Course Description:

This course addresses the needs of teachers faced with the growing diversity that exists in today's classrooms. As such it will focus on bilingual sociolinguistic/sociocultural competence and implications for learning and instruction, application of effective alternative instructional practices, cultural aspects of English learners, as well as effective and appropriate English language development (ELD) techniques and successful bilingual, multilingual education for language minority students.

Course Objectives:

- 1) Explain the basic terms, philosophies, problems, issues, history, and practices related to the education of language minority persons in California and the US.

- 2) Demonstrate understanding of the most important goals of bilingual/multicultural education.
- 3) Explain the theoretical framework upon which bilingual education is founded.
- 4) Demonstrate understanding of existing student identification, assessment, and language redesignation requirements for the state of California.
- 5) Explain the connections between bilingual education, English as a second language, English language development, and SDAIE methodologies.
- 6) Demonstrate understanding of the five models of multicultural education and their implications for curriculum, instruction, and educational policy.
- 7) Discuss the meaning of culture, differentiated index, and the necessity for cultural convergence in schools.
- 8) Use confluent education techniques to develop understand of each individual student, create a more just and humane learning environment, and help students in their growth and development as human beings.

Course Requirements:

All students are expected to participate in class activities and demonstrate reflective thinking and learning both in writing and in class discussions. It is important that students are well prepared for course sessions by completing the readings and assignments scheduled before the class meeting. Unless otherwise negotiated with the instructor, all assignments are to be handed in on the due date. **Assignments not handed-in on due date will lose 10% of possible credit per day.** Assignments should be typed and double-spaced.

Attendance/Participation/facilitation (20 pts.)

The College of Education has adopted the following attendance policy:
Due to the dynamic and interactive nature of courses in the College of Education, all students are expected to attend all classes and participate actively. At a minimum, students must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the

discretion at the instructor. Individual instructors may adopt more stringent attendance requirements. Should the student have extenuating circumstances, s/he should contact the instructor as soon as possible.

As per COE policy, in order to receive an “A” students may **miss no more than one class. Late arrivals or departures will count as half an absence. Please advise instructor at the earliest possible time of extenuating circumstances.**

Also, as time permits, students will be selected to facilitate the reading assignments for the session.

Response to Readings (15 pts)

During each session the instructor will provide you with guidelines for responding to selected readings for that week. Each response will be designed to be used with a creative strategy for writing that you can later incorporate with your students in the classroom. These responses will be shared at the beginning of class during each session.

Case Study (15 points)- For this assignment you will follow an English learner or group of students during your teaching assignment. You will collect and document evidence of any instructional modifications made to provide comprehensible academic input for the student(s). We will discuss this in detail in class. You will use pages 32 and 94 in *Amazing English as guides*.

SDAIE Unit Plan (25 Points) – (In groups of 3-4) Providing rigorous academic instruction that also facilitates English language acquisition is critical to the academic achievement of English learners. This assignment will provide you with an opportunity to demonstrate ways in which curriculum and instruction, while remaining grade level appropriate, can be modified so that it is comprehensible to English Learners. Some of this assignment will be done in class and thus collaboration is highly encouraged. You will design or adapt a unit of at least three sequential lessons that employ SDAIE methodology. The lesson plan format in *Amazing English* will be used. The final plans should include the criteria listed below. Be certain to provide a reflective evaluation of the lesson plans by addressing the questions below:

- ◆ Does each lesson use visuals, manipulatives, realia, drama and scaffolding techniques that would facilitate understanding?
- ◆ Does each lesson take into consideration the varying English proficiencies of language minority students?
- ◆ Do the lesson strategies incorporate group collaboration, cooperative learning activities, peer assistance, or other work group techniques?
- ◆ Does the lesson incorporate the culture, lived experiences, and if possible, the language of the students?
- ◆ Is the curriculum reflected in the lesson challenging and not watered down?
- ◆ How are the parents and community integrated into the unit?
- ◆ Does the lesson include the 7 Intelligences and/or multiple modalities?

Facilitation of Readings (15 points) – Each class member will have the opportunity to lead/facilitate a short, (15-20 minutes **maximum**) discussion or presentation about the readings for that week. Possibilities will be discussed in class. A sign up sheet will be circulated the first day of class. Ongoing.
