Mission Statement of the College of Education

The mission of the College of Education Community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity and social justice, exemplified through reflective teaching, lifelong learning, innovative research and on-going service. Our practices demonstrate a commitment to student-centered education, diversity, collaboration, professionalism, and shared governance.

Authorization to Teach English Learners: The credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English Learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English Learners.

Students with Disabilities Requiring Reasonable Accommodations: Students are approved for services through the Disabled Student Services Office (DSS). This office is located in Craven Hall 5205, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by the DSS to receive reasonable accommodations should meet with their instructor.

CSUSM Academic Honesty Policy: *Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks. Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. IF you believe that there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.*

All University Writing Requirement: This course meets the university requirements of 2500 words. Students are expected to write at the graduate studies level. Specific required writing assignments are explained in the course assignments section.

Attendance Policy: Due to the dynamic and interactive nature of courses in the College of Education, all students are expected to attend all classes and participate in a way that reflects thorough preparation. You must be present at 80% of the class meetings to receive credit for the course. Students should contact the instructor prior to any absences, if possible.

COURSE DESCRIPTION

This course provides an opportunity for the candidate to learn to facilitate the development, articulation, and implementation of a shared vision for teaching and learning supported by the school community. Coursework focuses on pedagogical approaches, implementation of state adopted academic content standards, frameworks, and instructional materials. Specific standards as required by the CCTC are noted in the bracketed information at the end of each course standard.

ASSIGNMENTS AND GRADING:

Reading Journal/Quick Writes (20 Points): The nature of this class relies heavily on classroom dialogue. Therefore attendance and preparation for class are essential. Written reading response notes designed to assess attendance in class and preparedness for class will be due at the beginning of each class session. Reading journals/Quick Writes will reflect your thoughts on assigned readings for that date. Individual reading journals are not graded; rather their timely submissions are noted and points are assigned on the basis of having completed the assignment for the semester. Reading journals/Quick Writes will not be accepted late.

Chapter Preview/Study Guides (20 points): Chapter Previews are designed to introduce the key vocabulary and concepts presented in the upcoming reading and will be given at the end of each class session. Each group will provide a reading study guide for the class outlining key concepts and vocabulary. Preview groups will be assigned the first night of class.

Instructional Conference Summary (30 points): Using a specific instructional observation and conference format taught in class, you will observe a lesson taught by a colleague in your school, prepare an instructional conference with written feedback for the teacher, and conduct an instructional conference with the teacher on what you observed. You will then reflect on the experience in a 1-2 page written summary.

Instructional Leadership Assessment and Plan for Improvement (30 points): Using the instructional leadership checklist presented in McEwan's book, 7 Steps to Instructional Leadership, you will complete an assessment of the current instructional leadership practices in your school. You will then design an instructional improvement plan, including an overview of the school and administrative team, specific suggested activities for improvement, and a summary of your overall impressions of instructional leadership in the school, including strengths and weaknesses overall.

Total Possible Points: 100
