WELCOME – BIENVENIDOS

Welcome to one of the courses for the Bilingual Authorization Program. It is my sincere honor to welcome you this semester to class. I am looking forward to our time together as we value our identity as bilingual teacher candidates. Our class will be conducted primarily in Spanish, including class discussions and assignments. Our ideology is centered on the following quotes from Cesar Chavez: "Our language is the reflection of ourselves. A language is an exact reflection of the character and growth of its speakers," and "Preservation of one's own culture does not require contempt or disrespect for other cultures." Let's enjoy our journey! ¡Sí, se puede!

Authorization to Teach English Learners

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Candidates successfully completing this program receive a credential with authorization to teach English learners. *(Approved by CCTC in SB 2042 Program Standards, August 02)*

Bilingual Authorization Teacher Preparation Program

Standard 3: The Context for Bilingual Education and Bilingualism

The professional bilingual teacher preparation program provides candidates with knowledge of the history, policies, programs, and research on the effectiveness of bilingual education and bilingualism in the United States. The program develops candidates who demonstrate understanding of the philosophical, theoretical, legal and legislative foundations of bilingual education and their effects on program design and educational achievement. Candidates apply knowledge of the research on the cognitive effects of bilingualism and biliteracy as developmental processes in instructional practice. Candidates understand and apply research and its effects on the dimensions of learning in bilingual education program models. The program prepares candidates' knowledge of the transferability between primary and target language with the understanding that the level of transferability is affected by the level of compatibility and may vary among languages. The program prepares candidates to actively promote authentic parental participation that includes learning about school systems, assuming leadership roles and affecting policy. The program promotes candidates' understanding of the family as a primary language and cultural resource. Candidates are cognizant that students' motivation, participation and achievement are influenced by an intercultural classroom climate and school community.

Standard 4: Bilingual Methodology (partially fulfilled in this course)

The bilingual teacher preparation program prepares bilingual candidates to understand the interrelatedness among the four domains of language (listening, speaking, reading, and writing) and to know language forms and functions. The program also prepares candidates to plan, develop, implement and assess standards-aligned content instruction in the primary and target language. Candidates are prepared to employ a variety of instructional and assessment strategies, appropriate to student language proficiency levels, that foster higher-order thinking skills. The program ensures that bilingual candidates have knowledge of bilingual instructional models, instructional strategies and materials to appropriately apply them to their instructional and assessment practices. In addition, programs develop bilingual candidates' understanding of knowledge of intercultural communication and interaction that is linguistically and culturally responsive. The bilingual teacher preparation program further prepares candidates to evaluate, select, use and adapt state-board adopted and state-board approved materials, as well as other supplemental instructional materials. The program provides opportunities for teacher candidates to demonstrate the ability to use a variety of criteria for selection of instructional materials, to assess the suitability and appropriateness for local context and to augment resources when they are not suitable or available.

Teacher Performance Expectation (TPE) Competencies

The course objectives, assignments, and assessments have been aligned with the CTC standards for (Single Subject, Multiple Subject, Special Education, etc.) Credential. This course is designed to help teachers seeking a California teaching credential to develop the skills, knowledge, and attitudes necessary to assist schools and district in implementing effective programs for all students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. You will be required to formally address the following CSUSM local TPEs in this course:

- **TPE 1.6** Provide a supportive learning environment for students' first and/or second language acquisition by using research-based instructional approaches, including focused English Language Development, Specially Designed Academic Instruction in English (SDAIE), scaffolding across content areas, structured English immersion, and demonstrate an understanding of the difference among students whose only instructional need is to acquire Standard English proficiency, students who may have an identified disability affecting their ability to acquire Standard English proficiency, and students who may have both a need to acquire Standard English proficiency and an identified disability.
- **TPE 3.1** Demonstrate knowledge of subject matter, including the adopted California State Standards and curriculum frameworks.
- **TPE 3.5** Adapt subject matter curriculum, organization, and planning to support the acquisition and use of academic language within learning activities to promote the subject matter knowledge of all students, including the full range of English learners, Standard English learners, students with disabilities, and students with other learning needs in the least restrictive environment.
- **TPE 5.7** Interpret English learners' assessment data to identify their level of academic proficiency in English as well as in their primary language, as applicable, and use this information in planning instruction.
- **TPE 6.2** Recognize their own values and implicit and explicit biases, the ways in which these values and implicit and explicit biases may positively and negatively affect teaching and learning, and work to mitigate any negative impact on the teaching and learning of students. They exhibit positive dispositions of caring, support, acceptance, and fairness toward all students and families, as well as toward their colleagues.
- **Foundational Social Justice and Equity TPEs (F2 and F3).**

SoE's Foundational TPEs: Social Justice and Equity

Foundational TPEs: F2 & F3 Addressed in EDUC 653
F1 – Engage in the problem posing process - identify (name) issues of inequity, critically reflect on possible solutions, create and enact social justice and equitable action plans
F2 - Understand how to apply theories and principles of multicultural education including critical pedagogy and culturally relevant teaching into practice
F3 -Incorporate effective instructional practices into the curriculum to ensure equitable outcomes for students from diverse backgrounds - taking into consideration language, culture, socio-economic status, <i>perceived</i> competence/ability (pick one or use both), neurodiversity, ethnicity, language, race, socioeconomic level, faith, gender, sexual orientation, and immigrant status of students and their families
F4 - Collaborate with colleagues, students and families to address issues of social justice, equity and all forms of diversity (including neurodiversity) in the curriculum, school activities, school structure, and home-school relations to ensure equitable outcomes for all students

Teacher Performance Assessment

Beginning July 1, 2008 all California credential candidates must successfully complete a state-approved Teacher Performance Assessment (TPA), as part of the credential program of preparation. During the 2018-19 academic year the CSUSM credential programs will use the CalTPA (California Teacher Performance Assessment)

CalTPA

To assist with your successful completion of the CalTPA, a series of informational seminars are offered over the course of the program. TPA related questions and logistical concerns are to be addressed during the seminars. Your attendance to TPA seminars will greatly contribute to your success on the assessment. The CalTPA Candidate Handbook, TPA seminar schedule, and other TPA support materials may be found on this website: <http://www.ctcpa.nesinc.com/Home.aspx>

Additionally, to support your success in your credential program and with TPA, SOE classes use common pedagogical language, lesson plans (lesson designs), and unit plans (unit designs).

Expected Dispositions for the Education Profession

Education is a profession that has, at its core, certain dispositional attributes that must be acquired and developed. Teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions that must be evident in teacher candidates: social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning. These dispositions have observable actions that will be assessed throughout the preparation program. For each dispositional element, there are three levels of performance - *unacceptable*, *initial target*, and *advanced target*. The description and rubric for the three levels of performance offer measurable behaviors and examples.

The assessment is designed to provide candidates with ongoing feedback for their growth in professional dispositions and includes a self-assessment by the candidate. The dispositions and rubric are presented, explained and assessed in one or more designated courses in each program as well as in clinical practice. Based upon assessment feedback candidates will compose a reflection that becomes part of the candidate's Teaching Performance Expectation portfolio. Candidates are expected to meet the level of *initial target* during the program.

PROGRAM STUDENT LEARNING OUTCOMES (PSLOs)

- explain the basic terms, philosophies, goals, problems, issues, history, research, theoretical frameworks, and practices related to bilingual education and bilingualism through reading reflections.

Teacher education is a professional preparation program. It is expected that students will come to class prepared to discuss the readings, submit required assignments, and participate in class activities. Students are expected to adhere to academic honesty and integrity, standards of dependability, confidentiality and writing achievement. Because it is important for teachers to be able to effectively communicate their ideas to students, parents, colleagues, and administrators, writing that is original, clear and error-free is a priority for the School of Education. It is expected that work will be turned in on time. Note: Professor reserves the right to change, add to, or delete any material or assignment from the course.

Should the candidate (course participants) have extenuating circumstances, s/he should contact the instructor as soon as possible. (Adopted by the COE Governance Community, December, 1997).

For this course: Students missing more than one class session cannot earn an A or A-. Students missing more than two class sessions cannot earn a B or B+. Arriving late or leaving early by more than 20 minutes to class counts as an absence, unless you have notified the professor prior to class. Illness and emergencies are considered on a case-by-case basis for absences and tardiness. However, notifying the instructor does not constitute an excuse. All assignments must be turned in on due date even in case of an absence. Unless extenuating circumstances are made known, this is not negotiable.

Policy on Late/Missed Work

No credit will be given if you miss an in-class assignment or required presentation. If extenuating circumstances occur, the teacher candidate should contact the instructor as soon as possible to make appropriate arrangements. No credit or make-up work for missed class, work or course assignments. Be cognizant of due dates and closing of portals or links to assignments on Cougar Course.

Student Collaboration Policy

Due to the nature of the course, students will be asked to collaborate and actively interact with one another during class activities in Spanish.

DESCRIPTION OF ASSIGNMENTS | DESCRIPCIÓN DE ASIGNATURAS

Las sesiones de clase se publicarán semanalmente en la página red del curso EDUC 653 (Curso Cougar).

1. Attendance, Professional Disposition, Class Participation

10 puntos

Asistencia, disposición profesional y participación en clase será calificada a la discreción de la profesora. Los estudiantes deben merecerse la puntuación que será proporcionada a finales del semestre. La expectativa es que van a asistir a todas las sesiones de clase preparados para participar activamente en las actividades, grupos, intercambio de ideas, diversos puntos de vista y temas relacionados con las lecturas asignadas. Por favor, consulte la Póliza de Asistencia de la Escuela de Educación | **School of Education Attendance Policy** y los requisitos de asistencia para este curso.

Los maestros acreditados son evaluados en "sus funciones y responsabilidades" por sus administradores. La puntualidad, la asistencia, la colaboración con los colegas y la profesionalidad son elementos de la evaluación. Su disposición profesional está relacionada con la forma en que se comporta en clase y el respeto mutuo. Por favor, comunique cualquier asunto de asistencia o de la disposición personal directamente con la profesora. También, mantenga un registro de su asistencia y asignaturas este semestre.

2. Four Reading Reflections

20 puntos

Cuatro reflexiones de lectura (5 puntos cada una)

Las reflexiones sobre sus lecturas se deben entregar en las fechas indicadas en el esquema del curso. Envíen copias electrónicas de cada análisis de lectura a nuestro Curso Cougar. Las reflexiones deben incluir:

Una reflexión de las lecturas (no un resumen – ya la profesora y sus colegas han leído el texto), incluyan las conexiones que se pueden hacer entre las ideas claves que presenta el texto y la enseñanza de los estudiantes, con ejemplos específicos a la lectura sobre sus experiencias durante las observaciones o práctica clínica en las escuelas, tutorías u otras experiencias personales en diversos entornos. Conecten la lectura con ejemplos (evidencia del texto). Citen el texto o autor en sus escrituras.

Piensa en los conceptos principales y sus entendimientos del texto:

- ¿Cuáles son los métodos o estrategias que te gustaría poner en práctica? ¿Por qué?
- ¿Qué nuevas ideas surgen de las lecturas? Explica y da evidencia del texto.
- ¿Cuál es la importancia de los conceptos para un maestro/a o sus estudiantes? ¿Por qué?
- ¿Cuál es el motivo que el autor del texto presenta estas ideas? ¿Por qué?

Las reflexiones de lectura serán calificadas de acuerdo con la amplitud de la escritura, el análisis de las ideas, la comprensión de los temas, las conexiones de las lecturas con las experiencias de los candidatos, y con aspectos a la instrucción de los estudiantes en los grados K-12 que aprenden inglés como segunda lengua (English Learners / aprendices de inglés) o estudiantes bilingües en clases de español o programas de doble inmersión. Esta asignatura corresponde a TPE 3.1, Foundational TPE F2 y Bilingual Authorization Standard 3.

3. Bilingual / Multilingual Research Review

15 puntos

Análisis de un estudio sobre la educación bilingüe/multilingüe

Esta tarea debe ser cumplida en parejas. Para esta tarea, cada pareja buscará y seleccionará un artículo de investigación publicado en los últimos 5 años en la educación bilingüe o multilingüe. Van a leer un artículo de un estudio y proporcionarán un resumen analítico de la investigación incluyendo como se relaciona la investigación a los programas de enseñanza bilingüe/multilingüe. El resumen incluirá 2-3 páginas escritas con una bibliografía. La puntuación incluye el resumen con la bibliografía y su presentación.

Por ejemplo, si leen un artículo sobre los resultados de algún programa bilingüe, entonces van dar ejemplos de cómo estos resultados pueden informar a las escuelas que tienen estos tipos de programas bilingüe/multilingües. Traten de conectar las ideas de la investigación a los tipos de programas que tenemos en San Diego, CA o en los EE.UU. ¿Qué nuevas ideas surgen de estos resultados para mejorar los programas de nuestra área, CA o EE.UU.?

Las parejas harán una presentación corta en clase de 10-15 minutos máximo sobre su estudio de investigación y las conexiones con las escuelas. Las presentaciones tomarán efecto durante el transcurso del semestre. Tendremos una lista con fechas para las presentaciones de las parejas. Así, todos pueden aprender de recientes investigaciones sobre la educación bilingüe/multilingüe y como aplicar los resultados para mejorar nuestros programas locales. Queremos programas bilingües/multilingües que tengan éxito para todos los estudiantes en cuanto a la enseñanza académica y la adquisición de lenguas.

Direcciones: Usen el formato de APA (American Psychological Association) para escribir tu resumen analítico.

- Título de la investigación:
- Fecha de la investigación:
- Nombre del investigador/es:
- Nombre del editorial de la publicación:
- Sigue con...
 - 1) Una breve explicación sobre el propósito de la investigación.
 - 2) Una breve explicación de los métodos de investigación que usaron los investigadores.
 - 3) Una breve explicación de los participantes y dónde tomó lugar la investigación.
 - 4) ¿Cuáles fueron los resultados de la investigación?
 - 5) Haz un análisis de cómo se relaciona la investigación a los programas de enseñanza bilingüe/multilingüe en nuestra comunidad, estado o nación.

- 6) ¿Qué nuevas ideas surgen de estos resultados para mejorar los programas que encuentran en nuestra área, CA o EE.UU.?
- 7) Añade citas y una bibliografía (formato APA).

Después de cada presentación, tendremos una discusión sobre el tema. Entregarán su resumen analítico y el artículo de la investigación al Curso Cougar para recibir su puntuación. Los candidatos serán evaluados por su capacidad del lenguaje español y el contenido de la información. Se usará la rúbrica de ACTFL Escalas de dominio del idioma | ACTFL Scales of Language Proficiency para la evaluación lingüística. Esta asignatura corresponde a TPE 3.1, Foundational TPE F2 y Bilingual Authorization Standard 3.

La historia de tus idiomas: Examinando tu primera y segunda lengua de aprendizaje

QUOTE: "In order to learn to teach in a society that is increasingly culturally and linguistically diverse, prospective teachers . . . need opportunities to examine much of what is usually unexamined in the tightly braided relationships of language, culture, and power in schools and schooling. This kind of examination inevitably begins with our own histories as human beings and as educators--our own cultural, racial, and linguistic backgrounds and our own experiences as raced, classed, and gendered children, parents, and teachers in the world. It also includes a close look at the tacit assumptions we make about the motivations and behaviors of other children, other parents, and other teachers and about the pedagogies we deem most appropriate for learners who are like us and who are not like us" Cochran-Smith (1993) in *Color blindness and basket making are not the answers: Confronting the dilemmas of race, culture, and language diversity in teacher education*.

Para esta tarea van a escribir un ensayo narrativo sobre el aprendizaje de sus idiomas que describe las experiencias que han marcado su adquisición de lenguas, al igual que las actitudes y las creencias que ustedes tengan acerca del aprendizaje de idiomas y el uso de cada lengua. Reflexionen sobre sus propias experiencias y la manera en que han aprendido sus idiomas y como se han desarrollado por medio de sus propias circunstancias. Es la intención de esta tarea de explorar acerca de sí mismo su "identidad lingüística" como estudiante, como maestro y como un individuo bilingüe/bicultural. Empezaremos los ensayos el primer día de clase y examinaremos nuestras identidades en varias ocasiones durante las sesiones. Entregaremos la copia final el último día de clases, así iremos escribiendo este ensayo poco a poco cada semana. Más información y ejemplos se proporcionarán en clase. Esta asignatura corresponde a TPE 6.2 y Bilingual Authorization Standards 3 & 4.

- Incluyan ejemplos específicos de eventos o situaciones que expliquen sus puntos de vista.
- Asegúrense de situar sus ejemplos en el contexto de sus creencias de la escolarización y la educación que recibieron durante sus vidas.
- Hagan referencia a las lecturas de la clase y/o las investigaciones que han hecho en otras asignaturas, también pueden incluir discusiones de la clase.
- Tendrán un máximo de 10 minutos para su presentación.

Organize & prioritize ideas to convey to the reader what is significant. Ideas are consistently clear, due to organizational & development (e.g., cause and effect, comparison, chronology). Write series of paragraphs but can extend to a number of pages. Demonstrate a high degree grammar and syntax, & specialized/professional voc, of spelling, cohesive devices, and punctuation. Voc is precise & varied. Writers demonstrate no pattern of error; however, occasional errors may occur, particularly in low-frequency structures. Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.
