## **ASSIGNMENTS**

### **CLASS PARTICIPATION**

**(15 POINTS)**

Regular, punctual attendance is required, as it is critical and expected in this profession. The experiences, activities and discussions of class meetings are difficult to recreate on your own. In addition to the assignments that follow, you will be expected to fully participate in each class, **as well as in the online course supplement as directed**. You will be expected to demonstrate professional behaviors at all times.

### **READING COMMENTS**

**(Sent via Class Mail to instructor in online course supplement)**

**(25 POINTS)**

It is expected that you will do all assigned readings and will come to class prepared to discuss them. To come prepared, write at least two (2) reflective comments from the readings (texts and websites) for that session. Do not summarize what you have read. If the readings are from more than one source, comment on more than one source. The comments should be posted in Class Mail of the online supplement **by 12 noon on the day prior to class**. Please reference the source of your comments and questions. No comments are due for the first or last classes, or for the day of the Lenski presentations (Class #12). **No late comments will be accepted.**

### **DISABILITY FACTS**

**(5 POINTS)**

During the first class, you will be assigned a disability to investigate. Using resources you may have from other/previous classes, plus the web sites provided through our online Course Supplement, you will post the following information on the Discussion Board on or before the second class meeting date (prior to class). These postings should include the following information:

- A specific definition of the disability or area of diversity, with any known statistics
- Examples of ways in which this disability or area of diversity may affect or create special problems in language and literacy achievement, interest, performance, and/or growth and development
- At least 2 ideas for remediating or supporting the student whose disability or area of diversity is interfering with his/her language and literacy achievement, interest, performance, and/or growth and development

**It is suggested that you type your response on a Word document, and then copy and paste it onto the Discussion Board. In that way, you will be able to spell and grammar check your response (which you will NOT be able to do if you type it directly onto a Discussion Board message.)**

### **CREATING A LANGUAGE-RICH ENVIRONMENT**

**(5 POINTS)**

You will come to the designated class ready to contribute to the Language-Rich Environment. You will prepare something that would enhance a classroom learning environment, such as a calendar, a class rules poster, alphabet cards, etc. We will talk more about this in class. A 4x6 index card that includes the following information will accompany your contribution: your name, what you contributed, and why it would be important, in terms of its impact on language development, to include it. Only the index card will be collected.

### **CO-TEACHING PRESENTATIONS: STRATEGIES FOR MIDDLE AND HIGH SCHOOL LEARNERS**

**(10 POINTS)**

Using the Lenski text as your primary resource, during a designated class session you will present **with 2 partners** a 10-15-minute lecturette about reading and learning strategies for middle and high school students. Your team will demonstrate at least two strategies that would be useful when working with students with special learning needs in an inclusive classroom setting. Accompany your lecturette with two overheads and a brief handout (2 pages max per team) of the your topic and the strategies demonstrated. Make a copy of the handout for the instructor and each class member.

**BEST PRACTICES FOR STRUGGLING READERS AND WRITERS REPORT**  
(10 POINTS)

**Note:** You will be using the information from the Case Study on the RICA Scenario page (<http://courses.csusm.edu/educ496aq/scenarios.html>) for this assignment.

**Part I: Assessing Mark's Reading and Writing Behaviors** (approx. 2-3 pages)

Using the information given, respond to these questions:

1. What would you determine to be Mark's strengths?
2. What would you determine to be Mark's weaknesses?
3. What is your evidence to support your conclusions?

**Part II: Two Best Practices** (approx. 4-6 pages)

Investigate two (2) teaching strategies that are, according to your research and observation, effective in teaching reading and/or writing to struggling learners. One of the Best Practices you will report on will be Cooperative Group Learning (CGL). You will decide upon the other one.

**Part III: Instructional Plan** (approx. 1-2 pages)

Based upon your investigation, tell what kind of an instructional plan you would develop for Mark to improve his reading, writing, spelling and response to literature?

Your research and observation report should be in APA format, and should include ALL of the following:

- name and brief description of identified strategies,
- text synopsis and internet discoveries of identified strategies
- direct contact with and interview of /discussion with teachers about the strategies, OR observation of strategies in use and overall impressions of effectiveness
- suggested uses for and/or adaptations of strategies reported

**Part IV: Best Practices Statements** (one page)

To conclude your report, you must be able to demonstrate through your research, observation, interview/discussion with teachers and/or your own professional and informed opinions, exactly WHY you consider these to be "Best Practices." Please make a simple statement relating to each practice that demonstrates your confidence that your choices are, indeed, "Best Practices."

**Part V: Reference Page** (approx. one page)

Please cite all resources used, including personal interviews, web sites, texts, journals, and personal experiences. Use APA format for citations.

**CONTENT AND PERFORMANCE GOALS: PORTFOLIO CONFERENCE - SECTION #15**  
(20 POINTS)

During class #14, we will have small group Portfolio Conferences, at which time you will share Section #15 of your Portfolio to demonstrate the Content and Performance Goal competencies required by your program.

*For students in the Concurrent Credential Program, this Portfolio Section will be added to the Portfolio completed in EDMX 540.*

*For those of you who are adding on a Special Education credential, or those of you who are getting your Masters in Special Education, this is the ONLY section you are required to bring to the Portfolio Conference.*

**Part I: Section #15**

During the semester, you will compile in a three-ring binder evidence that relates to each of the **15** Content and Performance Goals of this course. The evidence must be based upon the class sessions, assigned readings, your classroom experiences, your personal views and other experiences. You may also include information from professional journals or other sources in areas in which you feel you need more information.

**Part II: Self-Evaluation**

Locate the Self-Evaluation on the online Course Supplement. Follow the directions given there, and bring a copy of the completed Self-Evaluation to the Portfolio Conference. Place a copy of the Self-Evaluation in your Portfolio Section #15. You will receive feedback on your Self-Evaluation during our final class session. If there are any suggested amendments, re-do your Portfolio Self-Evaluation to reflect the amendments, so that when you present your portfolio, it will be your BEST work!

**LANGUAGE AND LITERACY THEME EXHIBIT**  
(10 POINTS)

In our last class, as part of a total **class exhibition**, you will create with your partners (up to 4 persons per exhibit), a display, showcasing a themed 'Center' of self-made language and literacy activities that relate to chosen pieces of children's literature suitable for use in (your choice!) a **diverse and inclusive** elementary, middle or secondary general education classroom setting.

**Suggestions for themes will be discussed in class, and will be in accordance with the Theme Immersion concepts presented. In other words: No "Bears" or "Apples", please!**

Your 'Center' display should include the following:

- (1 point) the actual books represented in the activities, and other props to enhance your display (Note: Additional 'props' beyond the books are not required.)
- (2 points) a display board with a theme title, 'pockets' or illustrations relating to your theme, and a one-page brief description of each activity in your 'Center'
- (2.5 points) One game that YOU have created to coordinate with your theme, which is appropriate for the literature being used. A 4x6-index card that has a written language and literacy objective, and a description how to play the game must accompany the game.

*Note: You may model your game after one already in use (such as Scrabble or BINGO), or you may design your own!*

- (2.5 points) One activity that YOU have created that can be generally done by the students independently or with a peer. A 4x6 index card that has a written language and literacy objective, and a description of how to do the activity must accompany the activity.
- (2 points) a self-monitoring student evaluation component that is written with behavioral objective prompts which relate to the theme of the Center. The evaluation should include:
  - a place for the student's name
  - the names of the games and activities
  - a written language or literacy objective below each game or activity name
  - a place to indicate the number of times the game/activity was attempted (minimum=2)
  - a written prompt to be completed by the students that states the student's level of success in the game or activity.

**For example: (Note: Students fill in the blanks.)**

**Student's Name:** Logan  
**Game #1:** Earth Watch  
**Game Objective:** Given the game called Earth Watch, the student will be able to use the letter tiles to spell at least 10 words on the accompanying environmental checklist.  
**Number of times completed:** 2  
**Success:** Given the game Earth Watch, I am able to spell [10] of the words on our environmental checklist with letter tiles.

- Please make a copy of your game description (with objectives), your activity description (with objectives) and your self-monitoring form for the instructor and EACH member of the class. (This will be a three-page handout with a title page.)
- The title page must include with your names and the roles you assumed in this project.
- The handout packet should be three-hole punched, so they may be filed in a 3-ring binder. In so doing, you will each end our course with several ideas for games and activities to accompany theme immersions that you do with your students in the future.

**Note:** You might want to bring a 3-ring binder to class with 12 index dividers, so that you may start a resource binder for your teaching!
