COURSE LEARNING OUTCOMES

Upon successful completion of this course, students will (be able to):

- Identify issues of social justice related to students' social, cultural, and linguistic diversity that impact students' opportunities to develop and learn in school, classroom, home and community contexts through Social Justice Action Plan and Annotated Bibliography.
- Analyze need to collaborate with key stakeholders to advocate for and advance differentiated learning, home-school partnerships, and initiatives that build on all students' and parents' funds of knowledge, equity, and leadership skills through readings, discussions, and Social Justice Action Plan.

MA IN EDUCATION PROGRAM STUDENT LEARNING OUTCOMES (PSLOs)

The Master of Arts in Education Program assesses four (4) Program Student Learning Outcomes (PSLOs):

- PSLO 1: Professional Dispositions (EDUC 622 & prior to enrollment in EDUC 698)
- PSLO 2: Leadership Skills (EDUC 602)
- PSLO 3: Analyze Research (EDUC 622)
- PSLO 4: Integrate Research (EDUC 698)

EDUC 602 addresses Program Student Learning Outcome 2:

PSLO 2: Leadership Skills

Apply leadership skills to advance the profession. In the General Option MA Program, PSLO 2 is assessed in EDUC 602's Social Justice & Equity Action Plan Assignment using a rubric provided in the course syllabus.

Assessment of Professional Dispositions

Assessing a candidate's dispositions within a professional preparation program is recognition that teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions – social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning — and developed an assessment rubric. For each dispositional element, there are four levels of performance at the Master's level - *unacceptable*, *approaches target*, *meets target*, and *advanced target*. The description and rubric for the four levels of performance offer measurable behaviors and examples.

The assessment is designed to provide candidates with ongoing feedback for their growth in professional dispositions and includes self-assessments by the candidate. The dispositions and rubric are presented, explained and assessed in at least two designated courses (EDUC 602 and 622) in the General Option Master of Arts in Education Program and again prior to advancement to candidacy and enrollment in EDUC 698. Based upon assessment feedback candidates will compose a reflection and an action plan for improvement. Candidates are expected to meet the level of *advanced target*. Candidates who have fulfilled or will fulfill the Professional Disposition requirement as part of Education Specialist or Administrative Services credential coursework are exempt from the assessment of professional dispositions EDUC 602 and EDUC 622. For these candidates, verification of this requirement will still be required prior to advancement to candidacy.

Submission of Assignments

Assignments should be typed in 12-pt font and double-spaced with appropriate headings/subheadings, name, course, date and title, APA format. All work will be submitted on Cougar Courses at 11:59 p.m. on due date.

Class Structure

This course is structured as a graduate-level course. My role will be to “facilitate” and to intervene or redirect class discussions as necessary, rather than to exclusively lecture on a weekly basis, or be the main focus of the class. You will work to develop your knowledge base through the readings, discussions, presentations and assignments. Multiple approaches, methods, and teaching experiences are necessary strategies to accommodate various learning styles.

Grading Standards

All students are expected to participate in class activities and demonstrate reflective learning. It is important that students are well prepared for course sessions by completing the readings and assignments scheduled before the class meeting. Assignments should be typed and double-spaced.

- 1. Attendance/ Active Participation/Professional Dispositions **10 points****
You are expected to attend all class sessions and participate actively during all discussions and activities. Your discussions should be analytical, not just descriptive, and address or include issues, experiences, ideas, discussions, readings, and current events, related to the weekly readings and topics. In order to do so, you are expected to complete all required readings and assignments by the assigned date. Please see attendance policy in this syllabus. Your professional disposition is related to how you conduct yourself in class.
- 2. Discussion Leader / Reading Discussions **15 points****
Individually or in pairs, students will lead a class discussion on assigned readings, choosing the aspects they wish to highlight in the readings for the discussion. Students may be asked to be discussion leaders multiple times during the semester.
Discussion Leader: 5 points / Participation in Discussions: 10 points
DUE: Readings/Discussions throughout the course
- 3. Assignment 1 - Multicultural / Social Justice “Hot Topics” **10 points****
Individually or in pairs, students will have the opportunity to present a “hot topic” in the area of multicultural education / social justice and equity of your choosing to the class. You might consider a hot topic that is going on at your school site (for example, the achievement gap) and look at what is being said about this topic from multiple perspectives. Information provided in your presentation may help class members clarify the direction of your annotated bibliography or impact your social justice action plan. Please submit a 1-2 page write-up of your topic through Cougar Courses on the day of your presentation (11:59 p.m.).

You are encouraged to make connections between the readings, discussions, and current issues or “hot topics.” Some ideas for identifying hot topics include the following websites:

CA Dept. of Education www.cde.ca.gov	North County Times www.nctimes.com	San Diego Union Tribune www.signonsandiego.com
Education Week www.edweek.com	Rethinking Schools www.rethinkingschools.com	Teaching Tolerance www.tolerance.org

4. Assignment 2 - Multicultural Resources / Annotated Bibliographies 20 points

Each student will collect 4 peer-reviewed (minimum) multicultural resources related to your area of emphasis. The multicultural resources you collect can be used as a basis for your thesis or project, or can focus on a specified topic which you can use in your classrooms, schools, and communities. You can also use the bibliography as part of your Social Justice and Equity Action Plan (Assignment 3), as part of your research for your topic. Use reputable educational journal articles of research studies that you will need for the literature review of your MA thesis/project, preferably from peer-reviewed journals. State topic researched in multicultural education as part of heading for this paper. Students will write an annotated bibliography (approximately half a page each) for each resource using APA-style reference format which includes:

- | | |
|--|---|
| a) List reference in APA format | b) Write a brief description of the study |
| c) Explain participants, setting and procedures of the study | d) Describe methods used to collect data |
| e) Provide results of the study | f) Write your analysis of the study |

Each student will share his/her annotations with everyone in the class.

DUE: See course schedule for date.

5. Assignment 3 (PSLO 2) - Critical Pedagogy/Social Justice Action Plan 25 Points

Your final project is to develop an individual professional action plan that specifically addresses your new understandings of critical pedagogy in relation to schooling in a multicultural society that provides insightful analysis and reflection. Hopefully our readings of critical pedagogy will bring to the table new questions and concerns about your classroom, your students, your school, your district, or your overall professional work. Based on these questions, develop a specific Social Justice and Equity Action Plan that you could enact in your professional role that appropriately address anti-bias and social justice. Our discussions throughout the semester should help you identify issues about your classroom, your students, your school, your district, the community and/or your overall professional work. Based on the issue you "name," you will develop a specific action plan that you can enact as a professional educator working towards social justice and equity. Your final paper will consist of a minimum 3-4 page paper discussing the issue you have identified (to name), your thoughts, research, discussion on the issue (to reflect critically) and a detailed description of your action plan (to act).

DUE: Drafts will be peer-reviewed periodically. Final plans and presentations due on the last day of course.

Final Exam Statement

There will be no final in-class exam.

School of Education/Course Attendance Policy

Due to the dynamic and interactive nature of courses in the School of Education, all candidates (course participants) are expected to attend all classes and participate actively. At a minimum, candidates (course participants) must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the candidate (course participants) have extenuating circumstances, s/he should contact the instructor as soon as possible. (*Adopted by the COE Governance Community, December, 1997*).

FOR THIS CLASS: Students are expected to attend all classes. If one class is missed a student can still earn an A grade for the course. If two classes are missed the highest grade earned for the course will be a B. If more than two classes are missed a non-passing grade for the course is earned. No assignments/activities/discussions will be able to be made-up when a class is missed.

Emergencies are considered on a case-by-case basis. However, notifying the instructor does NOT constitute an excuse. All assignments must be turned in on due dates even in case of an absence. Unless extraordinary circumstances are made known, this is NOT negotiable.

These measures are intended to encourage responsibility for one's own learning in a democratic, collaborative and reciprocal learning environment.

Policy on Late/Missed Work

Students who wish to revise an assignment must negotiate the requirements of the revision with the instructor. It is expected that work will be turned in on time. Please discuss individual issues with the instructor. Points will be deducted if assignments are submitted late (10% penalty per day late; no credit will be awarded if the assignment is one week late). A minimum of a B- is required to pass this course, because it is a Master of Arts level course (600's).

93 – 100	A	90 – 92	A-
87 – 89	B+	83 – 86	B
80 – 82	B- (minimal passing grade)	77 – 79	C+

As an educator, it is expected that each candidate (course participant) will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. Graduate Writing Assessment Requirement

The California State University maintains a Graduation Writing Assessment Requirement (GWAR) for Master's candidates. This requirement must be achieved prior to Advancement to Candidacy. A Master's candidate will satisfy the graduate writing requirement in EDUC 622 by receiving a passing score on a written product as assessed with the GWAR rubric. Toward the goal of providing opportunity for graduate students in the School of Education to satisfy the writing requirement, papers in graduate classes are expected to adhere to writing and format style guidelines described in the sixth edition of the Publication Manual of the American Psychological Association (aka, APA Manual). This manual is a required across all graduate-level (600-level) courses.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.
