Mission of the College of Education at Cal State San Marcos: The mission of the College of Education Community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity, and social justice, exemplified through reflective teaching, life-long learning, innovative research, and on-going service. Our practices demonstrate a commitment to student-centered education, diversity, collaboration, professionalism and shared governance. (adopted by COE Governance Community, October 1997)

Prerequisites: EDMS 521 or CA Multiple Subject Credential, and admission to the Level I or Level II Mild/Moderate or Moderate/Severe Disabilities Education Specialist credential program. (Note: Candidates who have a Single Subject credential may request a waiver of this course, and will be required to complete EDMS 521.)

Course Description: This course will focus on methods, materials and adaptations in approaches to language and literacy instruction for learners who have various special learning characteristics, including atypical patterns of language and literacy development. Strategies will be provided for using literacy across the curriculum in inclusive and responsive K-12 classroom environments.

WebCT: This course is supplemented by an online site, which may be accessed at <https://webct6.csusm.edu>. You will be required to attend certain classes and complete certain assignments online. Locate and click on your course section of EDMX 622 in WebCT. You will need a username and password to access the online components. To avoid penalty for late assignments, communicate immediately with me via regular email (beth@muddcasa.com) if you have any difficulty accessing the site at anytime during the course.

Infused Competencies

Authorization to Teach English Learners: The Cal State San Marcos credential programs have been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English learners. (approved by CCTC in SB 2042 Program Standards, August 2002)

Special Education Inclusion: Consistent with the intent to offer a seamless teaching credential in the College of Education, this course will demonstrate the collaborative infusion of special education competencies that reflect inclusive educational practices.

Technology: This course infuses technology competencies to prepare our candidates to use technologies, emphasizing their use in both teaching practice and student learning. Candidates are expected to use technology as part of their professional practice as well as to research the topics discussed in this course. Students are encouraged to keep a digital copy of all assignments for use in a teaching portfolio. Details will be given in class.

Accommodations and Policies

Students with Disabilities Requiring Reasonable Accommodations: Students are approved for services through the Disabled Student Services Office (DSS). This office is located in Craven Hall 5205, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

College of Education Attendance Policy: Due to the interactive nature of courses in the COE, and the value placed on the contributions of every student, students are expected to prepare for, attend, and participate in all classes. For extenuating circumstances contact the instructors before class is missed, and make arrangements to make up what was missed. At minimum, a student must attend more than 80% of class time, or s/he may not receive a passing grade for the course. If a student misses two class sessions or is late (or leaves early) for more than three sessions, the highest possible grade earned will be a "C". Notification of absences does not allow students to assume they are automatically excused from class or making up missed class.

WebCT Online Course Attendance and Participation: Please note that this course includes class sessions online in WebCT. Students are also required to participate in online discussions and in online class activities. Credit for these requirements is embedded in the attendance and participation points, and in the assignment points for this course.

All University Writing Requirement

Every course at the university must have a writing requirement of at least 2500 words. This course meets that requirement through the Best Practice Report and TPE reflective statements.

Course Requirements: Teacher education is a professional preparation program. It is expected that students will come to class prepared to discuss the readings, submit required assignments, and participate in class activities. Students are expected to adhere to academic honesty and integrity, standards of dependability, confidentiality and writing achievement. Because it is important for teachers to be able to effectively communicate their ideas to students, parents, colleagues, and administrators, writing that is original, clear and error-free is a priority for the College of Education. It is expected that work will be turned in on time. Please discuss individual issues with the instructor. Points will be deducted if assignments are submitted late (10% penalty per day late; no credit will be awarded if the assignment is one week late).

Academic Honesty: "Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks.

"Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include [but is not limited to] the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole." – CSUSM Catalogue

Plagiarism: As an educator, it is expected that each student will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

TASKSTREAM RESPONSES REQUIRED: TPEs AND LEVEL I STANDARDS

California Teaching Performance Expectations: “The TPEs”

TPE	Description	Course Assignment or Activity
TPE 3	Interpretation and Use of Assessments	Readings, Best Practices Report and Class Activities
TPE 4	Making Content Accessible	Readings, Discussions, Universal Design Lesson Plan
TPE 6d	Developmentally Appropriate Practices for Special Ed	Readings, Lectures, Presentations; Best Practices Report
TPE 8	Learning About Students	Readings, Facts about Learning Challenges activity
TPE 9	Instructional Planning	Best Practices Report: Instructional Plan Dev't.

Level I Education Specialist Standards

Standard 23	<p>Demonstrates knowledge and skills in selecting curricula and in using instructional strategies to meet the diverse learning characteristics of students with mild/moderate/severe disabilities across an array of environments and activities.</p> <p>Utilizes assessment data to collaboratively develop IEP goals, objectives, adaptations and instructional plans. Instructional plans are responsive to unique needs of the student, general education settings, and the core curriculum, and are implemented and adjusted systematically to promote maximum learning and generalization.</p> <p>Suggested Artifact: Best Practices Report</p>
Standard 25	<p>Identifies the characteristics of students with mild to moderate disabilities, including students identified as severely emotionally disturbed or behavior disordered, and to determine the implications of these characteristics for service delivery.</p> <p>Suggested Artifacts: Facts about Learning Challenges Paper & Best Practices Report</p>

Additional Level I Standards Interface of EDMX 622: No TaskStream Responses Required

11.4	Demonstrate ability to implement state framework
12.2	Uses strategies and techniques for developing students’ communication skills that are age-appropriate and reflect an understanding of diverse modes and systems of communication
17.1	Uses data-based assessment to drive curriculum and instruction that is appropriate for individuals with diverse backgrounds, varying language and cognitive abilities, and special needs.
17.2	Uses standardized district/state or assessment information to drive instructional plan.
20.3	Uses instructional strategies appropriate for individuals with diverse needs, interests, and learning styles in a variety of educational environments.
22.1	Appropriately chooses, administers, and interprets a variety of individual assessments and evaluations to determine a student’s profile (i.e., strengths and needs in developmental, academic, social/emotional, behavioral, communication, employment, community access and living domains)
22.2	Make appro. instructional decisions based on the results of given assessments and evaluations.

GENERIC RUBRIC FOR ASSIGNMENTS

(Some assignments may have more specific rubrics and will be disseminated during class sessions.)

4 points: highest range of achievement; on time; complete; exhaustive; significant evidence of critical thinking and reflection, application of new information, and analysis, synthesis, or evaluation of course content; significant effort to extend learning to highest levels

3 points: high range of achievement; on time; complete; significant evidence of knowledge/comprehension of course content; some evidence of ability to analyze/generalize new info; noticeable effort to extend learning to high level

2 points: mid-range achievement; on time; several gaps/incomplete; generally solid work; some evidence of knowledge and comprehension of course content; inconsistent effort in most parts

1 point: low range achievement; on time or late; numerous gaps/incomplete; cursory; sketchy; little evidence of knowledge and comprehension of course content; minimal/hasty effort overall

0 points: no work submitted, or work submitted excessively late.

Outcomes for Level I Education Specialist Credential Requirements

Goal 1:	develop a sensitivity to and appreciation for children with special learning needs.
Goal 2:	examine the California Language Arts Framework and Standards, and gain an understanding of the curriculum of language and literacy as they are taught in the elementary, middle and secondary school.
Goal 3:	gain an understanding of how patterns of typical and atypical language development influence student academically, socially and behaviorally in today's classrooms.
Goal 4:	become familiar with current approaches to the teaching of reading and writing of children with special learning needs.
Goal 5:	understand the value of specifically designed academic instruction lessons in English for students with diverse cultural and linguistic backgrounds.
Goal 6:	become sensitive observers of children's language-using behaviors.
Goal 7:	become familiar with formal language and literacy assessment instruments and their usefulness in designing appropriate instruction
Goal 8:	become familiar with informal language and literacy assessments, such as portfolios, and performance and presentation options; and their usefulness in designing appropriate instruction.
Goal 9:	demonstrate the ability to design and adapt instruction and classroom environment which are responsive to all learners.
Goal 10:	translate language and literacy assessment and evaluation results into effective instructional goals and objectives for all learners.
Goal 11:	understand middle and secondary language and literacy issues in today's classrooms.
Goal 12:	develop an appreciation for the need of all learners to experience success in middle and secondary classrooms.
Goal 13:	develop effective collaboration skills which will assist in positively influencing language and literacy curriculum decisions in today's schools.
Goal 14:	develop the ability to select appropriate materials and instructional strategies to meet the individual needs of students.
Goal 15:	develop a respect for each student, his/her abilities and background, and the student's rights to instruction that meets his/her individual needs.

“Generally Accepted Attributes of Highly Effective Teachers” (as seen in pre-service programs)
(Roberts & Kellough, 2000; Stone, 2002; McEwan, 2002; Baldwin, Keating, & Bachman, 2003; Johnson & Johnson, 1994)

- 1) **General class attendance, promptness, participation:** on time, respects time boundaries (i.e., breaks), regular attendance, and actively participates.
- 2) **Attention to classroom discussion protocols:** respects time limitations, recognizes and respects the perspectives of fellow classmates, gives wait time, listens actively, uses non-interruptive skills, mediates disagreements by working to understand others' perspectives and finding common ground, genuinely encourages all to participate.
- 3) **Social and cooperative skills (as illustrated in cooperative projects):** assumes responsibility of one's roles, is open to consensus and mediation, effectively communicates ideas, attends group meetings, is dependable, respects others' ideas, expects quality work from self and colleagues, manages time effectively, uses organizational skills and leadership skills, is assertive but not aggressive, uses reflection as a means of evaluation, motivates and offers positive reinforcement to others.
- 4) **Attention to assignments:** meets time deadlines, produces quality products, responds cooperatively to constructive criticism, uses rubrics or other stipulated criteria to shape an assignment, prioritizes tasks and performs/supervises several tasks at once.
- 5) **General classroom demeanor:** is professional, creative, kind, sensitive, respectful, has a sense of humor, is supportive of fellow classmates and instructors; recognizes others' perspectives as valid; works to include all "voices" in the classroom; is aware of/responsive to issues and behaviors that might marginalize colleagues in the classroom.
- 6) **Flexibility:** is responsive when reasonable adjustments to the syllabus, curriculum, schedule, and school site assignments become necessary (common to the educational arena); can work through frustrations by problem-solving with others and not letting emotional responses dominate or impair thinking; "bounces back" easily; can work calmly under stress.
- 7) **Openness to and enthusiasm for learning:** can engage with a variety of educational ideas with an open mind and a sense of exploration; demonstrates passion for and metacognition of learning across the curriculum and within discipline areas; takes advantage of learning opportunities and seeks out additional opportunities for learning.

COURSE ATTENDANCE, PROFESSIONALISM, & PARTICIPATION (25 Points)

As it is a critical and expected behavior in this profession, regular, punctual attendance is required in all face-to-face and online classes. The experiences, activities, and discussions of class meetings are difficult to recreate on your own. Attendance alone does not constitute points awarded. In addition to the assignments that follow, you will be expected to fully participate in all of your class sessions. You will also be expected at all times to demonstrate professional behaviors consistent with dispositions of the profession of teaching. See the self-assessment assignment in WebCT for more details.

FACTS ABOUT LEARNING CHALLENGES

PAPER (10 points)

PRESENTATION (10 points)

During the first few weeks of class, you will be assigned a learning challenge to investigate. In addition, you will make a class presentation about your assigned topic. Your presentation will be about 5 minutes in length.

Using resources you may have from other/previous classes, plus the web sites provided through the Resources Links page on the Course Menu, you will post the following information on the Discussion Board. These postings should include the following information:

- A specific definition of the learning challenge, with any known statistics

- Examples of ways in which this challenge may affect or create special problems in language and literacy achievement, interest, performance, and/or growth and development
- At least 2 ideas for remediating or supporting the student whose learning challenge is interfering with his/her language and literacy achievement, interest, performance, and/or growth and development (Feel free to use Tovani and/or Fisher for ideas!)
- Type and *save* your response in a word-processing document first (Word), and then copy and paste (**not attach!**) it onto the Discussion Board. In that way, you will be able to spell and grammar check your response before you post it (which you will NOT be able to do if you type it directly onto a Discussion Board message). Additionally, you will then have a copy of your message if something goes wrong!

STRATEGIES PRESENTATION AND POSTINGS (10 points)

During class, you and your partner, will be assigned a chapter in the Fisher/Frey text to investigate. Once you and your partner choose a specific strategy from the text you would like to share with the class, you will:

- Use role-playing to demonstrate ONE reading and learning strategy for middle and high school students in an inclusive classroom (Each "skit" should be 10-15 minutes long)
- Accompany your lesson with an overhead transparency;
- Post a brief handout about the strategy on the Discussion Board.

BEST PRACTICES FOR STRUGGLING READERS AND WRITERS REPORT (25 Points)

Note: You will be using the information from the Case Study of “Mark” on the RICA Scenario page (<http://courses.csusm.edu/ricastudy/old/scenarios.html>) for this assignment. Mark is an English learner with a specific learning disability in reading and writing. He has been in school in the US for 3 years. He is in 7th grade this year.

Part I: Assessing Mark’s Reading and Writing Behaviors (4 points)

- First, write a brief (1 paragraph) description of Mark, including his background and learning characteristics. You may embellish the data above.
- Then, create a table (see model below) in which, using the given assessment data, you respond thoroughly to these questions:
 - What would you determine to be Mark’s strengths?
 - What would you determine to be Mark’s weaknesses?
 - What is your evidence to support your conclusions?

To create a table for this section, go to “Table” and Insert a table into your paper with 4 columns and several rows. The first row is for your column titles. Subsequent rows are for the many strengths and weaknesses demonstrated by Mark. Example:

Mark’s Strengths	Evidence of Strengths	Mark’s Weaknesses	Evidence of Weaknesses
List of Mark’s strengths would go in this column.	Etc.	Etc.	Etc.

Part II: Two Best Practices (approx. 4-6 pages) (8 points)

Investigate two (2) teaching strategies that are, according to your research, experiences, and observations, effective in teaching reading and/or writing to struggling English learners. **ONLY TWO!**
(Note: You may *not* use *Graphic Organizers*, *Journaling*, or *Literature Circles*, as we will be thoroughly discussing these in class.)

Part III: Instructional Plan (approx. 2-4 pages) (10 points)

Based upon your investigation, describe an instructional plan for Mark that you would co-develop with a beginning English teacher with whom you are co-teaching (and in whose class, Mark is a student). The plan should include your research-based recommendations about how to improve his reading, writing,

spelling, and response to literature. Your plan should demonstrate how you and your co-teaching partner would *differentiate* instruction, curriculum, and/or assessment for Mark.

Your research and observation report should be in APA format (check www.apastyle.org or the APA manual), and should include ALL of the following:

- Name and brief description of identified strategies.
- Describe what research/resources used had to say: Text synopsis and internet discoveries of identified strategies .
- Discuss direct contact with teachers about the strategies; OR observation of strategies in use, and overall impressions of effectiveness.
- Describe suggested uses for and/or adaptations of strategies reported.

Part IV: Best Practices Statements (1 page) (1 point)

To conclude your report, you must be able to demonstrate through your research, observation, interview/discussion with teachers and/or your own professional and informed opinions, exactly WHY you consider these to be “Best Practices.” Please make a simple statement relating to each practice that demonstrates your confidence that your choices are, indeed, “Best Practices.”

Part V: Reference Page (approx. 1 page) (2 point)

Please cite all resources used, including personal interviews, web sites, texts, journals, and personal experiences. Use APA format for citations (www.apastyle.org).

LITERATURE CIRCLES (10 Points)

Using Literature Circles is a best practice in education. “Literature circles provide a way for students to engage in critical thinking and reflection as they read, discuss, and respond to [texts]. Collaboration is at the heart of this approach” (from www.litcircles.org/Overview/overview.html)

You will engage in literature circles during face-to-face class sessions in this course. You will have the opportunity to participate in cooperative groups in the rotating roles of **Discussion Director, Capable Connector, Artful Artist, Literacy Luminary, and Word Wizard**. During designated classes, assigned readings will be your literature topics. Further details will be provided in class.

TASKSTREAM PORTFOLIO (REQUIRED IN ALL CREDENTIAL COURSES) (10 Points)

Learner Objectives:	Knowledge and skill in creating an electronic portfolio. Submission of artifacts for Level I Standards #23 and #25.
Assessment:	Candidates apply what they have learned from the required assignments to the Level I Standards designated in a cogent, first-person reflection in their electronic portfolio. Candidates include necessary components in final submission of their electronic portfolio.
Resource(s):	http://lynx.csusm.edu/coe/eportfolio/index.asp This will take you to the CSUSM COE website where you can get help with how to create your electronic portfolio and information on the required elements. http://www.taskstream.com This is the TaskStream homepage where you will register for Taskstream and to where you will return when working on your electronic portfolio.

TASK GUIDELINES FOR TASKSTREAM

The purpose of the portfolio is to assess how well you meet the California Standards for the Teaching Profession (TPEs) Level I Standards. Although all artifacts you place (often more than 1 per TPE or Standard) in your portfolio have been assessed/graded by your professors, it is not clear if you have a thorough understanding of the TPEs and Level I Standards and can make the connection between (a) class assignments completed with (b) the teaching you have experienced, and (c) the TPEs and Level I Standards. *Your* task is to write a cogent reflective essay for each TPE and LEVEL I STANDARD about how artifacts you have chosen provide evidence that you have met each TPE and LEVEL I STANDARD. *You must include a description, an analysis, and a reflection.*

About Posting Evidence for TPEs and Level I Standards in TaskStream...

It is important to recognize that the Level I and English Language Authorization Standards are threaded *throughout* your credential program, and are addressed multiple times in each course. Even though we are referencing and seeking to understand several of these standards in this course, you are specifically responsible for writing a reflective statement for specific LEVEL I STANDARDS (23 and 25) in the electronic portfolio in TaskStream.

Each assigned response will relate to course assignments, discussions, and/or readings that provide a deeper understanding of the specified TPE and LEVEL I STANDARD. As you write, the goal is to

- describe your learning as it relates to the TPE or LEVEL I STANDARD,
- analyze artifacts (assignments) and explain how they are evidence of your learning, and
- reflect on the significance of your learning (the “so what”) and where you need to go next with the TPE or Level I Standard.

A three- to four-paragraph structure will help you develop your response. You must attach at least one artifact to each TPE or LEVEL I STANDARD response, but may attach others as well.

1st paragraph: Introduction to your response that uses the words of the TPE or LEVEL I STANDARD. DO NOT restate the TPE or LEVEL I STANDARD; instead, introduce the reader to the focus of your response as it relates to the TPE or LEVEL I STANDARD. This is basically an extended thesis statement related to the TPE or LEVEL I STANDARD.

2nd paragraph: Explain how one attached artifact is evidence of your learning related to the TPE or Level I Standard. The key here is “evidence.” How does this artifact prove that you have learned something specific related to this TPE or LEVEL I STANDARD? You may expand to another paragraph here, if you choose.

3rd paragraph: Reflect upon/summarize the significance of your learning overall (connect to the TPE or Level I Standard); explain what must still be learned for this TPE or STANDARD, addressing the “so what?” of your learning.

- Please be succinct in your writing; more is **NOT** better.
- State ideas clearly and keep them grounded in evidence of your learning, represented by your artifacts.
- After submitting each TPE or LEVEL I STANDARD response, you will receive feedback from the instructor that asks for revision or says that you are done.
- You will not get full credit for this assignment if you are asked to revise and you do not.
- Please continue to check your TaskStream portfolio until the instructor says you are done with responses for TPE or LEVEL I STANDARD.
