School of Education Mission & Vision Statement
(Adopted by SOE Governance Community, January 2013)

Vision

To serve the educational needs of local, regional, and global communities, the School of Education advances innovative practice and leadership by generating, embracing, and promoting equitable and creative solutions.

Mission

The mission of the School of Education community is to collaboratively transform education. We:

- Create community through partnerships
 - Promote and foster social justice and educational equity
 - Advance innovative, student-centered practices
 - Inspire reflective teaching and learning
 - Conduct purposeful research
 - Serve the School, College, University, and Community
-

Basic Tenets of our Conceptual Framework

- Student centered education
 - Research and theory specific to the program field inform practice
 - Connections and links between coursework and application
 - Strong engagement between faculty and candidates
 - Co-teaching clinical practice
 - Culturally responsive pedagogy and socially just outcomes

I. COURSE DESCRIPTION AND SCHOOL OF EDUCATION VISION & MISSION

Course Description

Intern teaching in a special education setting in selected K-12 schools under the supervision of a credentialed special education teacher and university supervisor. Includes participation in a student teaching seminar. This course is aligned with California's SB 2042 Standards. May not be taken for credit by students who have received credit for EDMX 572. Graded Credit/No Credit.

II. CLINICAL PRACTICE STUDENT LEARNING OUTCOMES

The Credential Candidate Will, While Employed As An Education Specialist Intern

- assess and instruct students of various ages (Kindergarten to 22 years of age) and cultural/linguistic backgrounds with mild/moderate disabilities (autism spectrum disorders, specific learning disabilities, mild to moderate intellectual disability, emotional disturbance, and other health impairments or moderate/severe disabilities (autism spectrum disorders, moderate/severe/profound intellectual disability, physical health impairments, traumatic brain injury, deaf-blind, multiple disabilities, emotional disturbance).
- demonstrate successful performance of the Mild/Moderate Education Specialist Teaching Performance Expectations as assessed using the *Cal State San Marcos Mild/Moderate Teaching Performance Expectations Clinical Practice Assessment* or the *Cal State San Marcos Clinical Practice Assessment Moderate/Severe Teaching Performance Expectations Clinical Practice Assessment* observation form.

Student Learning Outcome Assessment Methods:

Observations by university supervisor and intern support provider of clinical performance objectives and the California Commission on Teacher Credentialing (CCTC) Education Specialist Program Standards and Education Specialist Teaching Performance Expectations (ES TPEs).

Completion of an Individualized Transition Development Plan (ITDP) summarizing strengths and continued professional growth regarding the ES TPEs. The ITDP is developed with input from the candidate's university supervisor and intern support provider and is approved and signed by the candidate, the candidate's university supervisor, and the Education Specialist credential program coordinator or designee.

III. MATERIALS NEEDED FOR CLASS

The appropriate *Cal State San Marcos Teaching Performance Expectations Clinical Practice Assessment* and *Individualized Transition Development Plan* observation forms.

IV. SUPERVISION REQUIREMENTS

1. Each candidate in this clinical practice meets with a university clinical practice supervisor at least five times (inclusive of exit interview) to discuss clinical experiences in order to expand the candidate's knowledge of various assessment and intervention techniques and to practice leading an Individual Educational Program plan meetings.
2. Each candidate engages the job responsibilities of an Education Specialist in the intern's school district over the course of the observed semester of internship.
3. Each candidate is observed and provides documentation of the clinical experiences described in the TPEs through notations on the *Cal State San Marcos Teaching Performance Expectations Clinical Practice Assessment* observation form.
4. Each candidate is observed by the University Supervisor a) delivering formal lessons (at least 3), b) conducting a formal assessment, and c) conducting an IEP meeting. The candidate also designs/analyzes a PBS plan and explains involvement in its delivering. (See these observation forms on pages 3 – 8 of this syllabus.)
5. Each candidate meets with the intern support provider to initially examine and discuss TPE elements and how they could be met in intern teaching. Over the semester, the intern support provider conducts and debriefs, on the average, two formal observations per month of the candidate engaged in instruction, assessment, IEP-related planning or implementation activities, and or other job-related activities in which TPEs may be observed (e.g., training/supervision of paraeducators). See page 9 for a timeline and form for documenting discussions and observations. The candidate meets weekly with the intern support provider to reflect upon clinical experiences and progress toward meeting TPEs. As part of this meeting, the candidate prepares and e-mails to both the intern support provider and the Teacher Candidate the *Clinical Practice Weekly Reflection and Planning* form on page 10 of this syllabus. Meetings between the intern support provider and the candidate are noted weekly on the *Education Specialist Clinical Practice Professional Collaboration Log* found on pages 12 and 13 of the syllabus.
6. Each candidate in conjunction with the Cooperating Teacher and University Supervisor document collaborative activities among the Education Specialist Teacher Candidate (TC), Cooperating Teacher (CT), and University Supervisor (US) to guide the TC to successful Teacher Performance Expectation (TPE) and Professional Dispositional (PD) performance through observations, coaching meetings, written feedback, and relevant activities, interactions, and communications. The *Education Specialist Clinical Practice Weekly Professional Collaboration Log* (found on pages 12 and 13 of the syllabus) shall be confidentially maintained (in digital or hard copy format) and accessible to all parties throughout the Clinical Practice (CP). Log entries are completed, reviewed, and signed by the TC and CT weekly and by the US at each visitation. The log is collected by the US at the completion of CP.
7. Each candidate produces an *Individualized Transition Development Plan* that summarizes strengths and areas of need for continued professional growth and that is signed by the candidate, the candidate's university supervisor, and the Education Specialist credential program coordinator or designee. This document is delivered to and assessed by the instructor of the EDMX 575 Education Specialist - Transition Development Plan Seminar.

Candidate: Intern Support Provider (SP): University Supervisor (US):

TPE Instructions: To ensure that both the candidate and the intern support provider have a clear and shared understanding of each TPE expectation and that they expressly discuss how each TPE could be demonstrated by the candidate in the clinical setting, the following timetable is recommended for examining and discussing TPE items on the *Education Specialist TPE Clinical Practice Assessment*. Please indicate the week and date of clinical practice that each set of TPEs is examined. Please pay particular attention to the noted TPE elements, which have been identified as high-priority topics for research, discussion, and application in clinical practice.

	Suggested Week	Week/Date Examined
TPE 1: Specific Pedagogical Skills for Subject Matter Instruction	<u>Week 1</u>	_____
TPE 2: Monitoring Student Learning During Instruction	<u>Week 1</u>	_____
TPE 3: Interpretation and Use of Assessments	<u>Week 2</u>	_____
TPE 3.1 Know how to assess and identify students whose cultural, ethnic, gender, or linguistic differences may be confused with a disability		
TPE 4: Making Content Accessible	<u>Week 2</u>	_____
TPE 5: Student Engagement	<u>Week 2</u>	_____
TPE 6: Developmentally Appropriate Teaching Practices	<u>Week 3</u>	_____
TPE 7: Teaching English Learners	<u>Week 3</u>	_____
TPE 7.2 Using ELD principles/practices, has students express understanding in a variety of ways and uses primary language resources (e.g., peers, books, students' primary language skills, paraeducators) to develop academic language and comprehension and knowledge of core curriculum content		
TPE 8: Learning about Students	<u>Week 3</u>	_____
TPE 9: Instructional Planning	<u>Week 4</u>	_____
TPE 9.3 Effectively trains, supervises, and/or uses paraeducators and other personnel (e.g., related service providers, peer tutors) to help students achieve goals

What Does Co-Teaching Look Like? The Four Approaches

Co-teaching has many faces. Teachers experienced in teaching in diverse classrooms report using four approaches to co-teaching – supportive, parallel, complementary, and team.

SUPPORTIVE

Supportive co-teaching is when one teacher takes the lead instructional role and the other(s) rotates among the students providing support. The co-teacher(s) taking the supportive role watches and listens as students work together, stepping in to provide one-to-one tutorial assistance when necessary while the other co-teacher continues to direct the lesson. Teachers new to co-teaching or who are short of planning time often begin with this approach.

PARALLEL

Parallel co-teaching is when two or more people work with different groups of students in different sections of the classroom. Co-teachers may rotate among the groups; and, sometimes there may be one group of students that works without a co-teacher for at least part of the time. Teachers new to co-teaching often begin with this approach. Key to parallel co-teaching is that each co-teacher eventually works with every student in the class.

COMPLEMENTARY

Complementary co-teaching is when co-teachers do something to enhance the instruction provided by the other co-teacher(s). For example one co-teacher might paraphrase the other co-teacher's statements or model note-taking skills on a transparency. Sometimes, one of the complementary co-teaching partners pre-teaches the small group social skill roles required for successful cooperative group learning and then monitors as students practice the roles during the lesson taught by the other co-teacher. As co-teachers gain in confidence and acquire knowledge and skills from one another, complementary co-teaching becomes a preferred approach.

TEAM

Team co-teaching is when two or more people do what the traditional teacher has always done – plan, teach, assess, and assume responsibility for all of the students in the classroom. Team co-teachers share leadership and responsibility in planning. When instruction, they simultaneously deliver lessons and are comfortable alternately taking the lead and being in the support or complementary role. Team co-teachers share lessons in ways that allow students to experience each teacher's expertise. For example, for a lesson on inventions in science, one co-teacher with interests in history might guide students to examine the impact of inventions on *society* at the time. The other, whose strengths are with the mechanisms involved, might explain and guide students in learning *how* the inventions work.

REMEMBER: The test of any successful co-teaching partnership is that the students view each teacher as equally knowledgeable and credible.

EDMX 572 / EDMX 573 Education Specialist Clinical Practice Weekly Professional Collaboration Log

This log is designed to document collaborative activities among the Education Specialist Teacher Candidate (TC), Intern Support Provider (SP), and University Supervisor (US) to guide the TC to successful Teacher Performance Expectation (TPE) and Professional Dispositional (PD) performance through observations, coaching meetings, written feedback, and relevant activities, interactions, and communications. The log shall be confidentially maintained (in digital or hard copy format) and accessible to all parties throughout the Clinical Practice (CP). Log entries are completed, reviewed, and signed by the TC and SP weekly and by the US at each visitation. The log is collected by the US at the completion of CP.

	Teacher Candidate Responsibilities: Sign in/out on campus daily. By week, note the dates & days of CP (e.g., Nov. 14 th – 18 th , Days #14-#19 of CP). Document activities (e.g., planning for instruction, instruction, formal/informal assessment, IEP involvement, co-teaching, meetings, collaborating with staff, other work duties) guided/directed by the SP.	Support Provider Responsibilities: Guide the TC's TPE and PD growth. Document collaborative activities (e.g. modeling, formal and informal observations, coaching and feedback meetings) supporting the TC's progress in planning, instruction, assessment, IEP & family involvement, PD, & TPE achievement.	University Supervisor Responsibilities: Orient CT and SP to log and use. Sign in/out each campus visit. Review log entries since last visit. Document observations, meetings, and other activities with the TC and SP regarding the TC's PDs & progress toward TPE achievement.
Week & Days of CP	Teacher Candidate Directions: Briefly list/describe clinical activities as suggested above and TPE foci during this time period.	Support Provider Directions: CHECK ALL collaboration that occurs during the designated time period. Document weekly reflective and planning meetings and a minimum of 4 formal observations.	University Supervisor Directions: Document initial orientation, a minimum of 4 formal observations, the post-observation conferences, exit meeting, and additional communications by week.

Definition of Terms: For the purposes of this log, the term, *informal*, means that communication with the TC is primarily verbal and formative in nature. The term, *formal*, means that communication with the TC is in written as well as verbal form and that it also is evaluative (e.g., provides feedback on progress) in nature. Please find formal observation and meeting forms at <http://www.csusm.edu/education/ClinicalPractice/HandbookSPED.html>

Additional Note: This log is designed to accommodate a 10-week (50-day) period, For the weeks of clinical practice that exceed 10 weeks, please record activities for the additional weeks on a copy of page 2 of this log.

V. PROFESSIONAL AND ADMINISTRATIVE REQUIREMENTS

1. "Person-first" language (e.g., "Student with Down Syndrome" rather than "Down Syndrome student") must be used throughout all written and oral assignments and discussions.
2. Word process all written plans for treatment and assessment. Keep an electronic copy of all of your work. You will want these for your records and for potential future use as professional portfolio entries.
3. Complete and submit all clinical experience documentation on the due dates for full credit. If you have extraordinary circumstances that impact timely submission, inform the university supervisor. Any time that you have questions or concerns, please contact the university supervisor immediately.
4. Profession behavior is expected at all school and community sites with educational and program personnel, students, families, and supervisory personnel.
5. Academic Honesty Policy and Plagiarism. Students are expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of a grade, a failing grade for the assignment or the class as a whole, or dismissal from the program or university.

VI. GRADING SCALE

Credit/No Credit

The candidate's university supervisor, in collaboration with the cooperating teacher, prepares a Clinical Practice Summary report and completes the *ES TPE Clinical Practice* assessment based upon observations and clinical practice cooperating teacher feedback. The rubric on pages 10 and 11 of this syllabus provide guidance for assigning a performance score on the clinical practice assessment document. These Clinical Practice Summary report and *ES TPE Clinical Practice* are presented to the teacher candidate at the exit meeting and all participants sign the documents. These documents serve as official verification of successful completion of Clinical Practice and are required for the University to recommend a candidate for a credential at the end of the program.

1. A grade of CREDIT (CR) or NO CREDIT (NC) is assigned for clinical practice experiences by the university supervisor. If a credential candidate has not successfully met the Education Specialist Teacher Performance Expectations at an appropriate level, the candidate may be required to extend or repeat the experience.
2. If a candidate is unsuccessful in a clinical practice experience, a grade of NO CREDIT will be given. Granting of an additional opportunity for clinical practice will be made based on the circumstances under which the original NO CREDIT was given.
3. Should a candidate be in the potential situation of receiving NO CREDIT for clinical practice, the university supervisor and cooperating teacher must complete a Statement of Concern (SOC) as soon as possible and provide copies to the Program Coordinator. The documentation in the SOC, the action plan, and the follow up steps to the plan are key documents that are used to verify inadequate performance in clinical practice, if the action plan is not achieved.
4. Should a second clinical practice experience be recommended, the candidate must re-register for the clinical practice course prior to the new placement being made.

Conditions for Removal from School Site

A candidate will be removed from the school site and a Statement of Concern documenting the situation will be written immediately if a candidate:

1. endangers students or others;
2. violates recognized codes of conduct, e.g. CSUSM Student Code of Conduct, CSUSM Academic Honesty Policy NEA Code of Ethics, CA Education Code Section 44932; and/or
3. is dismissed from the classroom or school site by the cooperating professional or site or district administrator.

The following rubric describes the timeframe, conditions, and expected evaluated behaviors and artifacts for each of the 4 performance levels on the *CSUSM Mild/Moderate ES TPE Clinical Practice Assessment* instrument. It clarifies the performance standard or criteria represented by the Does Not Meet (1), Approaching (2), Meets (3), and Exceptional (4) clinical rating for a TPE element on the 4-point rating scale. The University Supervisor and Cooperating Teacher can independently use this rubric and then confer as to the appropriate rating on a TPE element for a candidate they both are mentoring. A candidate must earn at least a Meets (3) score on each TPE element to get credit for the element in clinical practice.

Does Not Meet (1) (the standard) Requires significant more understanding, instruction, and/or experience	Approaching (2) (meeting the standard) Understands but requires additional coaching or clarification	Meets (3) (the standard) Meets the standard as stated in the ES TPE at the level of a novice teacher	Exceptional (4) Performs the standard as stated in the ES TPE at an exceptional level, well beyond novice

VII. COURSE FEATURES

Authorization to Teach English Learners

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English learners.

Students with Disabilities Requiring Reasonable Accommodations

Students must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 5205, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

Academic Writing Requirement

This course ensures that the university's minimum 2,500-word per course writing requirement is met through the course assignments, reflections, and postings for Education Specialist standard.

CSUSM Academic Honesty Policy

Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral presentation assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks. Teacher candidates are responsible for honest completion of their work. There will be no tolerance for infractions. Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Plagiarism

As educators, teacher candidates will do their own work and contribute equally to group projects and processes. Plagiarism and cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized, see the Plagiarism Prevention for Students website, <http://library.csusm.edu/plagiarism/index.html>. For questions about academic honesty, please consult the University catalog.

School of Education Attendance Policy – Clinical Practice

All teacher candidates are expected to be present at their assigned school site as scheduled by program requirements and the specific school site calendar and teaching contract. Should the teacher candidate have extenuating circumstances, s/he should contact the University Supervisor and Program Coordinator as soon as possible.

Electronic Communication

Electronic correspondence is part of your professional interactions. If you need to contact an instructor, cooperating teacher, on-site liaison, university supervisor, or classmate, email is often the easiest way to do so. Please be reminded that electronic correspondences are a very specific form of communication with their own nuances, meaning, and etiquette. For instance, electronic messages sent with all upper case letters, major typos, or slang often communicate more than the sender originally intended. With that said, please be mindful of all electronic messages and craft them with professionalism and care.

Things to consider in electronic communication:

- Would I say in person what this e-mail specifically says?
- How could this e-mail be misconstrued?
- Does this e-mail represent my highest self?
- Am I sending this e-mail to avoid a face-to-face conversation?

TaskStream Enrollment and Postings

The School of Education uses TaskStream to manage candidates' TPE, clinical practice, signature assignment, and disposition assessments. Candidates must be enrolled in TaskStream throughout the Mild/Moderate and Moderate/Severe Education Specialist program(s). Enrollment fees are paid by going to www.taskstream.com and registering for at least one year. Concurrent candidates and candidates completing both the Mild/Moderate and Moderate/Severe credentials should enroll for at least two years.
