(Note that for courses with a "lecture" mode of instruction over an entire semester, each unit of credit corresponds to an 'hour' of class-time and two hours of student learning outside of class. For activity and laboratory modes of instruction, depending on the particular instructional mode, each unit of credit corresponds to two or three 'hours' of class-time, and two hours of student learning outside of class.)
- Courses that are entirely on-line must describe the activities that the student will be required to complete as part of the course and indicate the expected minimum time (at least 45 hours for each unit of credit) that students will need to devote to each of these.

- Hybrid courses must describe to students how the combination of face-to-face time, out-of-class time associated with the face-to-face sessions, and on-line work will total at least 45 hours per unit of credit.

Teacher Performance Assessment

Beginning July 1, 2008 all California credential candidates must successfully complete a state-approved Teacher Performance Assessment (TPA), as part of the credential program of preparation. During the 2017-18 academic year the CSUSM credential programs will use either the CalTPA (California Teacher Performance Assessment) or the edTPA (Educative Teacher Performance Assessment).

edTPA

Beginning in fall 2015, for newly entering initial candidates, the CSUSM assessment system is the edTPA. To assist with your successful completion of the edTPA, a capstone class is part of your curriculum. In this class edTPA related questions and logistical concerns are addressed. Additional support materials are available on the edTPA website:

http://www.edtpa.com/PageView.aspx?f=GEN_Candidates.html

Additionally, to support your success in your credential program and with TPA, SOE classes use common pedagogical language, lesson plans (lesson designs), and unit plans (unit designs).

Expected Dispositions for the Education Profession

Education is a profession that has, at its core, certain dispositional attributes that must be acquired and developed. Teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions that must be evident in teacher candidates: social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning. These dispositions have observable actions that will be assessed throughout the preparation program. For each dispositional element, there are three levels of performance - *unacceptable*, *initial target*, and *advanced target*. The description and rubric for the three levels of performance offer measurable behaviors and examples.

The assessment is designed to provide candidates with ongoing feedback for their growth in professional dispositions and includes a self-assessment by the candidate. The dispositions and rubric are presented, explained and assessed in one or more designated courses in each program as well as in clinical practice. Based upon assessment feedback candidates will compose a reflection that becomes part of the candidate's Teaching Performance Expectation portfolio. Candidates are expected to meet the level of *initial target* during the program.

PROGRAM STUDENT LEARNING OUTCOMES (PSLOs)

The PSLOs and the Course Learning Outcomes (p. 4) are based on the Teacher Performance Expectations:

- TPE 1. Engaging and Supporting All Students in Learning
- TPE 2. Creating and Maintaining Effective Environments for Student Learning
- TPE 3. Understanding and Organizing Subject Matter for Student Learning
- TPE 4. Planning Instruction and Designing Learning Experiences for All Students
- TPE 5. Assessing Student Learning
- TPE 6. Developing as a Professional Educator

TPEs in detail: <http://www.ctc.ca.gov/educator-prep/standards/adopted-TPEs-2016.pdf>

School of Education/Course Attendance Policy

Due to the dynamic and interactive nature of courses in the School of Education, all candidates (course participants) are expected to attend all classes and participate actively. At a minimum, candidates (course participants) must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Absences and late arrivals/early departures will affect the final grade. **Teacher candidates may have one absence with no penalty. Second absence will result in a decrease of half-letter grade (5%).** Third absence will result in a decrease of a letter grade or more, a Statement of Concern and possible failure of class. Second tardy or early departure will receive a warning. **Third tardy or early departure will result in a decrease of a half-letter grade (5%) and a Statement of Concern.** Statement of Concern will require the candidate to write an action plan to resolve the issue. A total of three Statements of Concern on this and/or other issues combined warrant exit from the program.

No credit will be given if you miss an in class assignment or required presentation. If extenuating circumstances occur, the teacher candidate should contact the instructor as soon as possible to make appropriate arrangements.

CSUSM Academic Honesty Policy

Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly.

Academic Honesty and Integrity: Students are responsible for honest completion and representation of their work. Your course catalog details the ethical standards and penalties for infractions. There will be zero tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Refer to the full Academic Honesty Policy at:

http://www.csusm.edu/policies/active/documents/Academic_Honesty_Policy.html

Plagiarism

As an educator, it is expected that each candidate (course participant) will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Students with Disabilities Requiring Reasonable Accommodations

Students with disabilities who require reasonable accommodations must be approved for services by providing appropriate and recent documentation to the Office of Disabled Student Services (DSS). This office is located in Craven Hall 4300, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-

4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

All University Writing Requirement

Statement on how the All-University Writing Requirement (850 words for a 1-unit course, 1700 words for a 2-unit course, and 2500 words for courses of 3 or more units) is satisfied in the course.

Course Format

This is a hybrid (HY) course with 3 online sessions. To earn attendance credit for those sessions you will need to complete all tasks assigned, lack of task completion result in an absence.

Necessary Technical Competency Required of Students

Candidates are expected to demonstrate competency in the use of word processing, electronic mail, Moodle, use of the Internet, multimedia presentations and social media.

Contact Information for Technical Support Assistance

CSUSM Help Desk, 2nd Floor of Kellogg Library, (760) 750-6505.

Use of Technology

Candidates (Course participants) are expected to demonstrate competency in the use of various forms of technology (i.e. word processing, electronic mail, Moodle, use of the Internet, and/or multimedia presentations). Specific requirements for course assignments with regard to technology are at the discretion of the instructor. Keep a digital copy of all assignments for use in your teaching portfolio. All assignments will be submitted online, and some will be submitted in hard copy as well. Details will be given in class.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

Each assessment plan must include: assessment instructions, differentiated assessment & supports, rubric, feedback plan, differentiation commentary for student with an IEP, differentiation commentary for English Language Learner, and differentiation commentary for choice student. Candidates will choose from an assignment menu and provide components specific to that menu choice. See detailed instructions and rubric p. 16 & 17.

Assessment Plan Menu Choices

- a. 3 Sequential Assessments, Calendar, & Planning Commentaries: Design 3 sequential differentiated formative assessments-supports, assessment instructions, rubrics, feedback plans, and separate differentiation plan commentaries for each student & assessment
- b. Assessment Implementation & Analysis: Design 1 paragraph writing assessment-supports, assessment instructions, rubric, feedback plan, differentiation plan commentaries, class set of completed student assessments, and a differentiated assessment analysis
- c. Lesson, Assessment & Planning Commentary: Design differentiated lesson with differentiated content, differentiated process, differentiated assessment, assessment instructions, rubric, planning commentary, and assessment commentaries

The intention of this assignment is for you to design assessments to use in your Clinical Practice I. It is recommended that in the first few weeks of the semester you consult with your co-teacher to identify what content you will need to take the lead on planning and the lead on teaching.

This planning commentary is designed to prepare you for the content specific edTPA.

The Assessment Plan primarily addresses TPE 5. Assessing Student Learning and secondarily addresses TPE 2. Creating and Maintaining Effective Environments for Student Learning & TPE 4. Planning Instruction and Designing Learning Experiences for All Students.

Student Study Team (SST) Meeting Role-Play - 20 points - Due Weeks 11, 12, & 13

You will participate in a group role-play modeling an effective SST meeting. Preparation for this assignment will take place in and outside of class. There are two parts of this assignment: Video of SST Meeting Role-Play and Written Reflection of what you learned about SST Process. Each part is worth 10 points. Your group will videotape the role-play, post the video to YouTube and make the video assessable to your peers on the Cougar Course SST Forum. You will post a reflective response to articulate what you learned, provide evidence of your learning and identify what you still need to learn about SST meetings. **You must be in class for the role-play sessions to earn credit for this assignment.**

The SST Role-Play addresses TPE 2. Creating & Maintaining Effective Environments for Student Learning.

Final Exam Statement

There will be no final exam for EDSS 511. You are to focus your attention instead on clinical practice.

Grading Standards – Grading Scale

Policy on Late/Missed Work

It is expected that work will be turned in on time. *No late assignments will be accepted. You cannot pass the class if an assignment is missing.*

Student Collaboration Policy

Candidates may collaborate to process how to develop lessons, units and management plans, but individual assignments must be turned in for grades. The SST Role-Play is a collaborative project, but each candidate writes the reflection portion of the assignment individually.
