**School of Education Mission & Vision Statement**  
*(Adopted by SOE Governance Community, January 2013)*

*Vision*

To serve the educational needs of local, regional, and global communities, the School of Education advances innovative practice and leadership by generating, embracing, and promoting equitable and creative solutions.

*Mission*

The mission of the School of Education community is to collaboratively transform education. We:

- Create community through partnerships
  - Promote and foster social justice and educational equity
  - Advance innovative, student-centered practices
  - Inspire reflective teaching and learning
  - Conduct purposeful research
  - Serve the School, College, University, and Community
- 

**Basic Tenets of our Conceptual Framework**

- Student centered education
  - Research and theory specific to the program field inform practice
  - Connections and links between coursework and application
  - Strong engagement between faculty and candidates
  - Co-teaching clinical practice
  - Culturally responsive pedagogy and socially just outcomes

### I. COURSE DESCRIPTION

Intern teaching in a special education setting in selected K-12 schools under the supervision of a credential special education teacher and university supervisor. Includes participation in student teaching seminars. *This course is aligned with California’s SB 2042 Standards. May not be taken for credit by students who have received credit for EDMX 572. Graded Credit/No Credit.*

### II. CLINICAL PRACTICE STUDENT LEARNING OUTCOMES

#### Students will, while employed as an Education Specialist intern:

- assess and instruct students of various ages (Kindergarten to 22 years of age) and cultural/linguistic backgrounds with mild/moderate disabilities including students eligible under the federal disability categories of autism spectrum disorder, specific learning disabilities, mild to moderate mental retardation, serious emotional disturbance, and other health impairments (e.g., attention deficit disorder).
- demonstrate successful performance of the Mild/Moderate Education Specialist Teaching Performance Expectations as assessed using the *Cal State San Marcos Mild/Moderate Teaching Performance Expectations Clinical Practice Assessment* and/or the *Cal State San Marcos Clinical Practice Assessment Moderate/Severe Teaching Performance Expectations Clinical Practice Assessment* observation form.

#### Student learning outcome assessment methods:

Observations by university supervisor of clinical performance objectives and the 2010 California Commission on Teacher Credentialing (CCTC) Education Specialist Program Standards and Education Specialist Teaching Performance Expectations (ES TPEs).

Observations by the school-based cooperating teacher of clinical performance objectives and the CCTC Mild/Moderate ES TPEs.

Completion of an Individualized Transition Development Plan (ITDP) summarizing strengths and needs for continued professional growth regarding the ES TPES. The ITDP is developed with input from the candidate's university supervisor and cooperating teacher and is approved and signed by the candidate, the candidate's university supervisor, and the Education Specialist credential program coordinator or designee.

### **III. REQUIRED TEXTS**

Because this is a supervised clinical experience, the materials for this class include the Cal State San Marcos Teaching Performance Expectations Clinical Practice Assessment observation form.

### **IV. SUPERVISION REQUIREMENTS**

1. Each candidate in this clinical practice meets with a university clinical practice supervisor at least five times (inclusive of exit interview) to discuss clinical experiences in order expand the candidate's knowledge of various assessment and intervention techniques and to practice leading an Individual Educational Program plan meetings.
2. Each candidate engages in a minimum of 50 days (10 weeks) of supervised clinical practicum hours in one or more school setting in which students with mild and moderate disabilities are being educated and engagement in an observation of a community-based leisure time.
3. Each candidate is observed and provides documentation of the clinical experiences described in the TPEs through notations on the Cal State San Marcos Teaching Performance Expectations Clinical Practice Assessment observation form.
4. Each candidate produces a directed clinical practice portfolio that includes samples of assessments, lessons, IEP meeting participation, and other educational experiences supporting students with mild and moderate disabilities.
5. Each candidate is observed by the University Supervisor a) delivering formal lessons (at least 3), b) conducting a formal assessment, and c) conducting an IEP meeting.  
The candidate also designs/analyzes a PBS plan and explains involvement in its delivering. (See these supervisor observation forms on pages 3 – 8 of this syllabus.)
6. Each candidate produces an Individualized Transition Development Plan that summarizes strengths and areas of need for continued professional growth and that is signed by the candidate, the candidate's university supervisor, and the Education Specialist credential program coordinator or designee. This document is delivered to and assessed by the instructor of the EDMX 575 Education Specialist - Transition Development Plan Seminar.

## What Does Co-Teaching Look Like? The Four Approaches

Co-teaching has many faces. Teachers experienced in teaching in diverse classrooms report using four approaches to co-teaching – supportive, parallel, complementary, and team.

### **SUPPORTIVE**

Supportive co-teaching is when one teacher takes the lead instructional role and the other(s) rotates among the students providing support. The co-teacher(s) taking the supportive role watches and listens as students work together, stepping in to provide one-to-one tutorial assistance when necessary while the other co-teacher continues to direct the lesson. Teachers new to co-teaching or who are short of planning time often begin with this approach.

### **PARALLEL**

Parallel co-teaching is when two or more people work with different groups of students in different sections of the classroom. Co-teachers may rotate among the groups; and, sometimes there may be one group of students that works without a co-teacher for at least part of the time. Teachers new to co-teaching often begin with this approach. Key to parallel co-teaching is that each co-teacher eventually works with every student in the class.

### **COMPLEMENTARY**

Complementary co-teaching is when co-teachers do something to enhance the instruction provided by the other co-teacher(s). For example one co-teacher might paraphrase the other co-teacher's statements or model note-taking skills on a transparency. Sometimes, one of the complementary co-teaching partners pre-teaches the small group social skill roles required for successful cooperative group learning and then monitors as students practice the roles during the lesson taught by the other co-teacher. As co-teachers gain in confidence and acquire knowledge and skills from one another, complementary co-teaching becomes a preferred approach.

### **TEAM**

Team co-teaching is when two or more people do what the traditional teacher has always done – plan, teach, assess, and assume responsibility for all of the students in the classroom. Team co-teachers share leadership and responsibility in planning. When instruction, they simultaneously deliver lessons and are comfortable alternately taking the lead and being in the support or complementary role. Team co-teachers share lessons in ways that allow students to experience each teacher's expertise. For example, for a lesson on inventions in science, one co-teacher with interests in history might guide students to examine the impact of inventions on *society* at the time. The other, whose strengths are with the mechanisms involved, might explain and guide students in learning *how* the inventions work.

**REMEMBER:** The test of any successful co-teaching partnership is that the students view each teacher as equally knowledgeable and credible.

## V. PROFESSIONAL AND ADMINISTRATIVE REQUIREMENTS

1. "Person-first" language (e.g., "Student with Down Syndrome" rather than "Down Syndrome student") must be used throughout all written and oral assignments and discussions.
2. Word process all written plans for treatment and assessment. Keep an electronic copy of all of your work. You will want these for your records and for potential future use as professional portfolio entries.
3. Complete and submit all clinical experience documentation on the due dates for full credit. If you have extraordinary circumstances that impact timely submission, inform the university supervisor. Any time that you have questions or concerns, please contact the university supervisor immediately.
4. Profession behavior is expected at all school and community sites with educational and program personnel, students, families, and supervisory personnel.
5. Academic Honesty Policy and Plagiarism. Students are expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of a grade, a failing grade for the assignment or the class as a whole, or dismissal from the program or university.

## VI. GRADING SCALE

### Credit/No Credit

The candidate's university supervisor, in collaboration with the cooperating teacher, prepares a Clinical Practice Summary report and completes the *ES TPE Clinical Practice* assessment based upon observations and clinical practice cooperating teacher feedback. The rubric on pages 10 and 11 of this syllabus provide guidance for assigning a performance score on the clinical practice assessment document. These Clinical Practice Summary report and *ES TPE Clinical Practice* are presented to the teacher candidate at the exit meeting and all participants sign the documents. These documents serve as official verification of successful completion of Clinical Practice and are required for the University to recommend a candidate for a credential at the end of the program.

1. A grade of CREDIT (CR) or NO CREDIT (NC) is assigned for clinical practice experiences by the university supervisor. If a credential candidate has not successfully met the Education Specialist Teacher Performance Expectations at an appropriate level, the candidate may be required to extend or repeat the experience.
2. If a candidate is unsuccessful in a clinical practice experience, a grade of NO CREDIT will be given. Granting of an additional opportunity for clinical practice will be made based on the circumstances under which the original NO CREDIT was given.
3. Should a candidate be in the potential situation of receiving NO CREDIT for clinical practice, the university supervisor and cooperating teacher must complete a Statement of Concern (SOC) as soon as possible and provide copies to the Program Coordinator. The documentation in the SOC, the action plan, and the follow up steps to the plan are key documents that are used to verify inadequate performance in clinical practice, if the action plan is not achieved.
4. Should a second clinical practice experience be recommended, the candidate must re-register for the clinical practice course prior to the new placement being made.

### Conditions for Removal from School Site

A candidate will be removed from the school site and a Statement of Concern documenting the situation will be written immediately if a candidate:

1. endangers students or others;
2. violates recognized codes of conduct, e.g. CSUSM Student Code of Conduct, CSUSM Academic Honesty Policy NEA Code of Ethics, CA Education Code Section 44932; and/or
3. is dismissed from the classroom or school site by the cooperating professional or site or district administrator.

The following rubric describes the timeframe, conditions, and expected evaluated behaviors and artifacts for each of the 4 performance levels on the CSUSM Mild/Moderate ES TPE Clinical Practice Assessment instrument. It clarifies the performance standard or criteria represented by the Does Not Meet (1), Approaching (2), Meets (3), and Exceptional (4) clinical rating for a TPE element on the 4-point rating scale. The University Supervisor and Cooperating Teacher can independently use this rubric and then confer as to the appropriate rating on a TPE element for a candidate they both are mentoring. A candidate must earn at least a Meets (3) score on each TPE element to get credit for the element in clinical practice.

| <p><b>Does Not Meet (1)</b><br/>(the standard)</p> <p>Requires significant more understanding, instruction, and/or experience</p>  | <p><b>Approaching (2)</b><br/>(meeting the standard)</p> <p>Understands but requires additional coaching or clarification</p>  | <p><b>Meets (3)</b><br/>(the standard)</p> <p>Meets the standard as stated in the ES TPE at the level of a novice teacher</p>  | <p><b>Exceptional (4)</b></p> <p>Performs the standard as stated in the ES TPE at an exceptional level, well beyond novice</p>  |

## VII. COURSE FEATURES

### **Authorization to Teach English Learners**

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English learners.

### **Students with Disabilities Requiring Reasonable Accommodations**

Candidates with disabilities who require reasonable accommodations must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 4300, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Candidates authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

### **Academic Writing Requirement**

This course ensures that the university's minimum 2,500-word per course writing requirement is met through the course assignments, reflections, and postings for Education Specialist standard.

### **CSUSM Academic Honesty Policy**

"Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral presentation assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks.

Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole."

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

### **Plagiarism:**

As an educator, it is expected that each candidate will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

### **School of Education Attendance Policy – Clinical Practice**

Due to the dynamic and interactive nature of courses in the School of Education, all candidates are expected to attend all classes and participate actively. At a minimum, candidates must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the candidate have extenuating circumstances, s/he should contact the instructor as soon as possible. (*Adopted by the COE Governance Community, December, 1997*).

This course: All teacher candidates are expected to be present at their assigned school site as scheduled by program requirements and the specific school site calendar and teaching contract. Should the teacher candidate have extenuating circumstances, s/he should contact the University Supervisor and Program Coordinator as soon as possible.

### **Use of Technology**

Candidates are expected to demonstrate competency in the use of various forms of technology (i.e. word processing, electronic mail, Moodle, use of the Internet, and/or multimedia presentations). Specific requirements for course assignments with regard to technology are at the discretion of the instructor. Keep a digital copy of all assignments for use in your teaching portfolio. All assignments will be submitted online, and some will be submitted in hard copy as well. Details will be given in class.

### **Electronic Communication Protocol**

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

### **TaskStream Enrollment and Postings**

The School of Education uses TaskStream to manage candidates' TPE, clinical practice, signature assignment, and disposition assessments. Candidates must be enrolled in TaskStream throughout the Mild/Moderate and Moderate/Severe Education Specialist program(s). Enrollment fees are paid by going to [www.taskstream.com](http://www.taskstream.com) and registering for at least one year. Concurrent candidates and candidates completing both the Mild/Moderate and Moderate/Severe credentials should enroll for at least two years.
