

**Education/Multiple Subject (EDMS) 511
Elementary Teaching and Learning I (3 units)**

CRN # 21425 Tues. 5:30 PM - 8:15 PM

Mission Statement of the College of Education, CSUSM

The mission of the College of Education Community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity, and social justice, exemplified through reflective teaching, life-long learning, innovative research, and ongoing service. Our practices demonstrate a commitment to student centered education, diversity, collaboration, professionalism, and shared governance.

Infused Competencies

Authorization to Teach English Learners Senate Bill (SB) 2042

This program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is addressed by SB 2042. The competencies needed to teach these students are met through the infusion of content and experiences within the Multiple Subject Program, as well as additional coursework.

Special Education

Consistent with the intent to offer a seamless teaching credential in the College of Education, this course will demonstrate the collaborative infusion of special education competencies that reflect inclusive educational practices.

Technology

This course infuses technology competencies to prepare our candidates to use technologies, emphasizing their use in both teaching practice and student learning. Candidates are expected to use technology as part of their professional practice, as well as to research the topics discussed in this course.

| Instructor | Office | Office Hours | Phone | E-mail Address |
|-------------------|---------------|---------------------|--------------|-----------------------|
| Sharon Colli | Off Campus | Appointment | 760.510.5844 | scolli@sdcoe.net |

Course Description

This course requires participation in public schools and other education-related contexts.

This course is designed:

- to extend preservice candidates' understandings about numerous philosophies of teaching and learning;
- to inform preservice candidates about key concepts and procedures as they relate to students learning English and students with special education labels;
- to encourage further infusion of technology into curriculums.

Course Objectives

The purposes of this course are threefold:

- to expand preservice candidates knowledge about general learning theories and experiences with a range of pedagogical practices;
- to enhance preservice candidates' awareness of the multiple perspectives and learning styles that exist in diverse classrooms and other education-related settings;
- to provide a safe environment for preservice candidates' discussion of, and experimentation with, a variety of techniques and methods of instruction.

Teacher Performance Expectations (TPE) Competencies

This course is designed to help teachers seeking the Multiple Subjects Credential to develop the skills, knowledge, and attitudes necessary to assist schools and districts in implementing effective programs for students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. The following TPE's are primarily addressed in this course:

TPE 6d – Engaging and supporting all learners (Student Study Team Assignment)

TPE 10 – Creating & managing effective instructional time (Classroom Management Assignment)

Required Text

- Tomlinson, Carol Ann. (1999). *The Differentiated Classroom: Responding to the needs of all learners*. Alexandria, VA: Association for Supervision and Curriculum Development. ISBN # 0-87120-342-1 (Available as an e-book online.)
- Marion, Valadez, and Woo (2003). *Elementary Teaching and Learning*. Needham Heights, MA: Allyn and Bacon.
- Task Stream Electronic Portfolio, Must register and pay fee online prior to first class @ www.TaskStream.com (register for 1 year minimum).

Accommodation for Disabilities

Please discuss your needs with the instructor within the first week of the semester & contact Disabled Student Services, 5025A Craven Hall, (760) 750-4905 or (760) 750-4909 (TDD).

Plagiarism

All work submitted for this course should reflect students' efforts. When relying on supporting documents authored by others, cite them clearly and completely using American Psychological Association (APA) manual, 5th edition. Failure to do so may result in failure of the course.

All required work is expected to be on time. One grade level will be deducted for each class meeting for which it is late (e.g., an "A" assignment that is submitted one class session late will be marked down to a "B"). Unless prior instructor approval is secured, assignments will not be accepted three class sessions after which they are due. Exceptions will be handled on a case-by-case basis, as determined by the instructor.

It is expected that students will proofread and edit their assignments prior to submission. Students will ensure that the text is error-free (grammar, spelling), and ideas are logically and concisely presented. The assignment's grade will be negatively affected as a result of this oversight. Each written assignment will be graded approximately 80% on content and context (detail, logic, synthesis of information, depth of analysis, etc.), and 20% on mechanics (grammar, syntax, spelling, format, uniformity of citation, etc.). All citations, where appropriate, will use American Psychological Association (APA) format. Consult American Psychological Association (APA) Manual, 5th edition for citation guidance.

Grading will also include a component of "professional demeanor." Students will conduct themselves in ways that are generally expected of those who are entering the education profession. This includes but is not limited to:

- On-time arrival to all class sessions;
- Advance preparation of readings and timely submission of assignments;
- Respectful participation in all settings (e.g., whole group, small group, in/outside of class);
- Carefully considered, culturally aware approaches to solution-finding.

Course Assignments

| | |
|---------------------------------|----------------------|
| Student Study Team presentation | 10 points + 5 points |
| Peer Teaching demonstration | 10 points |
| Observation | 10 points |

| | |
|--------------------------|-----------|
| Lesson Plan | 20 points |
| Electronic Portfolio/TPE | 10 points |
| Classroom Management | 10 points |
| Diversity Interview | 10 points |

| | |
|---------------------------------|-------------------|
| <u>Attendance/Participation</u> | 15 points |
| Total | 100 points |

Grading Scale

| | | | | |
|-----------|----------|-----------|---------|----------------|
| A= 93-100 | B+=86-89 | C+= 77-79 | | |
| A-=90-92 | B=83-86 | C= 73-76 | D=60-69 | F=59 or lower. |
| | B-=80-82 | C- =70-72 | | |

Please note assignments are due whether or not you are present in class that day.

While this syllabus is carefully planned, it may be modified at any time in response to the needs and interests of the class.

Observation - Objective Observer 10 points

Learner Outcomes: Teacher candidates will apply their knowledge of professional observation skills, including identification of major characteristics of the learning and social behaviors of typical and atypical students:

- Teacher candidates are able to differentiate between professional and unprofessional observation skills
- Teacher candidates are able to record what they observe
- Teacher candidates are able to write up their observation notes with recommendations for curriculum and instructional implications

Assessment: Teacher candidates will apply their knowledge of professional observation skills and curriculum and instructional strategies

- 1) to observe a student
- 2) take objective notes on the student’s behavior, and
- 3) write up a report summarizing the observation and make educational recommendations for the student.

| Resources | Title and necessary information: |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Textbook/chapters | Choate, J. S. (2004) <u>Successful inclusive teaching (4th ed.)</u> . Needham, MA: Allyn & Bacon. Chapters 1-3 |
| Internet Resources | Tomlinson, Carol Ann. (1999). <u>The Differentiated Classroom: Responding to the needs of all learners</u> . Alexandria, VA: Association for Supervision and Curriculum Development. ISBN # 0-87120-342-1 (Available free through CSUSM ebooks library.) |

Task Guidelines

1. Identify a K-12 student to observe.
 - a. DO NOT observe a student in your own class, or a child whom you already know. Being objective is critical to good observation.
 - b. Choose a child who represents a difference: student learning English, student who is an accelerated learner, student who has a special education label under IDEA or ADA, student who is shy...)
2. Please observe the student for 30-60 minutes.

3. It is NOT REQUIRED to see the student's records. These are confidential and you may not have access. If you are able to read the child's record you may include that in your report.
4. Remember to keep all information about your student confidential. Use pseudonyms (false names) for the child, the child's teacher and the school.
5. Write Student Data: Part I of Report.
(This part of the report is only a documentation of what you see and hear.
DO NOT include any opinions.)

Background Information

- Student's Pseudonym
- Your name
- Chronological Age of Student
- Student's Grade
- Pre-school and K-12 school history if available
- Health issues (allergies, diagnosed ADHD, glasses...)
- Family information, whom does the child live with and who else is part of the student's family (divorced parents, raised by grandmother, siblings, foster family...)
- Special service student receives (IEP, SST, ESL, referred for testing)
- Attendance and tardiness concerns

Placement

- From which programs is student receiving services ?
- Where is student receiving those services?
- What portion of the day is the student in general education?
- What portion is student in other placements?
- How have the student's unique needs and services impacted his/her success/progress in school?
- Describe the setting in which you observed the student in detail
 - What does the room look like?
 - Where is the student in the room?
 - Who are the educators in the room?
 - What proximity do the educators have with the student?
 - What students are near the student you are observing?

Performance

- Describe the student's body language
- Describe the student's facial expressions
- Describe the student's actions/activities
- Describe the student's verbal and nonverbal interactions with peers and adults
- What does the student do to show his/her learning?
- Describe verbal and nonverbal interactions adults have with student
- Describe verbal and nonverbal interactions peers have with student

6. Write Observation Summary & Recommendations: Part II of Report
(This is the only place you can share your opinions.)

Summary

- Describe the student's areas of strength
- Describe the student's areas of need
- Use data from observation to support your assessment

Recommendations

- What are your recommendations for adaptations?
 - Content

- Process
 - Product
- What are your recommendations for behavior management (seating arrangement, contract, management strategies...) to help this student succeed?
- What does the student need to succeed?

Student Observation Rubric

| Elements | Beginning to Meet Expectations 0.5 points | Approaching Expectations 1 point | Meets Expectations 2 points | Total Points |
|--------------------------------|------------------------------------------------------|-------------------------------------------------------|-----------------------------------------------------------|--------------|
| Student Background Information | Less than 100% of areas are covered | 100% of information covered but not covered in detail | Cover all areas with rich detail | |
| Student Placement | Less than 100% of areas are covered | 100% of information covered but not covered in detail | Cover all areas with rich detail | |
| Student Performance | Less than 100% of areas are covered | 100% of information covered but not covered in detail | Cover all areas with rich detail | |
| Observation Summary | Most areas are covered | All areas are covered | All areas are covered and data is used to support summary | |
| Educational Recommendations | General recommendations are provided for most areas. | General recommendations are provided for all areas | Specific recommendations are provided for all 3 areas. | |
| Total Points | | | | /10 |

Interview with a Person Different From Myself - Diversity Interview 10 Points

Learner Outcomes: Engage in a discussion with n ethnically different person and obtain a snapshot of their life and educational experience.

Assessment: Paper containing a summary of the interview and 1-2 page reflections of experience

| Resources | Title and necessary information: |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Textbook/pages | Marion, Valadez, and Woo (2003). <i>Elementary Teaching and Learning</i> . Needham Heights, MA: Allyn and Bacon Group Differences |

Preparation

1. Read the assigned chapters.
2. Brainstorm possible questions in class

Process

Students may work individually to conduct an ethnographic interview of someone who is very different from themselves. To the degree possible, the students should incorporate the perspective of the interviewee and view the world from someone else’s lens. The reflection should, minimally, address your impressions of the interviewee, relate the information obtained to class discussions and describe what you learned from this experience. The interview experience will be shared in class.

Differentiated Lesson Plan

20 points

Learner Objectives: Teacher candidates will be able to design a lesson that differentiates content, process and product to maximize learning for students with diverse needs.

Assessment: Teacher candidates will write a lesson plan that differentiates content, process, and product for students learning English, students who are accelerated learners, and students with special needs.

Preparation: Before beginning assignment teacher candidates read the following resources and demonstrate the ability to complete the prerequisite skills.

| Resources | Title and necessary information: |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Textbook/chapters | Choate, J. S. (2000) <u>Successful inclusive teaching (3rd ed.)</u> . Needham, MA: Allyn & Bacon. Chapters 16 Pierangelo, Roger, & Giuliani, George A. (2001). <u>What Every Teacher Should Know about Students with Special Needs: Promoting Success in the classroom</u> . Champaign, IL: Research press. |
| Internet Site(s) | Tomlinson, Carol Ann. (1999). <u>The Differentiated Classroom: Responding to the needs of all learners</u> . Alexandria, VA: Association for Supervision and Curriculum Development. ISBN # 0-87120-342-1 (Available free through CSUSM ebooks library.) ELD Standards - http://www.cde.ca.gov/re/pn/fd/documents/englangdev-stnd.pdf COE Lesson Format form CSUSM website |

Prerequisite skills:

- Teacher candidates are able to write a lesson plan using the COE lesson format.
- Teacher candidates are able to differentiate curriculum and instruction based on content, process, and product as defined by Carol Ann Tomlinson (1999).
- Teacher candidates are able to use information about students' readiness range (skills, reading, thinking & information), learning profiles, interests, talents, and culture to differentiate curriculum and instruction (Tomlinson, 1999).
- Teacher candidates are able to identify strategies to meet the needs of
 - Students learning English (including differentiation for Beginning, Intermediate, and Advanced levels)
 - Students who are accelerated learners as referred to by Pierangelo & Giuliani (2001)
 - Students who need special education support under IDEA &/or ADA as referred to by Choate (2000), Pierangelo & Giuliani (2001), and Villa & Thousand (1995)

Task Guidelines

1. Design a lesson plan using COE lesson format.
2. Describe what you know about the learners and their context in detail. When describing students who are learning English and their levels of language acquisition, students who are accelerated learners, and students needing special education supports under IDEA &/or ADA include, readiness range (skills, reading, thinking & information), learning profiles, interests, talents, and culture for all students.
3. Design a differentiated lesson plan. Consider the lesson you are revising, what content, process and products does the lesson incorporate? How could you revise the lesson to differentiate the content, process, or product for your students learning English, for your accelerated learners and

your students with special needs? Address individual needs based on their readiness (skills, reading, thinking & information), learning profile, interests, talents, and culture.

4. Plan Implementation. Accommodations need to be provided with dignity. All students need to feel comfortable and supported to maximize learning. What will you do to create an environment so the whole community values differentiation?

Differentiated Lesson Plan Rubric

| Elements | Beginning to Meet Expectations 1 point | Approaching Expectations 3 points | Meets Expectations 5 points | Total Points |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| Facts About Learners | Identify number of students that are learning English, students that are accelerated, and students with special ed. labels under IDEA &/or ADA | & describe each students' readiness range (skills, reading, thinking & information), learning profiles, interests, talents, and culture | & identify the students educational implications based on their label and their readiness range, learning profiles, interests, talents, and culture | |
| Differentiation plan | Insufficient and minimally appropriate modifications are unclearly linked to student needs in a disorganized instructional plan | Some appropriate modification loosely linked to student needs in an organized instructional plan | Sufficient and appropriate modifications are directly linked to student needs in a seamless and well-organized instructional plan | |
| Differentiation Implementation | Differentiations provided for some students, but not all | Differentiation is used in a way that highlights students' differences and does not support students to feel important and valuable members of community | Differentiation strategies are seamless and in place for all students, so that students feel important and valuable members of the community | |
| Assessment Plan | Assessment tools are inappropriate and not linked to instructional objective | Assessment tools and criteria are appropriate but loosely linked to instructional objectives | Assessment tools and criteria are appropriate and clearly linked to instructional objectives | |
| Total Points | | | | /20 |

Student Study Team (SST) Process

15 points

Learner Objectives: Knowledge and skill in conducting and participating in the Student Study Team general education pre-referral process

Assessment: Teacher candidates apply their knowledge of the SST processes for avoiding special education referral by participating in a simulation of an SST meeting regarding a child with a selected classroom challenge.

Teacher candidates create an annotated bibliography of articles and Web sites that provide information about the student's challenge and strategies for supporting the student to be successful in the class

TASK AND GUIDELINES

Context

The Student Study Team (SST) process is a general education function and general education teacher responsibility. It is a state-mandated prevention and intervention process and structure that must exist at every California school. The SST process is designed to address students' learning needs PRIOR to even thinking about referral for special education assessment. Some disabilities are more obvious and present themselves prior to school entry. Other high incident disabilities such as learning disabilities (e.g., language, mathematics, written expression) often develop in response to academic demands. Further, there are many children without disabilities who struggle in school because English is not their first language or because the instructional approaches used by their teachers do not match their learning styles (i.e., preferred areas of Multiple Intelligences). Most students respond positively when their classroom teachers seek ideas and support from professional peers through the SST process.

Objectives

The objectives of having you participate in a mock SST meeting are to give you the opportunity to:

- demonstrate effective use of the SST model
- demonstrate the various roles of the SST members
- examine support options for students based upon their unique individual characteristics
- demonstrate the use of prereferral strategies as the preferred response (over formal special education referral) to resolve problems
- clarify the initial procedures involved in identifying students for special education support

Preparation

- Read the SST Lecturette and Chapter 16 of Choate.

- Visit a Web site that you find
- Watch the video segments #1 and #3 of the Inclusion Series that models the SST process and the elements of effective collaborative teaming.

Assignment Description

Each class member will be assigned to a SST team of 5 members. Each member of the group will fulfill one of the following roles and the corresponding assigned tasks. Each member will participate in an SST role play. Each student will write up a reflection on his/her group experience.

Roles
 PREVIOUS TEACHER
 PARENT
 CURRENT TEACHER
 RESOURCE SPECIALIST
 ADMINISTRATOR

Tasks
 DATA SHEET/SUMMARY SHEET
 DATA SHEET/SUMMARY SHEET
 DATA SHEET/SUMMARY SHEET
 DATA SHEET/SUMMARY SHEET
 DATA SHEET/SUMMARY SHEET

The Tasks:

- Complete a data sheet of observed characteristics of the student's behavior and learning or behavioral challenges, how the child's characteristics affect school performance, and possible strategies for supporting the student.
- Complete the SST Summary Sheet with each column filled out in items that will be covered in the SST role play
- Answer guiding questions provided
- On your own, find two annotated bibliographies per team member of articles and/or web sites that provide information about the challenging student characteristic and strategies for supporting the student. Each annotation is to include a starting paragraph that briefly summarizes the article. A second paragraph will summarize your reaction (e.g., interesting new information, conflicting perspectives, challenging point) to the article. Use APA format in referencing the article or web site.
- After completing the in class SST role play and discussion, go to your electronic portfolio and write a response to these prompts:
 - Articulate the rationale for inclusive educational opportunities for all students.
 - What were the strengths and needs of the student you had an SST meeting for?
 - What principles of universal design guided the group's decision for differentiating instruction?
 - What strategies were identified to support the student? Provide examples of natural peer supports (e.g., partner learning, peer tutoring, classroom meetings), collaborative teaching and learning methods, and other appropriate materials and technologies (including assistive technologies) to a) create a caring classroom community in which students value one another's differences, b) develop the social competence of and relationships among class members, and c) meet the educational and social/emotional needs of the student.
 - Describe what your role will be at future SST meetings?
 - How will you prepare for SST meetings?
 - What was useful about this experience?
 - How will this experience inform your teaching?

Classroom Management

10 points

Learner Objectives: Teacher candidates will be able to design a classroom management plan for students with diverse needs.

Assessment: Teacher candidates will write a classroom management plan that addresses all six levels of the discipline pyramid from prevention to individualized support plans. Teacher candidates will identify a minimum of three beliefs about teaching and learning and show how their beliefs are implemented in the strategies at each of the six different discipline levels. Students will be required to describe a minimum of 4 strategies at each pyramid level. 1-2 strategies at each level must cite a theory or discipline model.

Preparation: Before beginning assignment teacher candidates read the following resources and demonstrate the ability to complete the prerequisite skills.

| Resources | Title and necessary information: |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Textbook/chapters | Choate, J. S. (2000) <u>Successful inclusive teaching (3rd ed.)</u> . Needham, MA: Allyn & Bacon. Chapters To Be Assigned Thousand, Villa, & Nevin. (2002). "Discipline Pyramid," <u>Creativity and Collaborative Learning: The practical guide to empowering students, teachers and families, 2nd ed.</u> Baltimore, MA: Brookes Publishing. P. 143 Villa, Richard, & Thousand, Jacquelyn. (1995). <u>Creating an inclusive school</u> . Alexandria, VA: ASCD. Chapters To Be Assigned |
| Internet Site(s) | Visit a website |

Prerequisite skills:

- Teacher candidates are able to identify their beliefs about teaching and learning as related to student behavior.
- Teacher candidates are able to differentiate the six levels of the discipline pyramid
- Teacher candidates are able to use information about students' readiness range (skills, reading, thinking & information), learning profiles, interests, talents, and culture to determine appropriate discipline approaches (Thousand, Villa & Nevine)
- Teacher candidates are able to identify strategies to meet the needs of
 - Students learning English (including differentiation for Beginning, Intermediate, and Advanced levels)
 - Students who are accelerated learners and
 - Students who need special education support under IDEA &/or ADA as referred to by Choate (2000), Villa & Thousand (2002)

Task Guidelines

1. Identify a minimum of three core beliefs you have about teaching and learning and how those impact your classroom management plan. Read 3 or more discipline theories/classroom management models from texts or websites
2. Do the following activities: .
 - a. Observe a classroom teacher and identify his/her educational beliefs and how they implement those beliefs in their management approach.
 - b. Interview a teacher about his/her educational beliefs and how they implement those beliefs in their classroom management plans.

3. Describe what management strategies you will use at each of the six levels of the discipline pyramid from prevention to individualized support plans. Make sure your action plan implements your beliefs.

Classroom Management Plan Rubric

| Elements | Approaching Expectations 1 point | Meets Expectations 2 points | Total Points |
|-------------------------------------------|-----------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|--------------|
| Educational Beliefs | Identify 1-2 beliefs. | Identify 3 educational beliefs, describe how they will be implemented in your classroom management plan. | |
| Define your management plan | Describe 1-3 strategies for each level of discipline plan | Describe 4 or more strategies for each level of pyramid. | |
| Implementation of educational beliefs | Some of your strategies are linked to your educational beliefs. | Each strategy is clearly linked to one of your educational beliefs. | |
| Citations | 1 or less citations for each area of pyramid | 1-2 citations for each level of pyramid. | |
| Organization of Classroom Management Plan | All areas are covered, but not easy to locate. | All areas are covered, a navigations system is well implement to allow reader to locate and comprehend each area of pyramid. | |
| Total Points | | | /10 |

Electronic Portfolio - TaskStream

10 points

Learner Objectives: Knowledge and skill in creating an electronic portfolio.

Assessment: Teacher candidates apply what they have learned from the required assignments to the TPE's designated in a cogent, first person reflection in TaskStream.

Teacher candidates will include all necessary components in their final submission of the electronic portfolio.

|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Internet Site(s) | http://lynx.csusm.edu/coe/eportfolio/index.asp This will take you to the CSUSM COE website where you can get help with how to create your electronic portfolio and information on the required elements. http://www.taskstream.com This is the TaskStream home page where you will register for Taskstream and return to when working on your electronic portfolio. |

Lesson Demonstration

10 Points

Learner Outcomes: Develop as an instructor by preparing and organizing a lesson around a lesson you might teach or have taught in an elementary school classroom.

Assessment: Teaching activity including depth, analysis, and organization.

Preparation- Carefully select a lesson. Plan how to teach to your peers.

Process

You are required to sign up to teach one lesson for one class session. You will also discuss an analysis of your teaching with your peers. **The whole activity should be no more than 15 minutes.** The activity should engage the class and allow us to examine the materials in a meaningful way. Select a lesson on which you would like to have feedback. **You must provide a context and history for your lesson (i.e. Where was your placement, describe the students, why did you teach this lesson?). Provide a lesson plan to the class. In addition, you must write and present a reflective analysis of your teaching. Respond to the following:**

- Did you teach the lesson as planned? If not, what changes did you make to the lesson and why?
- How appropriate were your time allocations for the students, the content, and the planned instructional strategies and student activities?
- To what extent did the class/group as a whole achieve the academic learning goals of the lesson?
- How well did the lesson connect with the students' background and developmental information?
- In what ways did the environment in the classroom, including climate, rapport, routines, and procedures contribute to student learning?
- In what ways was your lesson effective, and what might you do differently to improve the lesson?

A lesson plan and 1-2 page reflection will be turned in to the instructor.

Lesson Plan Format

I. CONSIDERATIONS BEFORE THE LESSON

Facts about the Learners

Who are my students and how do they learn?
What forms of communication do my students use?

Content/Context

Content area(s) or discipline(s)
Grade level(s)
Content standards addressed
Lesson's Objectives
Prior knowledge and skills

Product/Assessments

In what varied authentic ways will students demonstrate accomplishment of the objectives?
What criteria will you use to judge students' success for each objective?

Management/Discipline Considerations

What materials and resources are needed?
How will you incorporate technology?
How will you handle the room arrangement?
How will you handle student grouping?
How will you handle student transitions and misbehavior?

II. OPENING THE LESSON/ INTO

Anticipatory Set - How will you motivate and focus students?

III. PROCESS/STEPS OF INSTRUCTION/ THROUGH

A. Teacher Input

1. How will you describe and model skills?
2. How will you provide examples and non-examples?
3. How will you teach to the objective(s)?
4. How will you actively involve all students?
5. What will the teacher do?
6. What will the students do?

B. Guided Practice

1. How will students practice alone?
2. How will you check for understanding?
3. What will your interventions consist of if the objectives are not being met?

C. Independent Practice/Formative Assessment

What benchmark criteria will you look for to assess if students are meeting the objectives?

D. Closure/Summative Assessment

How will you have students summarize their learning?
How will you assess whether students have met the objectives?

IV. AFTER THE LESSON/BEYOND

A. Transfer

How will you structure opportunities for students to continue practice and transfer learning?

B. Reflection

1. What went well in the lesson and was it relevant and worthwhile?
1. What evidence do you have that the lesson went well?
2. What changes will you make to enhance learning?
3. What benefits do these changes have for the students and your effectiveness as a teacher?

College of Education Attendance Policy

Due to the interactive nature of courses in the COE, and the value placed on the contributions of every student, students are expected to prepare for, attend, and participate in all classes. For extenuating circumstances contact the instructors **before** class is missed, and make arrangements to make up what was missed. At minimum, a student must attend more than 80% of class time, or s/he may not receive a passing grade for the course. If a student misses two class sessions or is late (or leaves early) for more than three sessions, the highest possible grade earned will be a "C". **Notification of absences does not allow students to assume they are automatically excused from class or making up missed class.**

_____ student's name printed

Fall placement _____

signature _____ date _____

_____ email _____ phone _____

Attendance/participation/quiz & homework grade (15%)

| | | | |
|--------------|--------------|--------------|---------------------------|
