THE COLLEGE OF EDUCATION MISSION STATEMENT

The mission of the College of Education Community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity, and social justice, exemplified through reflective teaching, life-long learning, innovative research and on-going service. Our practices demonstrate a commitment to student-centered education, diversity, collaboration, professionalism, and shared governance.
(Adopted by COE Governance Community, October, 1997).

COURSE DESCRIPTION

This is a required course in the Special Education Specialist Credential Program. EDMX 627 focuses on methods for assessing, instructing, and modifying curriculum so that students with disabilities, language, and other learning differences may access the core curriculum in inclusive educational environments through the application of best practices. Authentic assessment, social skills development, and multi-level assessment and instruction are examined. This course requires participation/observation in the public schools.

REQUIRED TEXT:

Pierangelo, Roger & Giuliani, George G. (2009). *Assessment in Special Education: A Practical Approach*. NJ: Pearson Education Inc. ISBN 0-205-60835-3

If you can bring a Woodcock Johnson III to class on the nights we cover it that would be very helpful.
Selected handouts given in class, instrument manuals and protocols, other as assigned.

AUTHORIZATION TO TEACH ENGLISH LEARNERS

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English learners.

(Approved by CCTC in SB 2042 Program Standards, August 02)

COLLEGE OF EDUCATION ATTENDANCE POLICY

Due to the dynamic and interactive nature of courses in the College of Education, all students are expected to attend all classes and participate actively. At a minimum, students must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. **Individual instructors may adopt more stringent attendance requirements.** Should the student have extenuating circumstances, s/he should contact the instructor as soon as possible.
(Adopted by the COE Governance Community, December, 1997).

STUDENTS WITH DISABILITIES REQUIRING REASONABLE ACCOMMODATIONS

Students must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 5205, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

ALL UNIVERSITY WRITING REQUIREMENT

Every course at the university must have a writing requirement of at least 2500 words. This requirement is met via the Cougar Courses discussion board requirement, the full case study assignment and the moderate-severe field work report.

PERFORMANCE GOALS

1.0 Observation Skills

- 1.1 Direct observations in informal situations
- 1.2 Using checklists and various observation formats to record observational data
- 1.3 Observation for one day in a setting serving learners with moderate/severe (M/S) disabilities with a field report requirement.

2.0 Record Keeping

- 2.1 Maintaining a checklist/timelines for the assessment process
- 2.2 Employing competency checklists
- 2.3 Keeping anecdotal records
- 2.4 Utilizing IEP and ITP forms
- 2.5 Utilizing referral and planning for assessment forms
- 2.6 Recording and submitting observation notes according to format provided for the M/S field observation.

3.0 Assessment Techniques

- 3.1 Evaluating various commercially available assessment instruments.
- 3.2 Administering, scoring and interpreting commonly used formal measures (standardized, norm-referenced)
- 3.3 Using informal assessment methods (e.g., criterion-referenced, curriculum-based)
- 3.4 Assessing student work in the classroom (setting criteria, mastery learning, records, work sampling)
- 3.5 Using assessments for specific populations
- 3.6 Using supplementary norm tables
- 3.7 Using authentic assessment approaches (performance-based, portfolios) rubrics,

4.0 Nondiscriminatory Testing

- 4.1 Structuring the assessment environment
- 4.2 Scheduling assessment sessions
- 4.3 Evaluating and selecting assessment instruments
- 4.4 Selecting and preparing assessment materials
- 4.5 Ensuring parental participation in reporting of student performance

5.0 Writing Case Reports

- 5.1 Gathering and reporting background information
- 5.2 Using a structured format for reporting
- 5.3 Reporting interactions with the child
- 5.4 Reporting the child's approach to tasks and learning styles
- 5.5 Using clinical judgment in interpreting results
- 5.6 Summarizing overall finding regarding a child
- 5.7 Making recommendations for interventions

6.0 Generating IEPs

- 6.1 Summarizing current levels of functioning
- 6.2 Identifying long-range goals and short-term objectives
- 6.3 Completing sections of an IEP and ITP
- 6.4 Adapting the IEP as a parallel curriculum for students under IDEA

C+	77-79%

Grading Rubrics

Criteria for Grading Student Performance in this Course:

A (Excellent): Performance at the highest level, showing sustained excellence in meeting all course objectives and requirements and exhibiting an unusual degree of intellectual initiative.

B (Good): Performance at a high level, showing consistent and effective achievement in meeting course objectives and requirements.

C (Satisfactory): Performance at an adequate level, meeting the basic objectives and requirements of the course.

NOTE: The minimum acceptable grade for a course in the sequence of professional education courses is C+, and a B average must be maintained.

Criteria for Grading Assignments

A (93%) Outstanding work on assignment, excellent syntheses of information and experiences, great insight and application, and excellent writing,

B (83%) Completion of assignment in good form with good syntheses and application of information and experiences, writing is good,

C (73%) Completion of assignment, adequate effort, and adequate synthesis of information and application of information and experiences, writing is adequate.

COURSE REQUIREMENTS

Please note the College of Education Attendance policy stated page two of this syllabus.

Participation (15 sessions @ 5 points per session = 75 points maximum)

Regular, punctual attendance is critical and expected in the teaching profession. Because this class is participatory in nature, the experiences and discussions are difficult to recreate. Additionally, it is important that each class member have the opportunity to exhibit collaborative teaming and participatory behavior.

Criteria for Grading Participation:

Participation points will be assigned on the following criteria: collaborative cooperation in all labs, classes, and group assignments; enthusiasm for the content and activities; respect for the speakers; patience and flexibility with the technology; appropriate use of all assessment materials.

ASSIGNMENT POLICY

Each assignment is due on the date indicated on the syllabus/course schedule.

- It is strongly advised that students keep up with the assignments from session to session.

ACADEMIC HONESTY POLICY

(Be sure to read the CSUSM Academic Honesty Policy below)

- Plagiarism of any type will result in a failing grade. All work in this course must be the original work of the credential candidate.
- Scanning of student work via Turnitin™ software may be used to verify student authorship and accurate citation of copyrighted materials or thoughts, ideas, and/or work of others.
- Assignment will be checked via Turnitin™ software for accuracy of citation and originality of work.
- The instructor may require that some assignments in the course be submitted via WebCT 6 using the built in Turnitin™ software feature.
- Students making unauthorized copies of copyrighted materials or microcomputer software will receive a failing grade.

CSUSM Academic Honesty Policy Statement from the CSUSM Catalogue

"Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks.

Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole."

Plagiarism

As an educator, it is expected that each student will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

ASSIGNMENT DESCRIPTIONS

REPORTS:

Ecological Design/map and reflective paper: (individual, 7 points total).

We will learn about Bronfenbrenner's work on systems theory of development across the life span and understanding children/learner behaviors. During this process each student will create an individual eco map (a small square of poster board) of their own to contribute to a class quilt. Examples of past cohort quilts will be shared. This is an individual creative assignment. You will post a three - four page paper explaining your eco map and share your quilt square in class. (paper 5 points, map 2 points)

Practice Administration of the Woodcock Johnson III: (individual, 10 points)

Requirement is to practice administering the WJIII to another classmate and share out as whole group. Format will be found in Assignment section of Cougar Courses. You must submit your protocols with your lab sheet (paper 5 points, protocols 5 points).

Instrument review and Instrument Fair: (individual, 7 points)

Grade is based upon the quality of Instrument Review Paper with paper posted to share with instructor and classmates. Participation in the Instrument Fair **with the instrument** is required (Paper = 5 points; instrument = 2 points. If you do not bring instrument the night of the fair you lose the 2 points).

Each student will review an instrument and write a guide for use and interpretation. We will have an instrument fair. The student must find a commercially available instrument to share in class. You do not need to purchase the instrument. A sign up list for the instruments will be provided early in the semester. The night of the Instrument Fair, we will have presentations on the instruments.

FIELD WORK**Moderate-Severe Field Work and Report: (individual, 20 points)**

Field work: observation in a class providing services to student with moderate – severe disabilities. The format for writing up the field work will be found in Assignment section of Cougar Courses. If you currently work in a moderate-severe setting, then you may get approval from Ms. Reed to use a Mild-Moderate setting.

CASE STUDY (requires working with a child in the schools)**Assessment Case Study (individual, 35 points)**

Includes: Observation for Assessment, Individual Assessment Case Study write up, IEP Meeting Preparation Plan, and completed Special Factors Form

Each participant will select a learner in his or her classroom to study. This learner must be a child who is eligible for special education or who is being referred for an initial assessment for consideration for special education services. You will provide background information based upon observations, administer three (if possible) formal assessments, provide student work samples, and interview the parents/guardians (as allowed), and interview the child's teacher. This assignment includes an observation for assessment, the case write up, and a Preparation for the IEP Meeting Plan. A format for this assignment will be found in Assignment section of Cougar Courses.

NOTE: Do not begin this case study work until you have received approval from your instructor for your assessment and case study plan. All information is kept strictly confidential, use a pseudonym, you must have parental permission before beginning this case study even if the child is on your caseload. Your instructor has the introduction letters and permission forms. Your permission form MUST be submitted with the Case Study. Remember, any information on your lap top must be strictly confidential using pseudonyms, and deleted at semester's end.

COUGAR COURSES JOURNAL

(36 points) (Be sure to keep an electronic copy of all of your postings)

Assignment prompts and responses to others (3 sessions X 9 points))

Course Reflection: (9)

Web Based Components and Communications for the Course

All communications by E-mail will be via the Course Mail in Cougar Courses.

Check your Course Mail always before coming to class in the event of last-minutes information.

Criteria for Grading for Cougar Courses work including Journal Postings:

- Post your response to the Journal Prompts by the due date listed on the course schedule. It is best to post at the beginning of the week.
- All postings must be written in professional and respectful language. Use person-first language at all times.

- It is recommended that you compose off-line in Word and keep a text document of all of your work. Paste your responses into the discussion board from that document so that you have a record of your postings preserved.
- Be sure your responses are well thought out prior to posting your work.

TASK STREAM

(10 Points) Each candidate must have a Task Stream Account

Postings in relation to CCTC Level I Standards M/M/S 17 and M/M/S 22 are required.

You will be required to formally address the CCTC Standards for the Level 1 Special Education Specialist Credential in this course. This assignment will be addressed in class. All postings must be completed prior to being cleared for your Level I credential.

TaskStream Electronic Portfolio. Students must register online for TaskStream access for a minimum of one year. Fees are paid online at www.TaskStream.com. This is a requirement of every credential candidate. Candidates learn how to use this site in EDUC 422. Students post selected assignments and make reflective comments in response to Education Specialist Level I Preliminary standards identified in the syllabus. Once you have an account, click on "My Programs." Under the list on the top of the page find "Self-Enrollment Options." Click here. A box appears asking for a program code. The Education Specialist Level I Auto Enrollment Code is 2FSA56.

L I - Standard 17 (Assessment, Curriculum and Instruction)

Each candidate demonstrates knowledge of basic principles and strategies of assessment, curriculum, and instruction that are appropriate for individuals with diverse backgrounds, varying language and cognitive abilities, and special needs. Each candidate demonstrates appropriate use of principles and strategies for planning, recommending services, and implementing instruction, including the use of supplementary aids, services, and technology for individuals with disabilities.

L I - Standard 22 (Assessment and Evaluation of Students)

Each candidate demonstrates knowledge and skills related to using and communicating the results of a variety of individualized assessment and evaluation approaches appropriate for students with mild/moderate/severe disabilities. Each candidate is able to make appropriate educational decisions on the basis of a variety of non-biased standardized and non-standardized techniques, instruments and processes that are functional, curriculum -referenced, performance-based, and appropriate to the diverse needs of individual students. Candidates utilize these approaches to assess the developmental, academic, behavioral, social, communication, vocational and community life skill needs of students, and the outcomes of instruction.

GUIDELINES FOR TASKSTREAM FOR LEVEL I STANDARDS

The purpose of the Level I portfolio is to assess how you meet each of the Level I standards. Although all of the artifacts you place in your portfolio have been assessed/graded by your professors, the connection between the artifacts and your understanding of how your course and field experiences evidence your competence is note demonstrated until you make those connections in your Level I portfolio in TaskStream. Your task is to write a cogent reflective essay for each Level I standard about how the artifacts you post provide evidence that you have met each Level I standard.

Level I standards are threaded throughout your Level I Education Specialist credential program and are addressed multiple times within and across courses. Even though a number of standards are addressed in each course, you are specifically responsible for writing a reflective statement for a given subset of standards in given courses. The standards are identified in each course's syllabus and are expected to be reflected upon in TaskStream by the end of each course.

Please be succinct in your writing. More is NOT necessarily better. State your ideas clearly and ground them in the evidence represented by your artifact(s). When you submit each Level I response, you will request and receive feedback from the course instructor. The instructor will ask for revision or state that you are done. You will not be done with or receive full credit for a TaskStream submission if you are asked to revise it and you do not do so by the last class of the course. Please continue to check your TaskStream portfolio until the instructor states that you are done with the response to each assigned Level I standard.

Each narrative must include at least the following components.

To assist you writing your reflective essays for each standard, the faculty has agreed upon a paragraph structure to help guide you with your responses. You must attach a minimum of one artifact for each standard. This artifact may be designated by the course or it may be your choice. Consult the course syllabus to determine this. You also are encouraged to attach and write about more than one evidence.

Required 1st paragraph: Introduce the reader to the focus of your response as it relates to the Level I standard. DO NOT restate the standard; instead, reflect upon and summarize the significance of your overall learning and competence regarding the standard. Stated in another way, this paragraph should address the “so what” of your learning.

Required 2nd paragraph: Explain how one attached artifact evidences your learning related to the Level I standard. The key here is “evidence.” How does this artifact prove that you have learned something specific related to this Level I standard?

Optional additional paragraph(s): If you attach additional artifacts, write a similar paragraph to that described for the 2nd paragraph. We encourage you to provide multiple evidences for each standard.

Final paragraph: Describe what from your field experiences (e.g., student teaching, internship, observations) has enabled you to demonstrate competence with regard to this Level I standard. You may include an artifact from your field experience. If you do so, please explain how it evidences your competence with regard to the standard. Finally, identify what you still need to learn related to this standard. In other words, set a professional learning goal for your future practice with regard to the standard.

Notes: If more than one course addresses a given standard (e.g. Standard 25 M/S which is addressed in both EDMX 632 and EDMX 634) you must add an additional paragraph in section 2, and attach the related artifact. Do not copy blocks of text from one standard to another.
