Course Objectives

By the end of the course the student will be able to develop an informed personal philosophy of teaching.

Unique Course Requirements

Teacher education is a professional preparation program. It is expected that students will come to class prepared to discuss the readings, submit required assignments, and participate in class activities. The School of Education has identified six dispositions – social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning—Students are expected to adhere to academic honesty and integrity, standards of dependability, confidentiality and writing achievement. Because it is important for teachers to be able to effectively communicate their ideas to students, parents, colleagues, and administrators, writing that is original, clear and error-free is a priority for the School of Education. It is expected that work will be turned in on time. Please discuss individual issues with the instructor. Points will be deducted if assignments are submitted late (10% penalty per day late; no credit will be awarded if the assignment is one week late).

Fieldwork

In addition to in-class work, assigned readings and projects, students will participate in forty-five (45) hours of supervised fieldwork assignments in a variety of public school settings. Details on the fieldwork are found on the Cougar Courses site. Documentation of these hours is required to receive a grade in EDUC 350. Cal State San Marcos students are expected to adhere to professional standards in their dress and behavior in the field. Required clearances (fingerprints, TB test) are the responsibility of the student. A letter of recommendation (usually from the classroom teacher where most of the fieldwork is done) is a requirement for admission to the Cal State San Marcos Teacher Credentialing programs.

Credit Hour Policy Statement

Per the University Credit Hour Policy:

- Students are expected to spend a minimum of two hours outside of the classroom each week for each unit of credit engaged in learning. (Note that for courses with a “lecture” mode of instruction over an entire semester, each unit of credit corresponds to an ‘hour’ of class-time and two hours of student learning outside of class.

COURSE LEARNING OUTCOMES

Upon successful completion of this course, students will be able to understand the nature of formalized education in the United States and be able to assess his or her interest in teaching as a career.

Special Education Inclusion:

Consistent with the intent to offer a seamless teaching credential in the School of Education, this course will introduce the collaborative infusion of special education competencies that reflect inclusive educational practices. Students will demonstrate a knowledge of laws and dispositions that relate to special education through a variety of activities such as the viewing and analysis of the video F.A.T. City and reading parts of *Creating an Inclusive School*.

PROGRAM STUDENT LEARNING OUTCOMES (PSLOs)

Teacher Performance Expectation (TPE) Competencies

A primary goal of EDUC 350 is to begin the process of developing teacher candidates to become professional educators. The following TPE of the California Commission for Teacher Credentialing is expected to be met during this course:

TPE 12: Professional, Legal and Ethical Obligations

Candidates are aware of their own personal values and biases and recognize ways in which these values and biases affect the teaching and learning of students. They resist racism and acts of intolerance. Candidates appropriately manage their professional time spent in teaching responsibilities to ensure that academic goals are met.

Candidates for a Teaching Credential understand and honor legal and professional obligations to protect the privacy, health, and safety of students, families, and other school professionals. They are aware of and act in accordance with ethical considerations and they model ethical behaviors for students. Candidates understand and honor all laws relating to professional misconduct and moral fitness.

Teaching Performance Assessment for Developing as a Professional Educator

The successful completion of the personal philosophy assignment is a requirement for completion of this course and is a component of partially meeting the TPE described above. This statement will be used for assessment both in the course and at completion of the School of Education program. Retain an electronic copy of your statement for submission for your portfolio at the completion of your teacher education program.

Assessment of Professional Dispositions

Assessing a candidate's dispositions within a professional preparation program is recognition that teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions – social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning - and developed an assessment rubric. For each dispositional element, there are three levels of performance - *unacceptable*, *initial target*, and *advanced target*. The description and rubric for the three levels of performance offer measurable behaviors and examples.

The assessment is designed to provide candidates with ongoing feedback for their growth in professional dispositions and includes a self-assessment by the candidate. The dispositions and rubric are presented, explained and assessed in one or more designated courses in each program as well as in clinical practice. Based upon assessment feedback candidates will compose a reflection that becomes part of the candidate's Teaching Performance Expectation portfolio. Candidates are expected to meet the level of *initial target* during the program.

Credential Program Recommendations

As one of several evaluation methods, EDUC 350 course instructors are asked for feedback concerning credential candidates who are applying for programs at Cal State San Marcos. Keep in mind that your professionalism and hard work in this class not only affect your course grade, but also indicate your readiness for a credential program.

GENERAL CONSIDERATIONS

School of Education Attendance Policy

Due to the dynamic and interactive nature of courses in the School of Education, all students are expected to attend all classes and participate actively. Absences and late arrivals/early departures will affect the final grade. A minimum grade of C+ is required in EDUC 350 to qualify as prerequisite for admission to the Cal State San Marcos teacher credential program. SOE attendance policy states, "At a minimum, students must attend 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements." Should students have extenuating circumstances, please contact the instructor as soon as possible. In this section of EDUC 350, the following attendance policy will apply: Two class sessions may be missed without penalty to your grade. Each additional missed session will drop your final grade by 1/3 grade point (A to A-, A- to B+, etc.). If you miss six or more class sessions, you will receive an F.

Fieldwork:

In addition to in-class work, assigned readings and projects, students will participate in forty-five (45) hours of supervised fieldwork assignments in a variety of public

school settings. Details on the fieldwork are found on the Cougar Courses site. Documentation of these hours is required to receive a grade in EDUC 350. Cal State San Marcos students are expected to adhere to professional standards in their dress and behavior in the field. Required clearances (fingerprints, TB test) are the responsibility of the student. A letter of recommendation (usually from a classroom teacher where some of the fieldwork is done) is a requirement for admission to the Cal State San Marcos Teacher Credentialing programs.

CSUSM Academic Honesty Policy

Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly.

Academic Honesty and Integrity: Students are responsible for honest completion and representation of their work. Your course catalog details the ethical standards and penalties for infractions. There will be zero tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Refer to the full Academic Honesty Policy at:

http://www.csusm.edu/policies/active/documents/Academic_Honesty_Policy.html

Plagiarism

As an educator, it is expected that each candidate (course participant) will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Students with Disabilities Requiring Reasonable Accommodations

Students with disabilities who require reasonable accommodations must be approved for services by providing appropriate and recent documentation to the Office of Disability Student Services (DSS). This office is located in Craven Hall 4300, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

All University Writing Requirement

Every course at the university must fulfill the university's writing requirement of at least 2,500 words. In EDUC 350, this is accomplished through the following written assignments: Teacher Interview, Philosophy Paper, Reading Logs, and The Outsider.

Course Format

Face-to-face

Necessary Technical Competency Required of Students

Candidates (Course participants) are expected to demonstrate competency in the use of various forms of technology (i.e. word processing, electronic mail, Moodle, use of the Internet, and/or multimedia presentations). Contact Information for Technical Support Assistance

Use of Technology:

Students are expected to demonstrate competency in the use of various forms of technology (i.e. word processing, electronic mail, Cougar Courses, use of the Internet, and/or multimedia presentations). Specific requirements for course assignments with regard to technology are at the discretion of the instructor. Keep a digital copy of all assignments for use in your teaching portfolio. All assignments will be submitted online. Details will be given in class.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, email is often the easiest way to do so. It is my intention to respond to all received emails in a timely manner. Please be reminded that email and online discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all email and online discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

Class Participation and Professionalism:

Students will engage in student-centered learning each class session, and will be expected to actively participate. As an assignment, you will self-evaluate your participation and professionalism in class. You will answer the following questions:

- Do you participate in class discussions productively, sharing your knowledge and understandings?
- Do you interact productively with your peers, taking on a variety of roles (leader, follower, etc.)?
- Do you contribute appropriately to group work—do you “do your share”?
- Are you able to accept others’ opinions?
- Are you supportive of others’ ideas?
- Do you support your peers during their presentations?
- Can you monitor and adjust your participation to allow for others’ ideas as well as your own to be heard?

COURSE REQUIREMENTS

Teacher education is a professional preparation program. It is expected that students will come to class prepared to discuss the readings, submit required assignments, and participate in class activities. Students are expected to adhere to academic honesty and integrity, standards of dependability, confidentiality and writing achievement. Because it is important for teachers to be able to effectively communicate their ideas to students, parents, colleagues, and administrators, writing that is original, clear and error-free is a priority for the School of Education. It is expected that work will be turned in on time. Please discuss individual issues with the instructor. ASSIGNMENT: INTERVIEW OF A TEACHER

In this assignment, you will interview a teacher and write a summary (1,500-2,000 words) of what you learned from him or her. Your purpose is to render a sketch so that your reader may be able to envision the teacher as a person with a distinct philosophy and experience.

Gathering information:

Interview a current or retired teacher who has had at least 3 years of full-time experience in elementary, middle, or secondary school classrooms. Suggested questions are:

Why did the teacher choose to enter teaching? How attractive was the profession to prospective teachers at that time? What were the other career paths available; were any others seriously considered? Does the teacher have any regrets about becoming a teacher?

What professional education did the teacher have? How helpful was it in learning to teach? At what point did the teacher feel comfortable as a teacher?

What were/are the teacher's goals for the education of students? Have these goals changed over the years?

What career moves (school buildings, grade level, special students, subject matter, etc.) has the teacher made? To what extent were those moves voluntary? For current teachers, are further moves desired? If so, what are they, and why?

What have been the major joys and frustrations of teaching? What would help increase the joys and minimize the frustrations? On what issues does the teacher feel strongly about making changes in the way that schooling occurs now?

How did/does the teacher learn about his/her students' lives and needs? How similar are the backgrounds of the teacher and his/her students? What have been the teacher's experiences with "culture shock" in working with students from different backgrounds?

What are some favorite memories from the teacher's classroom? Does the teacher tend to remember individual students or activities, or are the memories more general?

What does the teacher think of current "hot issues" in education such as school vouchers, charter schools, the Common Core, and merit pay for teachers? How does the teacher take action to address new reforms that impact his/her classroom?

What is the teacher's metaphor for "teaching" or "teacher"? What are the main features of the teacher's approach toward teaching? What has the teacher learned from being a teacher?

Analysis:

After collecting your information, think about what you have learned about this teacher. Focus on a few themes that best characterize what you have heard. Do not try to be all-inclusive. *Protect your teacher's confidentiality by using a pseudonym and masking identifying details.*

In your analysis, incorporate what you have been learning about becoming and being a teacher. How does your teacher fit within the material addressed in your readings and in class? What issues are raised through your interview? What are the implications of your interview as you think about becoming a teacher? Be sure you include at least one reference to the readings/discussions we have in class.

Criteria for evaluation:

Exemplary papers are characterized by:

- Completeness of description of the teacher's experiences and views
- Explanation of how the teacher interview relates to your thinking about teaching
- Integration of coursework (readings + discussions) into the analysis
- Correct grammar, syntax, and spelling

THE OUTSIDER ASSIGNMENT

Many students with special needs come to view themselves as “outsiders” because they are labeled as different from the typical student. But most of us experienced some sense of being an outsider during our K-12 years. After reading chapters 1-2 in Villa/Thousand’s *Creating an Inclusive School*, write a reflective essay (1,000-1,500 words) in which you comment on your own (or a friend’s) school experience in which you may have felt like an outsider. Reasons could include differences due to gender, religion, looks, beliefs/interests, family situation, academic ability, etc. Make at least one specific connection to the VT text. Consider the following questions:

What personal characteristics fostered your (or your friend’s) feelings of being an outsider?
How did you react to and cope with the situation
Did you share your experience with any teachers or other school personnel? Did any of them assist you?
What could school staff, parents or friends have done to help?
In what ways did this experience change you? Did you “learn” from this experience?
How might this experience make you a more sensitive and effective teacher?

Criteria for evaluation: Exemplary papers are characterized by:
Addressing the questions above in a thoughtful/analytical manner
Integration of the class readings
Correct spelling and grammar

ASSIGNMENT: PHILOSOPHY OF SCHOOLING, LEARNING, AND TEACHING

Write a paper (2,000-2,500 word) that explains your personal philosophy of schooling, learning and teaching. Follow the template below, and self-assess before you turn in the paper.

Paper Introduction

Describe the level of schooling and subject field(s) you hope to teach.
Name your philosophy (or combination of philosophies) as described by Sadker and Zittleman, Ch 6.
Explain why you are attracted to this philosophical stance. Is it due to your own schooling and/or background, what you’ve seen in schools since your own school days, the influence of particular persons, texts, other experiences with children/youth, etc.?

How will you as a teacher help achieve these purposes?

Nature of the learner

Describe what you believe is the nature of the learner.
What are your thoughts about the students you will teach? What do they need from you?
Give at least one concrete example of how you will interact with your students in light of your beliefs.

Teacher dispositions and actions

Describe what behavior (disposition/attitude & actions) you will exhibit in order to carry out your philosophical position.
Give at least one concrete example of how you will conduct yourself in light of your beliefs.

Conclusion

Recap your philosophy.
What are your outstanding questions/concerns/thoughts about becoming a teacher?

CRITERIA FOR SELF- ASSESSMENT OF PHILOSOPHY PAPER

An inviting introduction draws the reader in; a satisfying conclusion leaves the reader with a sense of closure and resolution. Sequencing is logical and effective. Thoughtful transitions tie parts together. The paper flows so smoothly, the reader hardly thinks about it.

Connections: The paper includes multiple references to EDUC 350 class experiences (specific text selections, class discussions, fieldwork observations, assignments, current events, etc.).

Voice: The writer of this paper speaks directly to the reader in a manner that is individual, compelling, engaging, and has personality.
