University Student Union Advisory Board	Thomas Colby	at large	06-08	1st F 12:30 - 2:30 pm

## Graduate Studies Issue

CSUSM now offers graduate programs in a number of areas. With the advent of the graduate differential for funding campuses, CSUSM faculty and administration may elect to expand the graduate offerings available on campus. Established universities typically have general policies to govern the development, assessment, structure, and administration of these graduate programs. *Furthermore, the oversight responsibilities of the Academic Senate are clearly specified.*
