relevant to the hazards encountered in each classroom experience during the first class meeting and as needed throughout the semester. "

Faculty Responsibilities include:

Inform students in the first class and throughout the semester of the appropriate safety information relvant to the hazards encountered in their classroom and include the following information:

 The campus Smoking Policy prohibits smoking outside of designated areas. Information on assembly areas can be found at: <u>http://www.csusm.edu/rms/smoking_policy.htm</u>

Emergency Reporting Protocol:

Dial 911 from a campus phone to contact University Police. Program personal cell phones with the University Police Dispatch number (760) 750-4567. Dialing 911 from a cell phone will contact the California Highway Patrol, <u>not</u> University Police.

Laboratory Safety:

- Supervise classes and labs where hazardous materials or equipment are used.
- Inform students of all apparent risks inherent in the class, lab or activity including the safe use and handling of potentially hazardous substances, equipment or procedures.
- Advise students that prior to bringing a visitor to class, permission must be obtained from the faculty, a parent or guardian (if visitor is a minor), and/or the Dean or Department Head (if the visit is to a potentially hazardous location). Please refer to the campus policy, Access to Labs & Potentially Hazardous Areas for more information: <u>http://lynx.csusm.edu/policies/policy_online.asp?l</u> D=194

Emergency Preparedness

During emergency events such as: earthquakes, fires, hazardous material spills, bomb threats or active shooters, it is critical that students are provided information to enable them to evacuate or seek shelter in a safe and expeditious manner. Pursuant to California Government Code Sections 3100 and 3101, all state employees including staff and faculty in the California State University, are designated as a disaster service worker. In order to address building and campus emergencies, faculty should :

- Provide students with the campus emergency preparedness video which may be viewed online at: <u>http://www.csusm.edu/ep/Video/</u>
- Provide students with the location of fire alarms, telephones, emergency exits and evacuation routes closest to the classroom. Assist University Building Marshals in evacuating students who are not able to use the stairs. Never use elevators in a campus emergency.
- Provide students with the gathering locations outside of the classroom buildings. Building evacuation maps are located near the elevators. Ensure that all students in their class have evacuated safely before leaving the building. Report any injuries and/or trapped individuals to a University Building Marshal for additional emergency support. Do not re-enter the building under any circumstance. Emergency personnel will notify you once it is deemed safe to reenter the building. Information on gathering locations can be found at: http://www.csusm.edu/ep/
- Pre-plan and provide disabled students with accommodation. Designated University Building Marshals should be able to assist disabled students in the case of an emergency evacuation. For more information please contact Disabled Students Services: <u>http://www.csusm.edu/dss/</u>
- Some emergencies may require you and your students to take shelter in your classroom. If you are notified to shelter-in-place or you find you cannot exit because of greater dangers outside the classroom, bring everyone into the room and shut the door. Request that classroom visitors stay in the room. Stay where you are until otherwise notified by emergency personnel. Take attendance and provide that information to emergency personnel as soon as possible.

OUT-OF-CLASSROOM SAFETY

Study Outside of the United States

Faculty that direct or lead Study Abroad Programs are responsible for providing the student with the information necessary for a safe experience.

- Provide through an orientation for students such topics as: health and safety, legal, environmental political, cultural and religious conditions in the host country.
- Provide students with appropriate emergency information addressing: personal safety, criminal activity, financial security and emergency contacts needed while they are abroad.
- Describe to students their responsibilities including completion of travel approval, waivers/informed consent, acquisition of appropriate insurance, adherence to the university code of conduct while in the Study Abroad Program.

http://www.csusm.edu/UGA/studyabroad.htm

Field Trips/Out-of-Class Activities

Faculty responsibilities include:

- Advise students that they must comply with all applicable university policies, Code of Conduct and State laws including the possession, sale and use of alcohol or controlled substances at all times while traveling to, during and returning from the class activity. Violations of these laws and university policy are subject to disciplinary action, up to and including dismissal.
- Identify and communicate relevant risk concerns and emergency reporting procedures involved in out-ofclassroom activities. Follow the "Classroom Safety" model.
- Advise students that completion and submission of the following forms are required prior to participation in field trips or out-of-class activities:
 - Field Trip Waiver & Release or Informed Consent

 Addressing potential risk involved in an out-ofclass activity. Carry a copy with you during the activity and retain copies in department/college for three years.
 - Field Trip Emergency Contact/Participant List Identifying a contact person in case of an emergency. Provide a copy to University Police prior to trip

http://www.csusm.edu/rms/rm/student_domestic_travel.html

Internships / Experience-Based Learning

Students must be provided with a safe experience when participating in Off-Campus Experience-Based Learning activities. Faculty should follow the "Field Trip/Out-of-Class Activities" model for students who are participating in an Internship or Experienced-Based Learning. Additional faculty responsibilities include:

- Coordinate the student's off-campus experiencebased learning activities through a student placement contract with the placement site, Procurement and when appropriate the Office of Community Service Learning.
- Point out applicable liability and risk potential such as: student personal injury, student injury to other parties, student personal property damage, student damage to other property, and vehicle liability exposure. Point out university sponsored insuance coverages indicated in the students placement contract.
- Meet with students prior to their placement and ensure they receive adequate safety and risk information provided in an orientation. Identify risks involved in the Informed Consent or Waiver & Release.
- Explain the role of key parties involved; the student, faculty member and the on-site supervisor.
- Request the student's emergency contact information. Provide student with faculty member's (and the placement site's) emergency contact information.
- Emphasize the student's need to understand the placement site's emergency reporting procedures and follow-up with the faculty member.
- Encourage the student to follow-up with the faculty member regarding concerns with their placement. Faculty can determine the best methods for students to respond to difficult or uncomfortable situations. Remind students to leave their placement if they feel uncomfortable and feel it is best to leave.

http://lynx.csusm.edu/policies/procedure_online.as p?ID=116

Risk Management

Faculty members are responsible for identifying and managing risks created by their academic activities in the classroom and in offsite experience learning. Faculty members are required to report unsafe conditions to Risk Management & Safety. A copy of the University's Risk Management procedure is available at:

http://www2.csusm.edu/fas/Policies&Proc/RiskManagement-Proc.pdf

Please contact the Risk Management & Safety Office, (760) 750-4502 for more information.

Student Injury/Illness

Faculty should ensure that injured/ill students receive appropriate medical attention.

Faculty responsibilities include:

- Contact University Police to report <u>all</u> injuries/illness (760) 750-4567 or 911 from any campus phone.
- Advise students who have sustained an injury/illness during a class or lab activity to seek medical attention from the Student Health Center. University Police will respond to the incident and contact emergency services to respond and evaluate students with serious injuries. Emergency services will provide or coordinate appropriate medical treatment. Contact the Dean of Students to report student injury/illness of a serious nature.
- Advise injured/ill student employee to seek medical attention from the University's occupational medicine providers; Palomar Pomerado Health (760) 510-7374. Authorization for treatment must be coordinated by the campus Workers' Compensation Coordinator in Human Resources (x4505). All injuries/illness must be reported immediately.

Assist University Police in completing an Injury Report.
