**COURSE DESCRIPTION**

This course focuses on an introduction to issues of schooling in a multicultural society. It includes an overview of multicultural education and addresses areas of study such as; culture and cognition, diversity & exceptionality, intercultural communication, cross-cultural competence the psychology of personal prejudice, and curriculum and teaching in multicultural contexts.

**Course Objectives**

The objectives of this course are fourfold:

- Expand and nuance students' knowledge about the diversity represented in today's schools and the communities in which we live;
- Provide a safe environment for reflection on, and discussion of, the complex ways in which pluralism is a part of educational contexts;
- Prepare educators to provide equitable educational opportunities to all students;
- Provide support to all students who represent national, state, and regional diversity.

**This course has an on-line component. The following class sessions will take place on-line on the EDUC 602 course website (Cougar Courses): Sept. 14, Sept. 28, Oct. 12, Oct. 26 and Nov. 9.**

This course is aligned to the following standard for the California Teachers of English Learners (CTEL) Certificate Program:

***Standard 9: Culture and Cultural Diversity and Their Relationship to Academic Achievement***

The program develops both broad and deep understanding of contemporary and historical concepts, issues, and perspectives related to culture and cultural diversity in California and the United States. The coursework addresses concepts and definitions of culture, including

universal features of cultures (e.g., ethnocentrism, acculturation, cultural pluralism and congruence, intra-group and intergroup differences, impact of geography on cultural forms and practices). The coursework requires candidates to explore how cross-cultural contact and acculturation are affected by issues of power and status, psychological and social-emotional issues, and by social and economic factors. The program requires candidates to develop an understanding of major demographic trends related to linguistic and cultural diversity, as well as current trends and features of migration and immigration in California and in the United States. The coursework teaches candidates to develop conceptual understanding and requires them to demonstrate applied knowledge of cultural similarities and differences in communication styles, strategies for fostering positive cross-cultural interactions among culturally diverse students, and challenges involved in cultural contact. The coursework also requires candidates to analyze how this knowledge can be directly applied to instruction of English Learners in order to support student development and learning.

### ***Standard 10: Culturally Inclusive Instruction***

The program provides candidates with conceptual understanding of culturally inclusive instruction and the important role that culture plays in school and classroom settings, and teaches candidates strategies on how to acquire in-depth knowledge of English learners' home cultures and cultural experiences. The program requires candidates to examine their own cultural beliefs, attitudes, and assumptions and how this assumptions impact student learning and achievement. The coursework has candidates demonstrate how to apply this knowledge to create culturally inclusive learning environments in the classroom and school (e.g., setting high expectations for all students, having high levels of respect for cultural and linguistic diversity). The program teaches candidates how to apply culturally responsive practices that involve families and the community in decision-making processes and in students' learning. The program requires candidates to demonstrate understanding of the features, goals, and outcomes of different approaches to multicultural curriculum and how to implement strategies that reflect an inclusive approach with regard to students cultural and language backgrounds. Candidates are taught how to apply knowledge of culturally influenced learning styles and to apply knowledge of English learners' cultural backgrounds and experiences to instructional planning and implementation.

## **GENERAL CONSIDERATIONS**

Further consideration has been given to the alignment of standards for multicultural education as articulated by the National Council for Accreditation of Teacher Education (NCATE), the Interstate New Teacher Assessment and Support Consortium (INTASC), and the National Board for Professional Teaching Standards (NBPTS).

*NOTE: I RESERVE THE RIGHT TO CHANGE, ADD TO, OR DELETE ANY MATERIAL OR ASSIGNMENT FROM THE COURSE.*

This course is structured as a graduate-level seminar. The success of a seminar is dependent upon each and every participant being prepared. **4. ELD Literacy Intervention Plan**

**20 Points**

The purpose for this assignment is for you to look at student achievement of culturally and linguistically diverse students over time to determine what happens to students within a system. The purpose is not to examine and criticize your school district. It is to look at opportunities made available to or denied children who are culturally and linguistically diverse.

**Components of the project**

*Population:* Select a group of ethnically and linguistically diverse students in a grade level who have attended your school for at least three years. Do a review of their school history and success or lack of success.

*Data collection:* Consider the following:

- Testing process when the children entered school. Were they tested? Which test was used? Tested in their primary Language? In English? What were the scores? What do the scores mean?
- Placement issues. Where were the children placed? What kinds of classrooms?
- Services received: What kind of services did the children receive? Were any referred to Special Education? Why? Are any in the SST process? Why? How many have been placed in special education?
- Re-classification: Were the children ever re-classified? What process was followed and is typically followed in your district?
- Look at the grades the children received over three years and look for patterns in terms of achievement. Match the history of each child with the present achievement of each child. Are there differences? What growth occurred? Have their CELDT scores increased? Plateaued?
- Analyze the data that you have collected and discuss how these students have progressed through the system.
- Factors of retention: Were these students retained? How many? Why?

*Details:* Develop a literacy (listening, reading, writing and oral) plan for these children. What would you do to ensure equal access to grade level curriculum for these children? How will the state adopted materials be used to support academic growth? What additional support do these students need? How will you ensure that will happen? What support and accountability will be necessary to ensure equal access and success?

**Successful completion of this assignment fulfills the following requirements:**

- 1. CTEL Standards 9 and 10. Students must post this assignment to their CTEL Portfolio as evidence they have met these standards.**
- 2. “Add On” Level I Mild/Moderate and Moderate/Severe Education Specialist Credential for candidates who do not hold a SB 2042 preliminary credential or a CLAD certificate to fulfill CCTC requirements to authorized the candidate to provide to English learners 1) instruction for English language development and 2) specifically designed content instruction delivered in English.**
- 3. The Reading Certificate requirements for Literacy masters students.**

**DUE: Draft /Peer Feedback on EDUC 602 course (Cougar Courses) website – Session 7 (10/12) / Final-Session 8 (10/19)**

**5. Multicultural Resources / Annotated Bibliographies 20 points**

Each student will collect **3-4 peer-reviewed (minimum) multicultural resources** related to your area of emphasis. The multicultural resources you collect can be used as a basis for your thesis or project, or can focus on a specified topic which you can use in your classrooms, schools, and communities. Students will write an annotated bibliography for each resource using APA-style reference format which includes:

- A brief description of the study
- Participants, setting and procedures of the study
- Methods used to collect data
- Results of the study
- Your analysis of the study

Each student will share his/her annotations with everyone in the class - a hardcopy for a gallery walk presentation, and electronically through the EDUC 602 course website.

**DUE: Session 12 (11/16)**

**6. Critical Pedagogy/Social Justice Action Plan 25 Points**

Your final project is to develop an individual professional action that specifically addresses your new understandings of critical pedagogy in relation to schooling in a multicultural society. Hopefully our readings of critical pedagogy will bring to the table new questions and concerns about your classroom, your students, your school, your district, or your overall professional work. Based on these questions, develop a specific action plan that you could enact in your professional role. Our discussions throughout the semester should help you identify issues about your classroom, your students, your school, your district, the community and/or your overall professional work. Based on the issue you “name,” you will develop a specific action plan that you can enact as a professional educator working towards social justice and equity.

Your final paper will consist of a 3-4 page paper discussing the issue you have identified (to name), your thoughts, research, discussion on the issue (to reflect critically) and a detailed description of your action plan (to act).

**DUE: Drafts will be peer-reviewed periodically, Final plans due Session 15 (12/7)**
