**College of Education Mission Statement**

The mission of the College of Education Community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity, and social justice, exemplified through reflective teaching, life-long learning, innovative research and on-going service. Our practices demonstrate a commitment to student-centered education, diversity, collaboration, professionalism, and shared governance. *(Adopted by COE Governance Community, October, 1997).*

**Authorization to Teach English Learners**

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Students successfully completing this program receive a credential with authorization to teach English learners.

*(Approved by CCTC in SB 2042 Program Standards, August 02)*

**Students with Disabilities Requiring Reasonable Accommodations**

Students must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 5205, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

**College of Education Attendance Policy**

Due to the dynamic and interactive nature of courses in the College of Education, all students are expected to attend all classes and participate actively. At a minimum, students must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the student have extenuating circumstances, s/he should contact the instructor as soon as possible. *(Adopted by the COE Governance Community, December, 1997).*

A good student is one who adheres to standards of dependability and promptness. If you miss more than two class sessions or are late (or leave early) for more than three sessions, you cannot receive an A. If you miss more than three class sessions you cannot receive a B. After two weeks, late assignments will be given a zero. If you have extraordinary circumstances in your life which will impact completing your assignments, please let me know. I want you to be able to stay in school and succeed. If you have any questions or concerns, please feel free to come in and speak with me about them.

### Task Stream, TPE's, and Assignments

#### Teacher Performance Expectation (TPE) Competencies

This course is designed to help teachers seeking the Multiple Subjects Credential to develop the skills, knowledge, and attitudes necessary to assist schools and district in implementing an effective programs for all students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. The following TPE's are addressed in this course:

TPE 3-Interpretation and Use of Assessments

TPE 8-Learning About Students

### **TPE Reflective Writing for Task Stream:**

This course requires that you address the TPE's listed above for your Task Stream Electronic Portfolio. You will address these TPE's by completing course assignments. Completion of the course assignments will include that you have submitted them in the appropriate format to your electronic portfolio. Assessment of your TPE's is directly related to the assessment of your course assignments. You will write summary reflections to be submitted, responded to, and archived via Task Stream.

This will take you to the CSUSM COE website where you can get help with how to create your electronic portfolio and information on the required elements.

<http://www.taskstream.com>

This is the TaskStream home page where you will register for Taskstream and return to when working on your electronic portfolio

### **ASSIGNMENTS:**

#### **Literacy Case Study (TPE 8) and (TPE 3)**

(50 points)

Choose a student in the upper elementary or middle school who is reading at or above first grade level and below his/her current grade level. Prepare a literacy case study on this student. Record all the student's oral responses on tape. If you think the child is getting tired, stop the assessment and pick up another day. An important part of the assessment is developing a rapport with the child in which s/he is comfortable to fully participate.

**Literacy Case Study Section A:** Learning about your student: You will refer to the rubric distributed in class for the details of this assignment. This assignment will be an artifact in your electronic portfolio which accompanies your reflective statements on TPE 8.

- **TPE 8: Learning about Students**

Candidates for a Teaching Credential draw upon an understanding of patterns of child and adolescent development to understand their students. Using formal and informal methods, they assess students' prior mastery of academic language abilities, content knowledge, and skills, and maximize learning opportunities for all students. Through interpersonal interactions, they learn about students' abilities, ideas, interests and aspirations. They encourage parents to become involved and support their efforts to improve student learning. They understand how multiple factors, including gender and health, can influence students' behavior, and understand the connections between students' health and their ability to learn. Based on assessment data, classroom observation, reflection and consultation, they identify students needing specialized instruction, including students whose physical disabilities, learning disabilities, or health status require instructional adaptations, and students who are gifted.

- You will need to write a reflection that elaborates on your learning and mastery of this TPE. The reflection should be at least 2 paragraphs in length and include evidence that you have a grasp of Subject-Specific Pedagogical Skill for MST in the area of teaching Reading-Language Arts. In order for the assignment to be complete, students must post their artifact and reflection to their Task Stream account after it is returned with the comment: **Ready to Post TPE 8: Learning About Students**

**Literacy Case Study Sections B, C, D, E, F, and G:** You will refer to the rubric distributed in class for the evaluation of this assignment. These sections of the case study will be an artifact in your electronic portfolio which accompanies your reflective statement on TPE 3.

- **TPE 3: Interpretation and Use of Assessments**

Candidates for a Teaching Credential understand and use a variety of informal and formal, as well as formative and summative assessments, to determine students' progress and plan instruction. They know about and can appropriately implement the state-adopted student assessment program. Candidates understand the purposes and uses of different types of diagnostic instruments, including entry level, progress-monitoring and summative assessments. They use multiple measures, including information from families, to assess student knowledge, skills, and behaviors. They know when and how to use specialized assessments based on students' needs. Candidates know about and can appropriately use informal classroom assessments and analyze student work. They teach students how to use self-assessment strategies. Candidates provide guidance and time for students to practice these strategies.

Candidates understand how to familiarize students with the format of standardized tests. They know how to appropriately administer standardized tests, including when to make accommodations for students with special needs. They know how to accurately interpret assessment results of individuals and groups in order to develop and modify instruction. Candidates interpret assessment data to identify the level of proficiency of English language learners in English as well as in the students' primary language. They give students specific, timely feedback on their learning, and maintain accurate records summarizing student achievement. They are able to explain, to students and to their families, student academic and behavioral strengths, areas for academic growth, promotion and retention policies, and how a grade or progress report is derived. Candidates can clearly explain to families how to help students achieve the curriculum.

- You will need to write a reflection that elaborates on your learning and mastery of this TPE. The reflection should be at least 2 paragraphs in length and include evidence that you have a grasp of Subject-Specific Pedagogical Skill for MST in the area of teaching Reading-Language Arts. In order for the assignment to be complete, students must post their artifact and reflection to their Task Stream account after it is returned with the comment: **Ready to Post TPE 3: Interpretation and Use of Assessments**

**Section B: Reading interview:** Use a reading attitude survey that is distributed in class.

Administer the survey and note student responses. Write a well developed paragraph(s) which identifies 3 important findings you made about the reader from the interview. Support each finding with the data from the interview. (Include survey in appendix.)

**Section C: Writing assessment:** Obtain a writing sample from the student. Have him or her write about a favorite toy, book, food, sport or anything that is personal to this child. Write a well developed paragraph(s) which summarizes the information that you learned from the child's writing sample; ie: child's stage, strengths, needs. (Include writing sample in appendix.)

**Section D: Oral Language Assessment:** Select a picture as a stimulus to assess the child's use of language. Encourage the child to talk about the picture. Record the conversation and transcribe it. Write a well developed paragraph(s) which describes the child's willingness to talk about objects or content,

child's clarity of expressing his/her ideas, amount of prompting you had to do, the kind of responses the child made. (Include transcript in appendix.)

**Section E: Reading Assessment:** The Informal Reading Inventory has 4 parts. Write a well developed paragraph summarizing the information that you obtain from each part. (Include original data in an appendix.)

- **Section E Part 1: Word list:** Use the graded word lists to ascertain the level at which you will have your student begin to read the reading passage. Administer the word lists beginning 3 grades below student's current grade level. Score and find the word list grade level at which the student first scores "instructional." Next, go back one grade level from the first instructional level. Student will begin readings at that grade level. (Include scoring forms in appendix.)
- **Section E Part 2: Student Reading:** Use the reading passages in the Johns section A. Before the student reads each passage, tell her/him that you will be asking her/him to retell the story afterwards. Tell the student to start reading the passage indicated by the results of the word list assessment. Record (on audio tape) the student reading each one. Do not score the reading miscues, yet. Immediately after the student finishes reading ask the comprehension questions, which will help you determine when you need to stop the readings (see Section E part 3).
- **Section E Part 3: Retelling:** Immediately after the student reads a passage, ask the comprehension questions found on the back page of each reading passage. Score the student's responses to determine if the s/he is at independent, instructional, frustration level. If the child scores in the independent or instructional range continue having her/him read the next passage. If the child scores in the frustration range, stop. (Include scoring forms in appendix.)  
Insert the following chart in this section based on comprehension question scores:

Independent level	Instructional level	Frustration level
Grades ? - ?	Grades ? - ?	Grade ?

- **Section E Part 4: Miscue Analysis:** Listen to the tape of the student reading the passages. You may want to record miscues directly on your copy of the narrative text as you listen. You must record the miscues on the miscue record sheets for each text found in the reading passages Next, score the miscues for significant miscues. Record all the information from the Section E assessments on the overall assessment recording sheet in the Johns. (Include form in appendix.)  
Insert the following chart based on the word analysis:

Independent level	Instructional level	Frustration level
Grades ? - ?	Grades ? - ?	Grade ?

**Section F: Data Analysis and Recommendations:** Take the role of a literacy consultant. Look at ALL the information that you have gathered about the child. Organize it in the Data Analysis Grid and use the Grid to help you write the following:

- Write a well developed paragraph describing the child's strengths (3) in language arts.
- Write a well developed paragraph describing the child's areas of need (3) in language arts.
- Write a well developed paragraph that describes 2 **specific** instructional recommendations. Explain how your recommendations utilize the student's strengths and address their LITERACY needs.

Assessments administered to student	Data from the assessments	Student's strengths and needs (3 of each)	Instructional Interventions

**Section G: Instructional Plan:** Take the role of a teacher. Choose one of the recommendations made by the literacy consultant (described above in section F), and write a well developed paragraph describing an instructional plan/intervention. The paragraph must be organized as a statement of your goal(s) in helping the child and a description of how you will incorporate the recommendation into your literacy instruction. Be sure to use instructional methods/approaches that are appropriate and research-based.

**Case Study Appendix:** Include all assessment forms and records. Your case study will not be accepted as complete without a complete appendix.

**Literature Circle Assignment (25 pts)**

Each one of you will be responsible for participating in a Literature Circle Discussion in a group of 4 using one of the Optional Texts. You should each take turns with each of the roles. The 7 roles include 1) Discussion Director, 2) Passage Master, 3) Word Wizard, 4) Connector, 5) Summarizer, 6) Illustrator, and 7) Investigator. In your groups, you will keep track of each section read and the roles each person played. The work completed by each individual for each section should be turned in. Your readings should be divided into at least 4 sections and each person should have an opportunity to perform each role at least once. I suggest the following format, however, if you group would like to try a different format, please check with me and you can implement it.

Section	Section 1	Section 2	Section 3	Section 4
Person 1	DD & PM	WW & C	S & I	I
Person 2	I	DD& PM	WW & C	S & I
Person 3	S& I	I	DD & PM	WW & C
Person 4	WW & C	S & I	I	DD & PM

**Writing Strategy Lesson Plan (25 pts)**

You will write and present a writing strategy lesson plan for a small group activity that takes into account student needs. They can be mini-lessons, direct instruction, inquiry, or any format you choose. Make your lesson active, interesting, fun and meaningful. Because lesson planning may be unfamiliar to some of you, but is so important to teaching, you will learn how to write a language arts lesson plan in class. Please choose a writing standard from the English Language Arts standards to guide your objectives.

Examples of possible strategies include:

- Monitoring Writing
- Editing
- Using commas
- Writing paragraphs
- Making transitions between paragraphs
- Beginning a piece of writing
- Organizing information while you write
- Relating what you are writing to what you already know
- Writing the main idea of a story
- Identifying patterns in a text
- Using graphic organizers to write
- Poetry

*Keep in mind when writing your lesson:* What is the purpose of your lesson? How does it relate to real reading and/or writing? What are your learning goals? How are they aligned with the CA Reading/Language Arts standards (check the Reading/Language Arts framework for CA public schools)? How will you present the lesson (instructional strategies, resource materials, time frame)? How will you group students for the lesson? How will you assess your students? What accommodations will you provide for students who need additional help?

*Important:* Your lesson must address the needs of mainstream students, as well as make provisions for second language learners, students presenting difficulty, and accelerated students. How are you going to work with students who are having difficulty? How will you scaffold second language learners' learning during the lesson? How will your lesson provide enrichment for accelerated students? Will you meet with students individually or in a small group while other students work independently?

### **Language Arts Resource Notebook (Part 2)**

Each of you will develop a Reading/Language Arts Resource Notebook that will be used to inform your teaching. The Resource Notebook has two main objectives. First, is to demonstrate your learning and understanding of the reading and language arts. Second is to start building a resource for your own learning. Be creative and thoughtful in the compilation of the notebook—it will be a demonstration that you are ready to teach the language arts to a diverse student population..

Each section of the notebook should contain the following:

- A RICA analysis sheet including: (a) what this content area(s) is about (Put it in your own words – 2 to 4 sentences), (b) 2 ways of assessing this content area (include rationale); and (c) 1 way of teaching it (description and accommodations). Describe the teaching strategy and explain how it supports reading, writing and/or language arts development. I will review this information as we cover the content for this course.
- An observation form (except for section 1)
- A technology-rich assignment that enhances your teaching and student learning
- Lesson plans, articles, and any other resources collected within class or student teaching that would be helpful.

For the second semester you will need to complete the following content areas:

- Section 2 Conducting Ongoing Assessment of Reading Development
  - Case Study
- Section 8: Reading Comprehension-Expository
- Section 9: Literary Responses and Analysis
- Section 10: Content-Area Literacy
- Section 11: Student Independent Reading
- Section 12: Relationships Among Reading, Writing, and Oral Language
- Section 15: Special Needs

You can choose how to organize this information in your notebook. You may include course assignments (lesson plans, case study, mini book unit, classroom observations, course handouts and materials from your classroom/school site, examples of lesson plans and student work, information from internet sources or professional journals. You may want to include strategies you will use to teach these content areas. You may even include pictures of students learning a specific strategy as well as your reflection on what was happening, why it worked or didn't work and why that was. You may include one (or more) successful activity that you used in the classroom (must be related to language arts instruction).

Begin early! Be creative and thoughtful! This resource notebook will contain samples of your learning and understanding, and examples of your work that demonstrate that you are ready to instruct children in

reading, writing, listening and speaking. Feel free to use a variety of graphic and written presentations, as best suits your learning style, in order to show your learning and understanding. Use a three-ring binder to organize your materials. Work with a friend so you can exchange ideas.

As you learn about assessment, phonemic awareness, the use of phonics, comprehension strategies and other components crucial to effective literacy instruction, compiling your resource notebook will help you prepare and review the content areas assessed by the RICA test. More importantly, it will serve as a resource for you in the future, and may be used for job interviews to illustrate your knowledge and experiences. I will explain and review information as we cover the content for this course.

Note: Besides the course readings, Dr. Alice Quioco's web site can also serve as a resource. The address is: <http://www.csusm.edu/Quiocho>. Click on "reading instruction portfolio." See the section on accommodations for ideas on ways to support second language learners.

Note: See [www.ed.gov/free/](http://www.ed.gov/free/) for free Educational Materials.

**CALIFORNIA STATE UNIVERSITY SAN MARCOS**

**CONSENT TO PARTICIPATE IN RESEARCH**

---

Dear Parents/Caretakers,

\_\_\_\_\_, a student teacher at California State University San Marcos, is enrolled this semester in a course that prepares our college students to assess their students' literacy levels and then design appropriate instruction that best addresses the needs of their students. One of the assignments for this class is a case study, which analyzes the literacy and learning practices of a student they are teaching. We are requesting permission to interview and observe your child for this purpose. The CSUSM student teacher will ask questions about the student's experiences with school and literacy and will evaluate the student's reading and writing skills. Reading will be assessed by having the student read selected passages and answering comprehension questions. Writing will be assessed by having the student write a brief selection about a topic of interest to him/her. The CSUSM student teacher is not a reading or writing specialist and is not prepared to diagnose a student's difficulties. They will only gather information and look for patterns and areas of significance that can help them to be better teachers of students at the high school level.

There are no risks in this research greater than those involved in everyday classroom practices and assessment. The potential benefits to your child are that he/she gets individual attention and could receive helpful feedback for continued literacy development. Your participation will also help the teacher to better understand individual student needs and how to best teach to those needs.

Participation in this study is voluntary, and your child may withdraw from the study at any time without penalty. If your child does not participate in this study, his/her performance and grades at school will not be affected in any way. All identification from the data gathered will be blacked out so that your child will not be identifiable in the written analysis. All information gathered in this case study can be made available to you upon request. If you have further questions, please contact (instructor's name) at CSUSM (instructor's phone). This study has been approved by the Cal State San Marcos Institutional Review Board. Questions about your rights as a research participant should be directed to the Chair of the Board at (760) 750-8820. You will be given a copy of this form to keep for your records.

**PERMISO**

Estimados Padres o Encargada/o:

\_\_\_\_\_ es un estudiante de la Facultad de Pedagogía en la Universidad Estatal de San Marcos que cursa estudios para convertirse en maestra/o. Actualmente dicho estudiante está matriculada/o en un curso que prepara a futuros maestros en el campo de la evaluación. Parte de esta preparación incluye el evaluar a los niños en el proceso de la lecto-escritura. Uno de los trabajos que tienen que completar para recibir su título de maestro es de analizar las destrezas de lecto-escritura de los niños. Es por esta razón que usted recibe esta carta en la cual se solicita su permiso para que su hija/o pueda participar en esta actividad.

Nuestro estudiante universitario le hará preguntas a su hija/o con respecto a las experiencias que ha tenido su hija/o en la lectura y escritura, y evaluará estas destrezas. Para evaluar la lectura, su hija/o tendrá que leer un pasaje de un cuento y contestar algunas preguntas. Para evaluar la escritura, su hija/o tendrá que escribir un párrafo acerca de un tópico que le interese. El estudiante universitario no es especialista en lecto-escritura, solo recopilará datos que usará para analizar el nivel de aprendizaje de un niño. De esta manera, el estudiante universitario podrá aumentar su capacidad para entender mejor las necesidades en la lecto-escritura de los estudiantes.

En este estudio no hay ningún riesgo previsible para su hija/o. Los beneficios de dicha evaluación podrían incluir ayuda especial para que su hija/o mejore su capacidad académica en la lecto-escritura. Su participación también podría ayudar a la maestra/o de su hija/o a entender mejor las necesidades en la lecto-escritura de los estudiantes.

La participación en este proyecto es completamente voluntaria, de tal manera que su hija/o podrá dejar de participar cuando quiera, sin ninguna consecuencia negativa. Su decisión de permitir o impedir que su hija/o participe no ejercerá ninguna influencia en sus calificaciones, el trato que recibe, o cualquier otro aspecto de su proceso escolar. Para asegurar confidencialidad total, todos los nombres de los estudiantes serán eliminados. La información recopilada estará a su disposición si desea verla. Si tiene preguntas o desea mayor información acerca de este estudio, por favor comuníquese con [instructor's name] en la Universidad Estatal de San Marcos, [instructor's phone number]. Este proyecto ha sido aprobado por la Junta Directiva Institucional (un comité universitario de protección a participantes en proyectos de investigación). Si tiene preguntas acerca de sus derechos como participante en esta investigación, puede dirigírselas al Presidente de la Junta Directiva, (760) 750-8820.

Se le otorgará una copia de este formulario.
