## **COURSE LEARNING OUTCOMES**

### **Authorization to Teach English Learners**

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Candidates successfully completing this program receive a credential with authorization to teach English learners. (*Approved by CCTC in SB 2042 Program Standards, August 02*)

### **Special Education Inclusion**

Consistent with the intent to offer a seamless teaching credential in the College of Education, this course will introduce the collaborative infusion of special education competencies that reflect inclusive educational practices. Students will demonstrate a knowledge of laws and dispositions that relate to special education through a variety of activities such as the viewing and analysis of the video F.A.T. City, reading and analysis of special education law, and *Creating an Inclusive School*.

### **Teaching Performance Expectation (TPE) for EDUC 350:**

A primary goal of EDUC 350 is to begin the process of developing teacher candidates to become professional educators. The following TPE of the California Commission for Teacher Credentialing is expected to be met during this course:

## **TPE 12: Professional, Legal and Ethical Obligations**

Candidates are aware of their own personal values and biases and recognize ways in which these values and biases affect the teaching and learning of students. They resist racism and acts of intolerance. Candidates appropriately manage their professional time spent in teaching responsibilities to ensure that academic goals are met.

Candidates for a Teaching Credential understand and honor legal and professional obligations to protect the privacy, health, and safety of students, families, and other school professionals. They are aware of and act in accordance with ethical considerations and they model ethical behaviors for students. Candidates understand and honor all laws relating to professional misconduct and moral fitness.

### **Teacher Performance Assessment**

Beginning July 1, 2008 all California credential candidates must successfully complete a state-approved Teacher Performance Assessment (TPA), as part of the credential program of preparation. During the 2015-16 academic year the CSUSM credential programs will use either the CalTPA (California Teacher Performance Assessment) or the edTPA (Educative Teacher Performance Assessment).

Please check with your program coordinator, as to which assessment you will follow.

#### **CalTPA**

To assist with your successful completion of the CalTPA, a series of informational seminars are offered over the course of the program. TPA related questions and logistical concerns are to be addressed during the seminars. Your attendance to TPA seminars will greatly contribute to your success on the assessment. The CalTPA Candidate Handbook, TPA seminar schedule, and other TPA support materials may be found on the SOE website:

<http://www.csusm.edu/education/CalTPA/ProgramMaterialsTPA.html>

#### **edTPA**

Beginning in fall 2015, for newly entering initial candidates, the CSUSM assessment system is the edTPA. To assist with your successful completion of the edTPA, a capstone class is part of your curriculum. In this class edTPA related questions and logistical concerns are addressed. Additional support materials are available on the edTPA website:

[http://www.edtpa.com/PageView.aspx?f=GEN\\_Candidates.html](http://www.edtpa.com/PageView.aspx?f=GEN_Candidates.html)

Additionally, to support your success in your credential program and with TPA, SOE classes use common pedagogical language, lesson plans (lesson designs), and unit plans (unit designs).

## **GENERAL CONSIDERATIONS**

### **Students with Disabilities Requiring Reasonable Accommodations**

Students with disabilities who require reasonable accommodations must be approved for services by providing appropriate and recent documentation to the Office of Disabled Student Services (DSS). This office is located in Craven Hall 4300, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

### **All University Writing Requirement**

In keeping with the All-University Writing Requirement, all 3 unit courses must have a writing component of at least 2,500 words (approximately). This will be met through written assignments.

## **CSUSM Academic Honesty Policy**

Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly.

Academic Honesty and Integrity: Students are responsible for honest completion and representation of their work. Your course catalog details the ethical standards and penalties for infractions. There will be zero tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Refer to the full Academic Honesty Policy at:

[http://www.csusm.edu/policies/active/documents/Academic\\_Honesty\\_Policy.html](http://www.csusm.edu/policies/active/documents/Academic_Honesty_Policy.html)

## **Plagiarism**

As an educator, it is expected that each candidate (course participant) will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

## **School of Education/Course Attendance Policy**

Due to the dynamic and interactive nature of courses in the School of Education, all candidates (course participants) are expected to attend all classes and participate actively. At a minimum, candidates (course participants) must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the candidate (course participants) have extenuating circumstances, s/he should contact the instructor as soon as possible. *(Adopted by the COE Governance Community, December, 1997).*

Instructor: Due to the dynamic and interactive nature of courses in the College of Education, all students are expected to attend all classes and participate actively. Participation in an on line course requires one to keep up with the course assignments and discussion. With respect to due dates and participation you are required to submit your work within two weeks that an assignment is open to students. After two weeks all assignments will be cut off. In other words, once an assignment is cut off you will not be allowed to submit that assignment into the Cougar Course shell. Make sure you keep track of cut off dates for all your assignments. The cut off dates are listed in the Assignments links, Discussion forum links, Quizzes link, etc. The syllabus also lists the due dates.

## **Credential Program Recommendations**

As one of several evaluation methods, EDUC 350 course instructors are asked for feedback concerning credential candidates who are applying for programs at Cal State San Marcos. Keep in mind that your professionalism and hard work in this class not only affect your course grade, but also indicate your readiness for a credential program.

## **Field Work**

In addition to in-class work, assigned readings and projects, students will participate in 40 hours (5 classroom visits) of supervised fieldwork assignments in a variety of public school settings. Details on the fieldwork are found on the COE syllabus webpage, at the top of the list of syllabi for this semester. Documentation of these hours is required to receive a grade in EDUC 350. Cal State San Marcos students are expected to adhere to professional standards in their dress and behavior in the field. Required clearances (fingerprints, TB test) are the responsibility of the student. A recommendation (usually from the classroom teacher where most of the fieldwork is done, also known as a Field Experience Recommendation) is a requirement for admission to the Cal State San Marcos Teacher Credentialing programs.

## **Use of Technology:**

Students are expected to demonstrate competency in the use of various forms of technology (i.e. word processing, electronic mail, Cougar Course6, use of the Internet, and/or multimedia presentations). Specific requirements for course assignments with regard to technology are at the discretion of the instructor. Keep a digital copy of all assignments for use in your teaching portfolio. For this course all assignments will be submitted online.

## **Electronic Communication Protocol**

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. Please use the email in the Cougar Course sheet: Course Mail. It is much easier to keep track of messages this way. Moreover, it is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the College of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

## **Credit Hour Policy Statement**

Per the University Credit Hour Policy:

- Courses with face-to-face instruction (including activity and laboratory modes of instruction) must include a statement to the effect that students are expected to spend a minimum of two hours outside of the classroom each week for each unit of credit engaged in learning. (Note that for courses with a "lecture" mode of instruction over an entire semester, each unit of credit corresponds to an 'hour' of class-time and two hours of student learning outside of class. For activity and laboratory modes of instruction, depending on the particular instructional mode, each unit of credit corresponds to two or three 'hours' of class-time, and two hours of student learning outside of class.)
- Courses that are entirely on-line must describe the activities that the student will be required to complete as part of the course and indicate the expected minimum time (at least 45 hours for each unit of credit) that students will need to devote to each of these.

- Hybrid courses must describe to students how the combination of face-to-face time, out-of-class time associated with the face-to-face sessions, and on-line work will total at least 45 hours per unit of credit.

**All University Writing Requirement**

All-University Writing Requirement (850 words for a 1-unit course, 1700 words for a 2-unit course, and 2500 words for courses of 3 or more units) is satisfied in the course.

**Course Format**

This course is online (LO).

**Contact Information for Technical Support Assistance**

Please contact the CSUSM Help Desk.

**COURSE REQUIREMENTS AND GRADED COURSE COMPONENTS**

**Class Discussions and Participation:**

Students will engage in student-centered learning each class via the discussion forum. Discussion forums are graded. In considering your participation in the discussion forums ask yourself the following:

- Do you participate in discussion forums productively, sharing my knowledge and understandings?
- Do I interact productively with my peers, taking on a variety of roles (leader, follower, etc.)?
- Do I contribute appropriately to group work—do I “do my share”?
- Do I accept others’ opinions?
- Am I supportive of others’ ideas?
- Do I support your peers during their presentations in the discussion forums?

**Course Requirements:**

Teacher education is a professional preparation program. It is expected that students will come to class prepared to discuss the readings, submit required assignments, and participate in class activities. Students are expected to adhere to academic honesty and integrity, standards of dependability, confidentiality and writing achievement. Because it is important for teachers to be able to effectively communicate their ideas to students, parents, colleagues, and administrators, writing that is original, clear and error-free is a priority for the College of Education. It is expected that work will be turned in on time. Please discuss individual issues with the instructor. Points will be deducted if assignments are submitted late (10% penalty per day late; no credit will be awarded if the assignment is one week late).

In this assignment, you will interview a teacher and write a 3–4 page summary of what you learned from him or her. Your purpose is to render a sketch so that your reader may be able to envision the teacher as a person with a distinct philosophy and experience.

#### ***Gathering information:***

Interview a current or retired teacher who has had at least 3 years of full–time experience in elementary, middle, or secondary school classrooms. Suggested questions are:

Why did the teacher choose to enter teaching? How attractive was the profession to prospective teachers at that time? What were the other career paths available; were any others seriously considered? Does the teacher have any regrets about becoming a teacher?

What professional education did the teacher have? How helpful was it in learning to teach? At what point did the teacher feel comfortable as a teacher?

What were/are the teacher's goals for the education of students? Have these goals changed over the years?

What career moves (school buildings, grade level, special students, subject matter, etc.) has the teacher made? To what extent were those moves voluntary? For current teachers, are further moves desired? If so, what are they, and why?

What have been the major joys and frustrations of teaching? What would help increase the joys and minimize the frustrations? On what issues does the teacher feel strongly about making changes in the way that schooling occurs now?

How did/does the teacher learn about his/her students' lives and needs? How similar are the backgrounds of the teacher and his/her students? What have been the teacher's experiences with "culture shock" in working with students from different backgrounds?

What are some favorite memories from the teacher's classroom? Does the teacher tend to remember individual students or activities, or are the memories more general?

What does the teacher think of current "hot issues" in education such as the California High School Exit Exam and the No Child Left Behind Act? How does the teacher take action to address new reforms that impact his/her classroom?

What is the teacher's metaphor for "teaching" or "teacher"? What are the main features of the teacher's approach toward teaching? What has the teacher learned from being a teacher?

### **Analysis:**

After collecting your information, think about what you have learned about this teacher. Focus on a few themes that best characterize what you have heard. Do not try to be all-inclusive. *Protect your teacher's confidentiality by using a pseudonym and masking identifying details.*

In your analysis, incorporate what you have been learning about becoming and being a teacher. How does your teacher fit within the material addressed in your readings and in class? What issues are raised through your interview? What are the implications of your interview as you think about becoming a teacher? Be sure you include at least one reference to the readings/discussions we have in class.

### **Criteria for evaluation:**

Exemplary papers are characterized by:

- Completeness of description of the teacher's experiences and views
- Explanation of how the teacher interview relates to your thinking about teaching
- Integration of coursework (readings + discussions) into the analysis
- Correct grammar, syntax, and spelling

### **Assignment #3: Inclusion paper (The outsider)**

Many students with special needs come to view themselves as *outsiders* because they are labeled as different from the typical student. But most of us experienced some sense of being an outsider during our K-12 years. After reading chapters 1-3 in *Creating an Inclusive School* and at least two of the *Voices of Inclusion*, write a reflective essay (2 to 3 pages, double spaced) wherein you comment on your own (or a friend's) school experience that caused you to feel like an outsider. Reasons could include differences due to gender, religion, looks, beliefs/interests, family situation, academic ability, etc. Make at least 1 specific connection to the VT text. Consider the following questions:

- What personal characteristics fostered your or your friend's feeling of being different?
- How did you react and cope with the situation?
- Did you share your experience with any teachers? Did any teachers assist you?
- What could school staff, parents or friends have done to help?
- In what ways did this experience change you? What did you "learn" from this experience?
- How might this experience make you a more sensitive teacher?

### **Assignment # 7: Philosophy of education paper**

Write a 4-5-page paper (double-spaced) that explains your personal philosophy of schooling, learning and teaching. Follow the template below, and self-assess before you turn in the paper.

#### **Paper Introduction**

Name your philosophy (or combination of philosophies) as described by Sadker.  
Explain why you are attracted to this philosophical stance. Is it due to your own schooling and/or background, what you've seen in schools since your own school days, the influence of particular persons, texts, other experiences with children/youth, etc.?  
Describe the level of schooling and subject field(s) you hope to teach.

### **Nature of schooling**

Describe what you believe is the purpose of schooling in a democracy.  
How will you as a teacher help achieve these purposes?  
Give 1-2 examples of how this will look in your classroom/career.

### **Nature of the learner**

Describe what you believe is the nature of the learner.  
What are your thoughts about the students you will teach? What do they need from a teacher?  
Give 1-2 examples of how this will look in your classroom.

### **Nature of the teaching/learning process**

Describe what you believe is the nature of the teaching/learning process?  
What do you believe counts as knowledge and how should it be presented?  
How will you as a teacher use subject matter and other experiences to guide students toward meaningful learning activities?  
Give 1-2 examples of how this will look in your classroom.

### **Teacher dispositions and actions**

Describe what behavior (disposition/attitude & actions) you will exhibit in order to carry out your philosophical position.  
Give 1-2 examples of how this will look in your career.

### **Conclusion**

Recap your philosophy.  
What are your outstanding questions/concerns/thoughts about becoming a teacher?

## **Criteria for Self- Assessment of Philosophy Paper**

Be sure to self-assess using the following criteria. Submit the self-assessment with your final draft of your philosophy paper (at least one “beefy” paragraph). These are the criteria that will be used to evaluate your philosophy paper.

Exemplary papers have the following characteristics:

**Ideas:** The paper is clear and focused. It holds the reader’s attention. Relevant information and details enrich the central theme. Ideas are supported by research, practical knowledge and experience.

Conclusions show insight.

**Organization:** The organizational structure enhances and showcases the central idea or theme of the paper. An inviting introduction draws the reader in; a satisfying conclusion leaves the reader with a sense of closure and resolution. Sequencing is logical and effective. Thoughtful transitions tie parts together. The paper flows so smoothly, the reader hardly thinks about it.

**Connections:** The paper includes multiple references to EDUC 350 class experiences (specific text selections, class discussions, fieldwork observations, assignments, current events, etc.).

**Voice:** The writer of this paper speaks directly to the reader in a manner that is individual, compelling, engaging, and has personality.

**Sentence Fluency:** The writing has an easy flow. Sentences enhance the meaning. Sentences vary in length and structure. The piece has purposeful and varied sentence beginnings.

**Conventions:** The writer demonstrates a good grasp of standard writing conventions. Spelling is generally correct. Punctuation is accurate. Grammar and usage are correct. Paragraphing tends to be sound. The piece needs very little additional editing.
