

**CTC Review of Preconditions
Resubmission Review
Spring 2018**

The information provided by your institution to demonstrate that each Commission approved credential program is operating in compliance with preconditions have been reviewed by staff. For preconditions that have been determined are met, no further action is necessary. **If additional information is needed, the precondition responses must be revised (use a different colored font), and resubmitted to Preconditions@ctc.ca.gov.** Institutions failing to submit revised preconditions within this time frame will be included in the next Committee on Accreditation meeting agenda for discussion and possible action. If you have any questions about the feedback provided here, please contact Preconditions@ctc.ca.gov.

Preconditions	All Met	Needs Additional Information
General	MET	
Preliminary Multiple/Single Subject	MET	Precondition 7: Please note that, as of January 1, 2018, California Education Code Sections 44225 and 44259 were changed to allow a bachelor's degree in education for candidates seeking the multiple subject credential (Chapter 123, Statutes of 2017). The new law did not change the prohibition of an education major for other credentials. The Commission has recently updated its preconditions document on the website. Please ensure that your materials and processes have been updated to reflect this new provision. There is no need at this time to resubmit a revised response to this precondition.
