COURSE DESCRIPTION and SCHOOL MISSION

Course Description

Candidates develop an Individualized Transition Development Plan that summarizes strengths and areas for continued professional growth based upon the Education Specialist Teacher Performance Expectations and field experiences. *Graded Credit/No Credit. Co requisite: Enrollment in EDMX 572 or EDMX 672*

School of Education Mission Statement

The mission of the School of Education Community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity, and social justice, exemplified through reflective teaching, life-long learning, innovative research, and ongoing service. Our practices demonstrate a commitment to student-centered education, diversity, collaboration, professionalism, and shared governance.

LEARNING OBJECTIVES AND CREDENTIAL STANDARDS ADDRESSED

CCTC Education Specialist Common Program Standards Addressed

The table below indicates the primary CCTC Education Specialist standards and level of competence (e.g., knowledge, application) addressed by candidates enrolled in EDMX 575.

M/M/S 15	M/M/S 16
A	A

Key:

M/M/S = Common Mild/ Moderate and Moderate/Severe Education Specialist Standard

A = Competence at **Application** level

M/M/S 15: Field Experience in a Broad Range of Service Delivery Options

M/M/S 16: Assessment of Candidate Performance

Student Learning Outcomes

This course takes place in both virtual and face-to-face environments in which attendance is required. Face-to-face sessions guide candidates to learn about their strengths and needs for

developing growth goals related to future continuing professional development through the following experiences and activities.

- 1) Development of an Individualize Transition Development Plan (IDTP) describing a candidate's strengths and professional growth goals, including specific emphasis for future professional development, study, and/or experiences.
- 2) Completion of the Cal State San Marcos Preliminary Education Specialist Teaching Performance Expectations (ES TPEs) Clinical Practice Assessment with descriptions of artifacts of knowledge and skills demonstrated; and
- 3) Completion of the requisite (minimum of five) Special Education Field Experience Logs documenting field experience in a broad range of service delivery options required of the California Commission on Teacher Credentialing (CCTC);

Prior to recommending each candidate for the Preliminary Mild/Moderate Education Specialist Teaching Credential, each candidate must demonstrate satisfactory performance on the Preliminary Education Specialist Teaching Performance Expectations (ES TPEs) and develop a written Individualized Development Plan (IDP) that describes a candidate's strengths and professional growth needs, including specific emphasis for future professional development, study, and/or experience. The School of Education also requires all credential candidates to produce a TPE portfolio with artifacts of knowledge and skills acquired in the program.

Though this course, candidates are informed of the ES TPEs and other expectations for their performance in clinical practice inclusive of the summative assessment of their performance in EDMX 572 (or EDMX 672 for interns) and other special education field experiences document in the Special Education Field Experience Log. Candidates are guided to reflect upon their developing knowledge and skill with regard to Education Specialist program standards and their application of the ES TPEs through the completion with cooperating teacher and University Supervisor of the Cal State San Marcos Preliminary Education Specialist Teaching Performance Expectations (ES TPEs) Clinical Practice Assessment. Using the *Preliminary Mild/Moderate Education Specialist Induction Development Plan* form, each candidate identifies strengths, growth areas, and future options for post-credential professional development experiences and learning opportunities. The plan is signed by the candidate, university supervisor, and clinical practice cooperating teacher and delivered to the program coordinator along with the ES TPE Checklist and the letter of recommendation for the awarding of the credential, also signed by the candidate, university supervisor, and cooperating teacher.

SCHOLASTIC REQUIREMENTS

School of Education Attendance Policy

Due to the dynamic and interactive nature of courses in the School of Education, all candidates are expected to attend all classes and participate actively. At a minimum, candidates must attend at least 80% of class time, or they may not receive a passing grade for the course at the discretion of the instructor. (Individual instructors may adopt more stringent attendance requirements.) Should a candidate have extenuating circumstances, contact the instructor as soon as possible.

Grading Scale

Credit/No Credit

To receive credit for the course, candidates must attend face-to-face sessions and complete the following requirements:

- Engagement in reflective discussions linking content mastery experiences with classroom teaching experiences;
- Completion of the Cal State San Marcos Preliminary Education Specialist Teaching Performance Expectations (ES TPEs) Clinical Practice Assessment with artifacts of knowledge and skills demonstrated;
- Completion of the Special Education Field Experience Log documenting field experience in a broad range of service delivery options; and
- Development of the Individualize Transition Development Plan (ITDP) describes a candidate's strengths and professional growth needs, including specific emphasis for future professional development, study, and/or experiences.

REQUIRED READING AND MATERIALS

Full text of the Education Specialist Teacher Performance Expectations posted on the School of Education website in the Education Specialist Special Education Handbook.

PROFESSIONAL AND ADMINISTRATIVE REQUIREMENTS

1. Attend all class sessions and base team meetings. Be on time. Please call the instructor when you are unable to attend class or when you will be late. It is the policy of the CSUSM School of Education that any student who misses 20% or more of class time, class sessions, or base team meetings may not receive a passing grade for a course. Because this course meets face to face only 5 times, attendance at all sessions is crucial.
2. "Person-first" language (e.g., "Student with ADHD" rather than "ADHD student;" "Johnny who happens to have Down syndrome" rather than "My Down syndrome student") must be used throughout all written and oral assignments and discussions.
3. Word process all written documents. Keep a copy of all of your work. You will need these copies for your records and for potential future use as professional portfolio entries.
4. Complete and submit all assignments on or before the due dates for full credit. If you have extraordinary circumstances that impact completion of your assignments, please let the instructor(s) know. Any time that you have questions or concerns, please contact the instructor(s) immediately.
5. Participate in class discussions and group activities and demonstrate positive interpersonal skills with classmates and guests.
6. Select a class "buddy" or two to ensure that you receive handouts, class lecture notes, and other information if you must miss a class.
Buddy: Telephone: e-mail: Fax:
7. Academic Honesty Policy and Plagiarism
Students are expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy on the CSUSM website. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material must give credit to the source and be punctuated accordingly. The instructor reserves the right to

discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. All incidents of Academic Dishonesty are reported to the Dean of Students. Disciplinary action may include the lowering of a grade, a failing grade for the assignment or the class as a whole, or dismissal from the program or university.

8. Electronic Communication Protocol

Electronic correspondence is a part of all professional interactions. When you need to contact the instructor, e-mail is the easiest and most effective way to do so. Your instructor will respond to all received e-mails in a timely manner. Please be cognizant that e-mail and online discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or use of slang often communicates more than the sender originally intended. With that said, please be mindful of all e-mail and online discussion messages sent to colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages must be crafted with professionalism and care. Please visit this website:

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

COURSE FEATURES

Authorization to Teach English Learners

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English learners.

Students with Disabilities Requiring Reasonable Accommodations

Students must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 4300, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Email inquiries can be sent to dss@csusm.edu. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

All-University Academic Writing Requirement

This course ensures that the university's minimum 2,500-word per course writing requirement is met by participants by completing:

- 1) the Preliminary Education Specialist Teaching Performance Expectations Portfolio,
- 2) the Special Education Field Experience Log documenting field experience, and
- 3) the Individualized Transition Development Plan.

SPECIAL EDUCATION SERVICE FIELD EXPERIENCE LOGS

TO EVIDENCE COMPLETION OF PRELIMINARY EDUCATION SPECIALIST

PROGRAM STANDARD 15: FIELD EXPERIENCE IN A BROAD RANGE OF SERVICE DELIVERY OPTIONS

Purpose of Field Experience Logs for Credentialing

The logs document candidate participation in experiences and/or interactions across the full range of the service delivery system, the providers of such services, and parents and families, including experiences in general education. The logs further document individual candidate participation in experiences and/or interactions across the full diversity of grades/ages, federal disability categories, and the continuum of special education services outlined in the Education Specialist authorization. In addition to general education, experiences include activities with parents and families, and exposure and participation in a broad range of service delivery options leading to a culminating placement (i.e., EDMX 572 or EDMX 671/672) in which candidates work toward assuming full responsibility for the provisions of special education services in a school, agency, or program as defined in Education Code Sections 56031, 56360, and 5636, and fully complete the demonstration of the Mild/Moderate Education Specialist Teacher Performance Expectations.

Special Education Service Field Experiences:

Five Field Experience Logs

Each candidate must complete one reflective log for each field experience. It is advised the log reflection write-up be completed as immediately following a field experience, as information “grows cold” very quickly and can lose its impact. A professional reflection of this nature takes far less effort if compiled and completed in a timely manner.

During the course of the Education Specialist Program (and the semester of the EDMX 570 clinical practice for candidates enrolled in the Concurrent Multiple Subject and Mild/Moderate Education Specialist option), each candidate is expected to spend at least 30 hours (e.g., six hours per day on five different days) in diverse special education field experiences and settings. With each experience, the candidate is expected to register in the front office of the school and to wear a visitor's badge, if required. A **Special Education Service Field Experience Time Sheet or the equivalent** (e.g., H.S. IDEIA Observation) **must be signed for each experience by the teacher(s)/directors/family members** of the setting visited. The primary host for the experiences also must complete and return to the candidate a signed **Special Education Service Experience Teacher Evaluation Form**. For each field experience, both the time sheet and the evaluation form must be attached to the log in order for a candidate to receive credit for the experience.

School of Education
Special Education Service Field Experience Teacher Evaluation Form

A component of the Education Specialist Teaching Credential clinical practice experience includes the requirement that each candidate observes and participates in a broad range of special education service delivery field experiences. We thank you for allowing this candidate to spend time with you and the students you serve. As a host teacher, please take a minute to complete and sign this assessment of the candidate's observation and participation in your classroom and return to the candidate. Again, thank you very much for your professional support of this teacher candidate.

EXPLANATION AND DIRECTIONS:

Prior to the completion of a Preliminary Education Specialist program, each Education Specialist candidate must complete an Individualized Transition Development Plan (ITDP) that summarizes the candidate’s strengths, areas of need for continued professional growth, and possible future professional development activities, inclusive of up to 12 semester units of university coursework.

The plan is based upon the candidate’s reflections on personal performance in coursework as well as assessed performance through the Education Specialist Teacher Performance Expectations in clinical practice. The ITDP is developed with contributions from the candidate’s university supervisor and cooperating teacher and must be approved and signed by the candidate, the candidate’s university supervisor, as well as the Education Specialist credential program coordinator or designee.

The ITDP is used by the candidate to assist in the development of an Individualized Induction Plan (IIP) that will guide advanced preparation and application of knowledge and skills in the candidate’s Clear Credential preparation program.
