

**CALIFORNIA STATE UNIVERSITY SAN MARCOS
COLLEGE OF EDUCATION**

EDUC 422 (03) - Technology Tools for Teaching and Learning
UH 271, Tue/Thu 5:30-10 pm
Summer 2007

Instructor: Rong-Ji Chen, Ph.D
Phone: (760)750-8509
Email: rchen@csusm.edu
Office: UH 309
Office Hours: before & after class or by appointment

College of Education Mission Statement

The mission of the College of Education community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity, and social justice, exemplified through reflective teaching, life-long learning, innovative research, and ongoing service. Our practices demonstrate a commitment to student-centered education, diversity, collaboration, professionalism, and shared governance. (Adopted by the COE Governance Community October, 1997)

Course Description

This three-unit course partially fulfills the technology competencies as identified by the California Commission on Teacher Credentialing (CCTC) and the College of Education's Teacher Performance Expectations (TPEs) in technology, and is being considered for satisfying the Computer Integration Requirement (CIR) for the Liberal Studies Program. This course is designed for teacher candidates who have met the campus-wide Computer Competency Requirement (CCR) and anticipate entrance into the teacher preparation program.

This course focuses on the knowledge and skills necessary to apply education-oriented applications including productivity tools, graphic organizers, databases, spreadsheets, presentation tools, school-appropriate multimedia tools, and communication tools. This course prepares teacher candidates to apply specific educational technology-based applications in methods courses for implementation in teaching and learning with students as well as to their own professional growth. When entering the teacher education program, College of Education faculty assume teacher candidates have competency in the applications covered in this course, and, therefore, will make assignments requiring teacher candidates to apply these skills.

Course Objectives

Teacher candidates will demonstrate competency in:

- A. Meeting the ISTE standards I, V, and VI outlined above and meet standards II, III and IV at an approaching level of proficiency
- B. Using a variety of educational technology tools applied within teaching and learning for the credential program and for use in public school settings
- C. Setting up an electronic portfolio for completion in the CSUSM teacher-credentialing program

Authorization to Teach English Language Learners

The CSUSM credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences

within the credential program as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English learners. (Approved by CCTC in SB2042 Program Standards, August 2002)

Prerequisites

The prerequisite for this course is completion of the campus-wide computer competency requirement. This can be fulfilled by successful completion of one of the following:

- Taking the CSUSM CCR assessment or equivalent course OR
- Completion of an approved computer literacy course at the community college level OR
- Assessment available on first class meeting.

Teacher Performance Expectation (TPE) Competencies

This course is designed to help teachers seeking the Multiple and Single Subjects Credential to develop the skills, knowledge, and attitudes necessary to assist schools and districts in implementing an effective program for all students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. The following TPEs are addressed in this course:

Primary Emphasis

TPE 14 CSUSM Educational Technology (Based on ISTE NETS: see below)

Secondary Emphasis:

TPE 4 - Making Content Accessible (NETS II)

TPE 5 - Student Engagement (NETS II)

TPE 6 - Developmentally Appropriate Teaching Practices (NETS I, II and III)

TPE 7 - Teaching English Language Learners (NETS II and VI)

TPE 12 - Professional, legal and ethical (NETS VI)

TPE 13 - Professional Growth (NETS V)

National Educational Technology Standards for Teachers (NETS-T)

Teaching Performance Expectation (TPE 14) is based on ISTE NETS (See <http://cnets.iste.org/>) for detailed information). This course focuses primarily on ISTE NETS I, V, and VI and secondary emphasis on ISTE NETS II, III and IV.

I. TECHNOLOGY OPERATIONS AND CONCEPTS

Teachers demonstrate a sound understanding of technology operations and concepts.

Teachers:

- A. Demonstrate introductory knowledge, skills, and understanding of concepts related to technology (as described in the ISTE National Education Technology Standards for Students).
- B. Demonstrate continual growth in technology knowledge and skills to stay abreast of current and emerging technologies.

II. PLANNING AND DESIGNING LEARNING ENVIRONMENTS AND EXPERIENCES

Teachers plan and design effective learning environments and experiences supported by technology. Teachers:

- A. Design developmentally appropriate learning opportunities that apply technology-enhanced instructional strategies to support the diverse needs of learners.
- B. Apply current research on teaching and learning with technology when planning learning environments and experiences.
- C. Identify and locate technology resources and evaluate them for accuracy and suitability.

- D. Plan for the management of technology resources within the context of learning activities.
- E. Plan strategies to manage student learning in a technology-enhanced environment.

III. TEACHING, LEARNING, AND THE CURRICULUM

Teachers implement curriculum plans that include methods and strategies for applying technology to maximize student learning. Teachers:

- A. Facilitate technology-enhanced experiences that address content standards and student technology standards.
- B. Use technology to support learner-centered strategies that address the diverse needs of students.
- C. Apply technology to develop students' higher order skills and creativity.
- D. Manage student learning activities in a technology-enhanced environment.

IV. ASSESSMENT AND EVALUATION

Teachers apply technology to facilitate a variety of effective assessment and evaluation strategies. Teachers:

- A. Apply technology in assessing student learning of subject matter using a variety of assessment techniques.
- B. Use technology resources to collect and analyze data, interpret results, and communicate findings to improve instructional practice and maximize student learning.
- C. Apply multiple methods of evaluation to determine students' appropriate use of technology resources for learning, communication, and productivity.

V. PRODUCTIVITY AND PROFESSIONAL PRACTICE

Teachers use technology to enhance their productivity and professional practice. Teachers:

- A. Use technology resources to engage in ongoing professional development and lifelong learning.
 - A. Continually evaluate and reflect on professional practice to make informed decisions regarding the use of technology in support of student learning.
 - B. Apply technology to increase productivity.
 - C. Use technology to communicate and collaborate with peers, parents, and the larger community in order to nurture student learning.

VI. SOCIAL, ETHICAL, LEGAL, AND HUMAN ISSUES

Teachers understand the social, ethical, legal, and human issues surrounding the use of technology in PK-12 schools and apply those principles in practice. Teachers:

- A. Model and teach legal and ethical practice related to technology use.
- B. Apply technology resources to enable and empower learners with diverse backgrounds, characteristics, and abilities.
- C. Identify and use technology resources that affirm diversity.
- D. Promote safe and healthy use of technology resources.
- E. Facilitate equitable access to technology resources for all students.

Required Supplies

There is NO required textbook, but the following are needed:

- ISTE Student Membership: (<http://www.iste.org>) (\$54.00). Must be purchased by 2nd class.
- Task Stream Registration: <http://www.taskstream.com> (\$25 a semester, \$65 for 2 years) Register by 2nd class. See directions at: <http://lynx.csusm.edu/coe/eportfolio/index.asp>
- USB key-drive (512MB or larger): Get one ASAP.

- At least two CD-R or CD-RW per **group**: Due Week 4
- One Mini Digital Video Cassette per **group** for video project: Due Week 4
- Use of campus email account and WebCT for course communication (provided free)

NOTE: It is not necessary to purchase the educational software, as much of the specific software titles are available on the Web in demo-version and/or available on campus.

COE Attendance Policy

Due to the dynamic and interactive nature of courses in the College of Education, all students are expected to attend all classes and participate actively. At a minimum, students must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements (see below). Should the student have extenuating circumstances, s/he should contact the instructor as soon as possible. (Adopted by the COE Governance Community, December, 1997).

If more than two class sessions are missed the teacher candidate cannot receive higher than a C+. Five points will be deducted from the attendance/participation for a missed class. If extraordinary circumstances occur, please communicate with the instructor.

In addition to attending course sessions, each student will be required to complete lab assignments each week. Some of these assignments require students use campus resources. All students must plan times they can work in labs on campus at least once per week. Students are required to check campus resources and availability of labs. Mac computers are available in ACD 211, UH 271 and other locations such as the library 2nd floor. Students are required to use campus issued-email accounts and **check email and WebCT at least two times per week outside of class meetings** to communicate with instructor and peers and read announcements.

CSUSM Academic Honesty Policy

“Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral presentation assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks.

Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor’s attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.”

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Plagiarism:

As an educator, it is expected that each student will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see

the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Students with Disabilities Requiring Reasonable Accommodations

Students with disabilities who require reasonable accommodations must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 5205, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

CSUSM Writing Requirement

The CSUSM writing requirement of 2500 words is met through the completion of course assignments. Therefore, all writing will be looked at for content, organization, grammar, spelling, and format.

Assignments

| No | Assignment | Description | Pts |
|----|--|--|-----|
| A | Intro Letter | Submit a Word-Processed Letter using a variety of formats. | 5 |
| 1 | Internet Assignment (social bookmarks) | This web-based resource/tool allows the user to organize and manage online resources for projects and courses. This tool will allow teacher candidates to continue to organize and share resources throughout program experiences. The assignment requires evaluation and review of educational web sites and reflection on classroom use. | 10 |
| 2 | Inspiration | This project involves the use of concept-mapping software for brainstorming an educational topic using text and graphics. The activity will provide an opportunity to consider this application for support of writing with students in K-12 classrooms. | 5 |
| 3 | Filamentality | This project uses a template/tool on the web to create an activity for students to explore concepts related to standards and specific curriculum topics. These projects are explained and linked on a web page uploaded to a remote server for sharing with other educators. | 5 |
| 4 | Copyright | The purpose of this assignment is to become familiar with fair use and copyright laws, and use of appropriate APA format and citations. Students will share their learning after becoming knowledgeable about various issues related to ISTE NETS for Teachers, Standard VI. | 10 |
| 5 | Journal/Blog | Students reflect on course readings and activities from the ISTE website that supports topics related to the ISTE standards. Entries are made to the journal weekly. The journal is submitted at midterm and again near the end of the course for credit. | 15 |
| 6 | Spreadsheets | This activity provides an opportunity for students to use a spreadsheet in a variety of ways to organize and present information. Various tasks provide an opportunity for teacher candidates to reflect on educational appropriate uses of a spreadsheet tool and differentiate between various tools for organizing information. | 5 |
| 7 | Newsletter | Create an appealing, newsworthy, and interesting newsletter for | 5 |

| | | | |
|-----|---|---|----|
| | | parents with information about your classroom. Use of graphics, content and layout will be considered and assessed. Teacher candidates will use a rubric to provide feedback to classmates during a class meeting. Must include a scanned image. | |
| 8 | PowerPoint | Students will create a four-slide project using special features of the program and content related to a topic from the CA content standards. Articles from ISTE Learning and Leading with Technology will guide the content of the project. This assignment provides students with an opportunity to use skills in researching, referencing and presentation to learn and share a topic related to educational technology issues. APA must be followed for three or more resources used in the project. | 5 |
| 9 | Database | Students will use a database tool to input and organize information. A report will be generated to document understanding of the use of this tool. Students will also understand how online databases provide opportunities to search for information related to an educational topic. | 5 |
| 10 | EdTechProfile | This assessment provides teacher candidates with a look at their skills at the beginning of the course and a comparison of the growth in technology skills at the end of the course. Charts available following the assessment will be submitted. | 10 |
| 11 | Software Review | The purpose of the project is to demonstrate understanding of how to assess educational specific software in terms of student academic content standards, learning needs and strengths and weaknesses of the software. Students will review software and share their learning through reflections. | 10 |
| 12 | Video Project | This project involves working in groups of 3 or 4 to produce a video presentation related to classroom use. Students will learn how to use digital video cameras, how to edit and prepare a project for sharing electronically. Final editing of a movie clip will be completed individually in order to ensure each student has learned the process. | 15 |
| 13a | Tracking Sheet | Planning and organizing sheet to prepare for electronic portfolio. Files are matched to the NETS under TPE 14 and documentation of file naming and organizing is required. | 5 |
| 13b | Draft narrative in Taskstream | Students create a draft narrative using persuasive writing to document their proficiencies related to the ISTE standards. Instructor provides feedback in preparation for completing digital portfolio requirements. | 5 |
| 13c | TPE 14 submission in Taskstream Portfolio | This assignment is an introduction to the electronic portfolio that will be used throughout the CSUSM teacher preparation program. The assignment requires setting up an artifact tracking sheet and organizing all course files, selecting evidence through analysis of individual work related to proficiencies and completing narratives as evidence of meeting the Teaching Performance Expectation (TPE 14). It is anticipated that teacher candidates will build on the work begun in EDUC 422 so that the portfolio submitted at the conclusion of the program accurately verifies meeting all TPEs. | 10 |
| | Attendance, disposition & | Teacher candidates are expected to have a positive disposition toward teaching and learning. They should help each other and | 15 |

| | | | |
|--|--|---|------------------|
| | participation during class, and online | Ocreate a positive classroom environment for everyone. This means having a positive attitude in class, being on time and actively engaged in discussions and activities both in class and online. | |
| | | | Total Points 140 |

All assignments, requirements, due dates and scoring rubrics will be available through WebCT. In order to successfully complete this course, **all assignments must be completed at an acceptable level** noted on assignment directions and rubrics. All assignments are due by 11pm on the due date. Late assignments may be penalized by a deduction in points. After one week, late assignments may receive no credit. If extraordinary circumstances occur, please contact the instructor.

In addition to the assignments described above, performance assessment will be on student's cooperation and flexibility in response to unforeseen challenges and student's ability to perform tasks using a variety of technology tools.

Because the content of this course contributes to passage of multiple TPEs, successful completion is imperative. Failure to successfully complete this course will prohibit a teacher candidate from continuing in the program beyond the first semester. The percentage of weight of each assignment is noted next to the descriptions. Late assignments or assignments missing required elements receive reduced points.

Tentative Schedule

Please note that modifications may occur at the discretion of the instructor. Student's cooperation and flexibility in response to changes will be noted as part of the participation assessment. The exact due dates for each assignment will be determined by the instructor based on the needs of the class.

| Week/ Day | Topics | To Do | Assignments Due (on Saturday) |
|---------------------------------|--|--|--|
| Week 1 7/10 & 7/12 | <ul style="list-style-type: none"> • Syllabus • WebCT • ISTE & Taskstream registration • Blogging/Journal • Internet / Advanced searching • Info Literacy • Library Searches • Social Bookmarks • EdTechProfile | <ul style="list-style-type: none"> • Purchase supplies • Register ISTE & Taskstream • Write Intro Letter and reply to 3 others • Yahoo & Google accounts • Review WebCT • Internet Assignment • EdTechProfile – pre-assessment • Read: L&L Article, Write Journal in Blogger | <ul style="list-style-type: none"> • Register for ISTE & Taskstream (screen capture) • Intro letter and blog comments • EdTechProfile |
| Week 2 7/17 & 7/19 | <ul style="list-style-type: none"> • MS Word • Scanning • PowerPoint + Rubric • Taskstream Portfolio • Tracking Sheet • CA standards | <ul style="list-style-type: none"> • Scan drawing • Newsletter • PowerPoint assignment • Taskstream summary • Read McKenzie Article • Write Journal in Blogger • Tracking Sheet | <ul style="list-style-type: none"> • Newsletter • Scanning • Bookmarks |

Grading Procedures and Assignments

Grading is calculated on the standard of:

A = 94% - 100%

A- = 90% - 93%

B+ = 87% - 89%

B = 84% - 86%

B- = 80% - 83%

C+ = 77% - 79%

C = 74% - 76%

D = 60% - 69%

F = below 60

SB 2042 - AUTHORIZATION TO TEACH ENGLISH LEARNERS COMPETENCIES

| PART 1: LANGUAGE STRUCTURE AND FIRST- AND SECOND-LANGUAGE DEVELOPMENT | PART 2: METHODOLOGY OF BILINGUAL, ENGLISH LANGUAGE DEVELOPMENT, AND CONTENT INSTRUCTION | PART 3: CULTURE AND CULTURAL DIVERSITY |
|--|---|---|
| I. Language Structure and Use: Universals and Differences (including the structure of English) | I. Theories and Methods of Bilingual Education | I. The Nature of Culture |
| A. The sound systems of language (phonology) | A. Foundations | A. Definitions of culture |
| B. Word formation (morphology) | B. Organizational models: What works for whom? | B. Perceptions of culture |
| C. Syntax | C. Instructional strategies | C. Intra-group differences (e.g., ethnicity, race, generations, and micro-cultures) |
| D. Word meaning (semantics) | II. Theories and Methods for Instruction In and Through English | D. Physical geography and its effects on culture |
| E. Language in context | A. Teacher delivery for <u>both</u> English language development <u>and</u> content instruction | E. Cultural congruence |
| F. Written discourse | B. Approaches with a focus on English language development | II. Manifestations of Culture: Learning About Students |
| G. Oral discourse | C. Approaches with a focus on content area instruction (specially designed academic instruction delivered in English) | A. What teachers should learn about their students |
| H. Nonverbal communication | D. Working with paraprofessionals | B. How teachers can learn about their students |
| I. Language Change | | C. How teachers can use what they learn about their students (culturally responsive pedagogy) |
| II. Theories and Factors in First- and Second-Language Development | III. Language and Content Area Assessment | III. Cultural Contact |
| A. Historical and current theories and models of language analysis that have implications for second-language development and pedagogy | A. Purpose | A. Concepts of cultural contact |
| B. Psychological factors affecting first- and second-language development | B. Methods | B. Stages of individual cultural contact |
| C. Socio-cultural factors affecting first- and second-language development | C. State mandates | C. The dynamics of prejudice |
| D. Pedagogical factors affecting first- and second-language development | D. Limitations of assessment | D. Strategies for conflict resolution |
| E. Political factors affecting first- and second-language development | E. Technical concepts | IV. Cultural Diversity in U.S. and CA. |
| | | A. Historical perspectives |
| | | B. Demography |
| | | C. Migration and immigration |
