School of Education Mission & Vision Statement

(Adopted by SOE Governance Community, January 2013)

Vision

To serve the educational needs of local, regional, and global communities, the School of Education advances innovative practice and leadership by generating, embracing, and promoting equitable and creative solutions.

Mission

The mission of the School of Education community is to collaboratively transform education. We:

- Create community through partnerships
- Promote and foster social justice and educational equity
- Advance innovative, student-centered practices
- Inspire reflective teaching and learning
- Conduct purposeful research
- Serve the School, College, University, and Community

Basic Tenets of our Conceptual Framework

- Student centered education
 - Research and theory specific to the program field inform practice
 - Connections and links between coursework and application
 - Strong engagement between faculty and candidates
 - Co-teaching clinical practice
 - Culturally responsive pedagogy and socially just outcomes

TaskStream Enrollment and Postings

The School of Education uses TaskStream to manage candidates' TPE, clinical practice, signature assignment, and disposition assessments. Candidates must be enrolled in TaskStream throughout the Mild/Moderate and Moderate/Severe Education Specialist program(s). Enrollment fees are paid by going to www.taskstream.com and registering for at least one year. Concurrent candidates and candidates completing both the Mild/Moderate and Moderate/Severe credentials should enroll for at least two years. After enrolling, access the Education Specialist program - *Prelim Mild/Mod & Mod/Sev Ed Spec Credential 2013* - by going to your home page, finding the Self-Enrollment area and clicking the *Enter Code* button. Then enter *edspecialist* as the program code. If this is the correct program, click the *Enroll* button. The Education Specialist program now will show up on your TaskStream home page when you log in. Be sure to remember your own exact enrollment name and password.

Authorization to Teach English Learners

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Candidates successfully completing this program receive a credential with authorization to teach English learners. *(Approved by CCTC in SB 2042 Program Standards, August 02)*

STUDENT LEARNING OUTCOMES

Candidates demonstrate:

- Goal 1. knowledge of relevant and current federal and state laws, regulations, practices and due process procedural safeguards that pertain to California public education, students with disabilities, and their parents and care providers.
- Goal 2. knowledge of professional ethical standards of practice (i.e., 2010 Council for Exceptional Children Special Education Professional Ethical Principles @ www.cec.sped.org and posted on Moodle) and California Mild/Moderate and Moderate/Severe Education Specialist competencies.
- Goal 3. knowledge of the five critical elements of an effective collaborative planning team (i.e., PIGS Face) and awareness of their effective use of these elements in "base team" and other meetings.
- Goal 4. knowledge of and skill in using strategies to effectively collaborate with family members and others (e.g., educators, administrators, paraeducators, community agency and related service personnel) to design, implement, and evaluate IEPs for individual learners.
- Goal 5. knowledge of co-teaching approaches to facilitate student inclusion in general education and learning of the core curriculum from highly qualified teachers.
- Goal 6. knowledge of the roles, rights, and responsibilities of special educators, related services personnel, classroom teachers, administrators, parents and students with disabilities in implementing the Individuals with Disabilities Education Improvement Act (IDEIA), the Americans with Disabilities Act (ADA), and the Vocational Rehabilitation Act of 1973 (Section 504) and related California special education laws and regulations.
- Goal 7. knowledge of and competence in a) the IFSP/IEP/ITP development and implementation process (i.e., screening; nonbiased and family-centered assessment; eligibility determination, given California eligibility criteria); b) IEP development to ensure student access to the core general education curriculum; c) development and monitoring of meaningful, measurable, standards-based goals and objectives/benchmarks; d) identification of necessary modifications and accommodations to curriculum, instruction, and assessment; e) identification of needed supports and services; f) placement decision making; and g) determination of accommodations for participation in school-wide, district-wide, and state assessments.
- Goal 8. knowledge of the Response to Intervention (RTI) framework for proactive interventions to reduce special education referral and as an alternative method for identification of learning disabilities.

Preliminary Education Specialist Standards

The course objectives, assignments, and assessments are aligned with the CCTC standards for the Preliminary Mild/Moderate Education Specialist Teaching credential and the Education Specialist Teaching Performance Expectations. This course is especially focused upon candidates' ability to demonstrate TPE 12 Professional, Legal, and Ethical Obligations.

California Teacher Performance Assessment (CalTPA)

Beginning July 1, 2008 all California credential candidates must successfully complete a state-approved system of teacher performance assessment (TPA), to be embedded in the credential program of preparation. At CSUSM this assessment system is called the CalTPA or the TPA for short.

To assist your successful completion of the TPA, a series of informational seminars are offered over the course of the program. TPA related questions and logistical concerns are to be addressed during the seminars. Your attendance to TPA seminars will greatly contribute to your success on the assessment.

Additionally, SoE classes use common pedagogical language, lesson plans (lesson designs), and unit plans (unit designs) in order to support and ensure your success on the TPA and more importantly in your credential program.

The CalTPA Candidate Handbook, TPA seminar schedule, and other TPA support materials can be found on the SoE website: <http://www.csusm.edu/education/CalTPA/ProgramMaterialsTPA.html>

Assessment of Professional Dispositions

Assessing a candidate's dispositions within a professional preparation program recognizes that teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but also positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions – social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning - and developed an assessment rubric. For each disposition, there are four levels of performance - *unacceptable*, *approaches target*, *meets target*, and *meets advanced target*. The rubric for the levels of performance offers measurable behaviors and examples for each disposition. The assessment of dispositions includes a self-assessment by the candidate and is designed to provide candidates with ongoing feedback for their growth in professional disposition. Candidates are expected to meet the level of *meets target* during the program. Please find the Education Specialist Profession Dispositions at <http://www.csusm.edu/education/ClinicalPractice/HandbookSPED.html>

School of Education Attendance Policy

Due to the dynamic and interactive nature of courses in the School of Education, all candidates are expected to attend all classes and participate actively. At a minimum, candidates must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the candidate have extenuating circumstances, s/he should contact the instructor as soon as possible. (*Adopted by the COE Governance Community, December, 1997.*)

Students with Disabilities Requiring Reasonable Accommodations

Candidates with disabilities who require reasonable accommodations must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 4300, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Candidates authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

All University Writing Requirement

This course ensures that the university's minimum 2,500-word per course writing requirement is met through the course assignments, reflections, and postings for Education Specialist standards assigned to this course.

Graduate Writing Requirements

The California State University maintains a Graduation Writing Assessment Requirement (GWAR) for master's candidates. This requirement must be achieved prior to Advancement to Candidacy. A master's candidate will satisfy the graduate writing requirement by receiving a passing score on a written product as assessed with the GWAR rubric. Toward the goal of providing opportunity for graduate students in the School of Education to satisfy the writing requirement, papers in graduate classes are expected to adhere to writing and format style guidelines described in the sixth edition of the *Publication Manual of the American Psychological Association* (aka, *APA Manual*). This manual is a required across all graduate-level (600-level) courses.

CSUSM Academic Honesty Policy

“Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral presentation assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks.

Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor’s attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.”

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Plagiarism:

As an educator, it is expected that each candidate will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Use of Technology:

Candidates are expected to demonstrate competency in the use of various forms of technology (i.e. word processing, electronic mail, Moodle, use of the Internet, and/or multimedia presentations). Specific requirements for course assignments with regard to technology are at the discretion of the instructor. Keep a digital copy of all assignments for use in your teaching portfolio. All assignments will be submitted online, and some will be submitted in hard copy as well. Details will be given in class.

Electronic Communication Protocol:

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

Course Features and Professional Requirements:

Person-First Language. “Person-first” language (e.g., “Student with Down syndrome” rather than “Down syndrome student”) must be used throughout all written and oral assignments and discussions.

Moodle Use and Class Preparation. Examine the course Moodle website at least twice weekly for messages and newly posted materials and resources. Download materials needed for each class *prior* to class and bring to class all required resources.

Written Work. Word-process and keep and electronic copy of all written work. You will want these for your records and use as professional portfolio entries.

Timeliness. Complete and submit all assignments on the due dates for full credit. If you have extraordinary circumstances that impact completion of your assignments or have questions or concerns, please contact the instructor(s) immediately.

Participation. Participate actively in class discussions and group activities and demonstrate positive interpersonal skills with classmates, the instructors, and guests.

Peer Buddy. Select at least two class “buddies” ensure you receive handouts and information if you miss class.

ASSIGNMENTS

Weekly Class Attendance and Participation	(36 points)
Base Team Meetings	(24 points)
SERR PLUS Legal Brief	(40 points)
Total Maximum Points:	100 points

Class Attendance and Participation (12 classes at 3 maximum points/class = 36 points)

Regular and punctual attendance is required. This class is interactive in nature, and the in-class experiences and discussions are difficult if not impossible to recreate. Additionally, each class member is expected to practice exemplary collaborative teaming and participatory behavior. To reinforce the program’s commitment to the development of professional interpersonal skills, students earn points each class for: a) arriving on time; b) returning from breaks on time; c) staying for all of the class; d) fully participating and cooperating with classmates, instructors, and guests in accordance with agreed-upon “base team” and class norms; and e) completing and sharing weekly reflections. Participants who arrive late, depart early, engage in “non-collaborative” behavior, or fail to have assignments/reflections prepared on time can expect to receive less than the maximum points for a class or an assignment.

Base Team Meetings (4 “out of class” meetings at 6 points = 24 maximum points)

Base Teams, formulated at the beginning of the course, meet regularly and use the “Team Meeting Worksheet” format to practice collaborative teaming skills, complete assignments, and generally support one another. Each team is required to create a team notebook (e.g., 3-ring binder with dividers) that compiles Team Meeting worksheets, team products, and group processing outcomes.

Participation in base team meetings is mandatory; no team can meet without all members present. Documented attendance and participation in the prescribed agenda (via team meeting minutes and products) is worth **6 points per meeting** for each of the four out-of-class meetings. See each base team agenda to determine the products to be generated and the group processing to be conducted. Base Team Meeting #5 is an in-class review of key IDEA ideas and a celebration! Base Team agendas and needed materials are posted on Moodle.

Special Education Rights & Responsibilities “Legal Brief” (10 entries for 40 maximum points)

Each class participant creates a 10-component special education rights and responsibilities “Legal Brief” by reading the text and examining websites, laws and regulations, chapters and books posted on Moodle, and selected chapters of the September 2011 updated version of the parent-friendly *Special Education Rights and Responsibilities* (SERR) manual. To access the SERR document, go to the Disability Rights California (DRC) website (www.disabilityrightsca.org) homepage and select the *Resources & Publications* button. From here select the *3. Education - Special Education* button to find the *Special Education Rights and Responsibilities* (SERR) manual. For laws, regulations, or statements that you feel you must quote directly, cite sources fully, with quotations for direct quotes. In all cases, follow APA guidelines the CSUSM **Academic Honesty and Plagiarism Policy** (presented in this syllabus) for crediting sources.

Legal Brief Component #1: Web Search of Important Sites and Class #2 Preview on Ethics (5 points)

Part A: Web Search (4 points)

For Part 1 of this first Legal Brief Component, you will conduct a web search and produce a site review of the following four websites:

- 1) www.disabilityrightsca.org - Disability Rights California. Search the SERR manual accessed as described above as well as each of the 9 “buttons” on the left of the site, inclusive of the 2011 annual report at the “About Us & Contact Us” button.
- 2) <http://wrightslaw.com> – the Wrights Law resource site. This is a HUGE and busy website, so search it as if you are a parent whose child has just been identified as eligible for special education and who is hungry for resources. Be sure to look at the Special Education and Advocacy links and search A-Z on topics of interest to you, including RTI. Also see the Yellow Pages (for Southern CA) website that is linked to the Wrights Law website.
- 3) www.cec.sped.org - Council for Exceptional Children. Learn more about your profession at this website. Be sure to download and review the Special Education Professional Ethical Principles, Practice Standards, and the Red Book at the “Professional Standards” link. We will be looking more deeply at Ethical Principles for Legal Brief Component #8.
- 4) a website of your choosing from the syllabus.

For EACH website, compose a 1-page double-spaced review of the website that includes:

- a) the website name, url, and originator/author;
- b) a description of the information about ethics, law, and procedures in special education and your responsibilities as a special educator that is included at the site;
- c) a description of the resources that are useful to students and parents on advocacy and rights accessible at or from the site; and
- d) any additional resources and/or web links that would benefit special educators, general educators, parents, students, administrators, or the general public. (Who would benefit? How?)

Part B: Class #2 Preview on Ethics (1 point)

Websites are great. Real stories are even better! Please read “Tim’s Story of Intentional Teaming” on pages 82 through 93 of your *Intentional Teaming* text. What thoughts, feelings, and/or opinions about your ethical role as a special educator come to mind as you read Tim’s story? As you work to advocate for educational opportunity for your students with IEPs, what will be the 3 or 4 ethical principles that will guide your work? Given this story, what do you think “Intentional Teaming” means? What might Intentional Teaming look like and sound like in an IEP meeting for a student you serve? (Please compose the equivalent of a 1-paragraph, double-spaced reflection for this part of Legal Brief Component #1)

Note: To learn more about the Essential Lifestyle Planning and PATH person-centered planning processes that Tim’s team used, read about, watch videos, and see examples at <http://www.helensandersonassociates.co.uk/reading-room/how/person-centred-planning.aspx>.

Bring your four site reviews and your responses to Tim’s Story to class to share with classmates.

Also bring your *Intentional Teaming* book to class. Please also post your Part A and B responses in the Component #1 drop box.

Component #2: Assessment and Eligibility (4 points)

Please read SERR Ch. 2 (Evaluation & Assessment) and SERR Ch. 3 (Eligibility Criteria); SPPD Ch. 4, pages 102 – 106 and 125 – 129; and familiarize yourself with the 13 + 1 CA disability categories/eligibility criteria from Los Angeles 2007 (pp. 169-180), Vista & San Diego Procedures Manuals. Also, find timelines by going to The Composite of Laws: California Special Education and Related Law (PDF in Legal Brief #2 File Folder on Moodle). Find the sections of the special education code that relate to assessment and eligibility:

- 30EC 56302.1 (a) p. 139
- 30EC 56321 (a) p.142
- 30EC 56325 (a) (1) p. 144
- 30EC 56343 p. 156
- EC 56343.5 p. 156
- EC 56504 p. 224

Given this input, compose your “advice” for the following scenario. A good friend approaches you for information about assessment and eligibility in special education. Recently, the head of special education services at her son’s school notified her that her son is being referred for special education and they would like to begin assessments. She wants to know what to expect in the referral, assessment, and eligibility determination process – steps, timelines, and so forth. In addition, she wants to know more about the eligibility criteria for Other Health Impaired, Autism, Emotional Disturbance, and Speech and Language Impairment. She lives in the Los Angeles Unified School District. Based upon your readings, summarize your advice to your friend (i.e., answer her questions) in approximately 3 or more double spaced pages as a letter to the family. Be sure to include a summary of the assessment process highlighting parent rights, and a description of the eligibility criteria for each of the suspect eligibility categories from the Los Angeles Unified School District. Be sure to communicate this information in a “parent-friendly” fashion. Namely, avoid using jargon, unless you have already defined the jargon term previously; and summarize information so a naïve reader can easily understand the information.

Please post your advice in the Component #2 drop box. Also bring a hard copy of your advice to class or have it accessible on your computer/notepad in order to share with classmates.

Component #3: Basic Rights and the IEP Process (4 points)

Chapter 1 - Basic Rights and Chapter 4 - IEP Process of the *SERR* manual and Chapter 4, pages 105 – 117 of Smith, Polloway, Patton, & Dowdy (SPPD) posted in the “Readings for Legal Brief Components and Class” Moodle file folder examine basic rights and components of the Individual Education Plan (IEP) and the IEP development process. For this reflection, create a Double Baker’s Dozen (that would be 26) “list” of new or deeper learnings and understandings about the IEP process and student and family rights that you want to remember and have at your fingertips. Be sure to include enough information in each item in the list, so you know what it is you are trying to “recall.” Please summarize your learnings in your own words. For law, regulations, or statements that you feel you must quote directly, please cite your source. Please post your Double Baker’s Dozen in the Component #3 drop box.

Component #4: Baker’s Dozen of Procedural Safeguards (4 points)

As you skim Chapter 6 - Due Process/Compliance Procedures of the *SERR* manual, likely you will feel overwhelmed by it’s length, complexity, and detail. That is O.K. It is all good information on parental and student safeguards, AND it actually is translated into a more compact document - the Notice of Procedural Safeguards - which all parents, legal guardians, surrogate parents and students who are not conserved and who reach the age of majority (18) must be given at strategic points during the assessment and IEP process. To help you “digest” IDEA’s procedural safeguards, often also referred to as “parental rights,” this Legal Brief Component #4 has three parts or steps:

Step 1. Read carefully the local NCCSE *Notice of Procedural Safeguards*. As you read, please highlight (literally) all of the information that you consider important to remember and to highlight (verbally) in an IEP meeting for students and their families.

Step 2. Realizing that you cannot go over all of the content of the safeguards with a parent/guardian or student in a meeting, select 20 of your highlighted items that you believe are important to explain using lay (versus jargon) language to a student or to family members. *Create a hard copy of your explanations of these 20 safeguards.*

Step 3. From this list of 20, select the top 13 (yes, another Baker’s Dozen) to include on a small “5 X 7 card” type of document that you can use as your procedural safeguards “pocket cheat sheet” as you explain these key safeguards to students and parents/guardians. Note: Please word process this content; just cut it down to size, as if it were a 5 X 7 card.

Please bring to class all 3 documents – the highlighted safeguards, your list of 20 safeguard points explained in lay language, and your shrunken “pocket cheat sheet” of 13 of these 20 items. We will exchange cards in class and practice delivering safeguards to parents and students.

Component #5: Related Services and Health Management (4 points)

As special educators, we collaborate with a variety of related service professionals including health professionals. This Legal Brief component examines related services and health issues (e.g., universal precautions). Read Chapter 5 - Related Services in the SERR manual. Also read in Snell and Brown, pages 22 through 26 and pages 308 through 314 up to the “Routine Prevention Procedures” heading. Finally, skim pages 7 through 21 of the Health Framework for California Public Schools. Given this input, please respond to the following prompts in 2-3 double-spaced pages.

- a) What are related services? Why would a child receive related services? What are related services of which you were unfamiliar prior to reading this material?
- b) On pages 22 and 24, Giangreco examines three concepts or values for guiding team decisions regarding related services – a) more is not necessarily better, b) the fallacy of return on investment, and c) only as specialized as necessary. Describe in as much detail as you can, how you would explain these values and establish them as decision-making guidelines within your IEP team?
- c) Differentiate in your own words the two concepts – *educationally relevant* and *educational necessity* - as it relates to related services. Provide your own example (not from the Snell and Brown text) of something that might be proposed and considered *educationally relevant* as a related service, but likely would NOT be judged as *educationally necessary* for a student. Which of the SIX Giangreco questions on page 25 of Snell and Brown did you answer as “yes”? Why?
- d) What do you now know about the health and safety procedures for which you are responsible, the role of the school nurse, or the school’s role in promoting student health that you did not know before OR that you were reminded was essential for you (an all school staff) to know and remember. Identify at least three new learnings and/or reminders and why they are important.
- e) Pages 311 – 314 of Snell and Brown examine emergency care and emergency preparedness. As the school nurse, you have been charged with creating an emergency preparedness checklist for your school’s staff. In a page, create a checklist that ensures that “all bases are covered” for an individual child and the school in general.

Please post your responses in the Component #5 drop box.

Component #6: My Personal Ethical Principles and Dispositions Alignment (4 points)

The School of Education requires that candidates self examine and “rate” themselves on the six SOE Professional Dispositions. Please find the Professional Disposition statements and rubric at the *Professional Dispositions Rubric* link at the Education Specialist clinical practice site: <http://www.csusm.edu/education/ClinicalPractice/HandbookSPED.html>.

Given a reading of the Professional Dispositions statements and rubric, go to the Legal Brief Component #6 file folder on Moodle. Here you will find a matrix of the 12 CEC Ethical Principles that will guide your practice as an Education Specialist. For your convenience, the SOE Professional Dispositions Rubric is also reproduced following the matrix.

Your task for this Legal Brief Component is to align the CEC Ethical Principles with the SOE Professional Dispositions. To accomplish this, for each of the CEC principles, first identify which of the SOE dispositions are addressed by the principle. There may be more than one disposition per ethical practice. Next, give yourself a rating for that CEC principle using the same 4-point scale as for the disposition rubric, with the scores of 3 and 4 being the target scores. Finally, provide two observable and measurable examples of behaviors you exhibit or actions you have taken that illustrate how you demonstrate the principle in your work as an educator. Please make each example as specific and detailed as you possibly can. Note that if you choose to give yourself a rating of 4 on a CEC Ethical Principle, at least one of the two examples should describe an advanced leadership behavior similar to the leadership behaviors described in italics for the *Meets Advanced Target* description. Please post the completed matrix in the Moodle drop box for Component #6 and also bring the completed matrix to class or have it accessible to share with classmates.

Component #7: IFSPs, Part C, and Preschool Services (4 points)

Please read SERR Chapters 12 and 13 (Part C & Preschool services); ROO, pages 295-306; and TTW, pages 9-10. ROO and TTW are posted in the “Readings for Legal Brief Components and Class” file folder on Moodle. Then examine the HOPE IFSP and the explanation of the parts of the IFSP. In the equivalent of 2 double-spaced pages, respond to the following 2-part prompts.

Part 1. Based upon an examination of these materials, compare and contrast the *purpose of* and the *elements required* in an Individual Family Service Plan versus an Individual Education Program plan. Feel free to construct a compare/contrast table or graphic if this helps you described the similarities and differences.

Part 2. What are the goals and activities that should be addressed in transition planning when a child's IFSP transitions to an IEP?

Please post your Part 1 and Part 2 products in the Component #6 drop box.

Component #8: Transition - Student Interview Jigsaw (3 points)

In preparation for this assignment, read SERR Chapter 10 Transition Services, Including Vocational Education at least through Question #15. Also, starting at "Indicator 13 Requirements" heading on page 576 of the Snell and Brown text, read through page 580 to learn about the legally required elements of an ITP, good versus bad ITP goals, and characteristics of good transition assessments. Finally, familiarize yourself with the California Department of Education *Transition to Adult Living: An Information and Resource Guide* (TAL), which is found on Moodle in the Transition Resources file folder and at the following url: www.calstat.org/publications/pdfs/transition_guide_07.pdf. Skim through all of the Sections and Appendices. Then carefully read pages 24 through 46 of Section 2 to learn of the steps of the transition planning process. The text is a little "busy," but the roles of the student, family, and teacher are nicely spelled out. Pay special attention to Step 3: Develop Measurable Postsecondary Goals on pages 33 – 39 as well as Appendix F to see the kind of goals and *measurable activities* (referred to as *measures* in the text) a student might have in his or her ITP.

In class, you will interview and collect data from a high school student with an IEP, so that you can develop the most relevant and meaningful ITP transition goals and activities for that student. To be prepared for this experience, **for this Legal Brief Component, you will redesign a transition survey and transform it into a student-friendly student interview.** You will be assigned one section of a survey to redesign into a student interview. Avoid "yes/no" questions; and use direct and jargon free language.

Please post your student interview at the Component #7 drop box. Also, please **bring to class 7 hard copies** of your student interview questions for your assigned section. Place one in your class file folder for your instructors to use during your interview. The other copies will be used by you and your teammates to take notes during the interview. The student may want the questions as well. You will use your interview questions to interview a student in class and be observed by classmates and your instructor(s) as you interview a student. Based upon the student's answers to your questions and the questions of other interviewers, you will then (in Base Team Meeting #4) develop ITP goals and measurable activities to advance the student's transition to future education, vocational, recreation and leisure, and other adult life opportunities.

Component #9: My Role in Supporting a Paraeducator in Quality Service Delivery (4 points)

As an Education Specialist, one of your most important jobs and legal obligations in serving students eligible for special education is to ensure that those who work with students, particularly paraeducators, know what they are to do and do it with quality. For this Legal Brief Component #9, please read (1) Snell and Brown (S&B), Chapter 4, page 131 (starting with Collaborative Teaming) through 133 (ending at Schedule for Instruction); and (2) **Chapters 2 and 6** of the Nevin, Villa & Thousand (NVT) *Co-teaching with paraeducators* FREE text posted on Moodle.

Given input from *both* the S&B and NVT readings, in the equivalent of at least two to three double-spaced pages using any medium you wish (e.g., checklist, brochure, action plan, job description for yourself, PowerPoint, Prezi), create a document that will remind you of your responsibilities in clarifying the roles of and providing training and supervision to your paraeducators. Your document must include at least the following:

- 1) a 10 to 12-item "best practices checklist" of how a paraeducator best provides support to students with disabilities (Note: S&B identify several best practices. The examples in Chapters 2 and 6 of NVT directly and indirectly suggest others);

- 2) your own job responsibilities and/or action plan for *training* paraeducator (inclusive of what would be among the training topics and methods for imparting this information); and
- 3) your own job responsibilities and/or action plan for *supervising* paraeducators (inclusive of how you might arrange for observation, feedback and coaching from you and others who co-teach with a paraeducator).

Note that this document is not only for you but also for your *paraeducators* as well as *other educators*, such as general educators, with whom your paraeducator likely will co-teach. So, keep this in mind as you think about the best format for presenting the above information in a clear and useful way.

Please post your product in the Moodle drop box for Component #9 and bring your product to class or have it accessible on your computer/notebook in order to share it with classmates.

Component #10: IDEA Six Principles (4 points)

The Scenario:

Assume that you, a new Education Specialist at a new school site, have been assigned to prepare and deliver a brief 8-minute informational inservice at the beginning-of-the-year school site orientation. Your task is to familiarize teachers with ONE (or 2) of the “Six Principles” that are the ethical and legal underpinnings of IDEA (i.e., FAPE, LRE, nondiscriminatory evaluation, procedural due process, parent and student participation, zero reject). NOTE: YOU WILL BE ASSIGNED YOUR PRINCIPLE(S) EARLY ON IN THE COURSE, SO THAT YOU WILL HAVE PLENTY OF TIME TO PREPARE.

You want to impress your new colleagues not only with your knowledge, but your engaging way of communicating and actively involving them in learning what otherwise might be considered “dry” legal information. The orientation is being held at 8 a.m. in the new library/media center, which WILL have state of the art technology, but now is equipped similarly to CSUSM’s University Hall 373. So, any media or Internet access needed to deliver the inservice should be accessible on your personal iPad, laptop, or other technological device you may use.

The Readings and Other Possible Input:

To prepare, first read about the Campbell and Gonzales families on pages 31 – 33 of Chapter 2 of the Snell and Brown text and study Figure 2-1 on page 34 of the same text. Then read about and take notes on YOUR assigned principle(s) included within a) pages 33 – 43 of Chapter 2 of the Snell and Brown text and b) pages 11 – 19 of Chapter 1 of the Turnbull, Turnbull, and Wehmeyer text (Posted on Moodle). Additionally, consider reviewing class notes and PowerPoints, exploring Chapters 1 through 8 of the SERR manual relevant to your principle(s) as well as other websites. And recall what you already know about your principle from previous Legal Brief entries and your own professional experiences.

The Product and Delivery:

Given your readings and research on the assigned principle(s), create a “teaching tool” for the inservice. Since it is impossible to teach everything about a principle, as you prepare, keep the following two success criteria in mind:

Criterion #1: Given your instruction and materials, a naïve teacher will have a basic understanding of the principle. Namely, be sure your instruction answers the following questions:

What is the principle? What does it mean?

What important assurances does the principle provide a child and family of a child eligible for special education?

How does the principle impact the work of general educators and others who teach and work with students eligible for special education and their families?

Criterion #2: Your materials and instruction are engaging, meaningful, and memorable for a teacher at an 8 a.m. meeting. So consider including manipulatives, a pre-test/post-test quiz, a PowerPoint presentation, an engaging handbook such as an “IDEA Principle Quick Reference Guide,” a web quest, a case study or story, a YouTube video, and so forth.

You will have eight (8) minutes to teach your principle to other base team members (as rehearsal for teaching it to your “general education” audience), so bring to class and/or have available for each teammate as well as your instructors the materials you have prepared. Please also post your product in the Component #10 drop box. Note that there is a Legal Brief Component #10 file folder posted on Moodle that includes the rubric for this component and a presentation rubric for teammates to use to provide feedback to one another in class.

AGENDA

SUGGESTED ITEMS	SUGGESTED TIME LIMIT
1. Round robin quickly share a positive per person about your professional development becoming a credentialed special educator. Review agenda and assign roles for this and next meeting.	5 min
2. Set Norms for Base Team Meetings: Review the 5 norms you consider most critical identified on the Study Guide for Ch. 10, <i>Collaborative Teams: A Powerful Tool in School Restructuring</i> "Round robin" share norms of all members (Recorder records publically so all can see.) Agree upon at least 5 team norms. Be sure to define each norm, so it is observable and measurable (Recorder records)	2 min 7 min 10 min
3. Individually, complete the "Individual Assessment of Functions of Effective Team Members"	3 min
4. As a team, complete one composite "Team Summary Chart." The reader reads each function and team members raise hands for functions that are strengths. When complete, identify one functioning goal for your team based upon an analysis of the Team Summary Chart. Add this "functioning goal" to the bottom of your list of team norms.	15 min
5. As a team, COMPLETE QUESTIONS 3-8 OF THE STUDY GUIDE	25 min

6. Give your team a name based upon what you have learned about each other in this first team meeting. Go crazy and come up with something fun that represents your team personality! 5 min

7. Group Processing: 8 min
 With the activity or meeting just completed in mind, rate **your team** as a whole, on the **Forming Skills** of the *Individual and Group Assessment of Collaborative Skills*. Share and discuss your ratings with team members.

Select one processing method from Table 1 of the Ch. 10 *Collaborative Teaming* chapter that is least familiar to the group and use it to process the meeting.

Collaborative Teams: A Powerful Tool in School Restructuring

Directions:

Please read *Collaborative Teams: A Powerful Tool in School Restructuring* prior to class #2 and your first base team meeting. Based upon your reading of this chapter, answer the following questions. All questions must be completed in writing **INDIVIDUALLY BEFORE YOUR FIRST BASE TEAM MEETING**. Please bring the collaborative teaming chapter and this study guide to your first Base Team meeting.

Base team members will collaborate in the first Base Team meeting to agree upon questions #1 and #2 and generate team answers to questions #3 through #8. ONE group study guide will be created by **each Base Team** and archived in the team's binder of minutes and products.

Name: _____ Team Name: _____

COMPLETE BY BASE TEAM MEETING #1:

1. Identify 5 team "norms" (i.e., rules not to be broken) that you consider most critical for you and your teammates to practice. Justify your selections.

2. Of the 13 suggested methods for processing presented in Table 1, identify the 2 that you find the most appealing or most challenging and that you would like to use to evaluate team functioning following in-class or out-of-class meetings or group activities.

FOR THE FOLLOWING QUESTIONS (#3 - #8), JOT DOWN IDEAS AS YOU READ, SO THAT YOU HAVE SOMETHING TO CONTRIBUTE WHEN YOUR BASE TEAM MEETS TO GENERATE A TEAM ANSWER TO EACH QUESTION. BRING YOUR NOTES TO THE FIRST TEAM MEETING

3. What does "parity" mean within a collaborative team?

4. Identify 3 strategies for promoting *parity* among members of a team.

5. In what ways does the distribution of leadership roles among team members promote healthy team functioning?

6. Aside from the roles of Recorder and Timekeeper, what 3 roles do you consider most helpful in promoting productive team functioning? Why?

7. Identify 2 ways the *Collaborative Meeting Worksheet* (Figure 3) structures face-to-face interaction.

8. Identify 5 of your favorite questions on *The 'Are We Really a Team?' Worksheet* (Figure 4) for prompting team members to focus upon improving their "good team member" behaviors. What is your rationale for selecting these 5 questions?

AGENDA ITEM #1
Collaborative Team Roles and Role Definitions

Recorder	Reads the questions. Records all contributions on lined paper. Records agreed upon answer on answer sheet. Secures signatures within the time limit.
Timekeeper	Notifies the group of approaching time limits. Moves the group along to the next question or activity.
Jargon Buster	Signals (with a noisemaker) whenever a specialized “jargon” term that might not be understood or known by someone on the team is used. Prompted a jargon user to define the term or uses an analogous familiar lay term. Once defined, a jargon term then can be used.
Equalizer	Regulates the flow of communication to prompt equal airtime or all team members by encouraging participation of “quiet” members.
But Watcher	Helps the team defer judgment when generating ideas by monitoring and signaling members’ use of blocking or judgmental language such as, “Yes, but...”
Reader	Reads material out loud to the group as many times as needed and requested by group members.
Checker	Checks to make certain each member understands or agrees with agreements. Checks at any time during a discussion.

**AGENDA ITEM #3 (BASE TEAM MEETING #1)
INDIVIDUAL SELF-ASSESSMENT OF
