WELCOME – BIENVENIDOS

Welcome to one of the courses for the Bilingual Authorization Program. It is my sincere honor to welcome you this semester to class. I am looking forward to our time together as we value our identity as bilingual teacher candidates. Our class will be conducted primarily in Spanish, including class discussions and assignments. Our ideology is centered on the following quotes from Cesar Chavez: “Our language is the reflection of ourselves. A language is an exact reflection of the character and growth of its speakers,” and “Preservation of one’s own culture does not require contempt or disrespect for other cultures.” Let’s enjoy our journey! ¡Sí, se puede!

Authorization to Teach English Learners

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Candidates successfully completing this program receive a credential with authorization to teach English learners. *(Approved by CCTC in SB 2042 Program Standards, August 02)*

Bilingual Authorization Teacher Preparation Program

Standard 3: The Context for Bilingual Education and Bilingualism

The professional bilingual teacher preparation program provides candidates with knowledge of the history, policies, programs, and research on the effectiveness of bilingual education and bilingualism in the United States. The program develops candidates who demonstrate understanding of the philosophical, theoretical, legal and legislative foundations of bilingual education and their effects on program design and educational achievement. Candidates apply knowledge of the research on the cognitive effects of bilingualism and biliteracy as developmental processes in instructional practice. Candidates understand and apply research and its effects on the dimensions of learning in bilingual education program models. The program prepares candidates' knowledge of the transferability between primary and target language with the understanding that the level of transferability is affected by the level of compatibility and may vary among languages. The program prepares candidates to actively promote authentic parental participation that includes learning about school systems, assuming leadership roles and affecting policy. The program promotes candidates' understanding of the family as a primary language and cultural resource. Candidates are cognizant that students' motivation, participation and achievement are influenced by an intercultural classroom climate and school community.

Standard 4: Bilingual Methodology (partially fulfilled in this course)

The bilingual teacher preparation program prepares bilingual candidates to understand the interrelatedness among the four domains of language (listening, speaking, reading, and writing) and to know language forms and functions. The program also prepares candidates to plan, develop, implement and assess standards-aligned content instruction in the primary and target language. Candidates are prepared to employ a variety of instructional and assessment strategies, appropriate to student language proficiency levels, that foster higher-order thinking skills. The program ensures that bilingual candidates have knowledge of bilingual instructional models, instructional strategies and materials to appropriately apply them to their instructional and assessment practices. In addition, programs develop bilingual candidates' understanding of knowledge of intercultural communication and interaction that is linguistically and culturally responsive. The bilingual teacher preparation program further prepares candidates to evaluate, select, use and adapt state-board adopted and state-board approved materials, as well as other supplemental instructional materials. The program provides opportunities for teacher candidates to demonstrate the ability to use a variety of criteria for selection of instructional materials, to assess the suitability and appropriateness for local context and to augment resources when they are not suitable or available.

Standard 5: Culture of Emphasis

The professional bilingual teacher preparation program develops candidates' knowledge of the traditions, roles, status, and communication patterns of the culture of emphasis as experienced in the country or countries of origin and in the United States. Included in that knowledge is the understanding of crosscultural, intercultural and intracultural relationships and interactions, as well as contributions of the culture of emphasis in California and the United States. Also included is the knowledge of major historical events, political, economic, religious, and educational factors that influence the socialization and acculturation experiences of the target groups in the California and the U.S. Candidates demonstrate knowledge of the country/countries of origin, including geographic barriers, demographic and linguistic patterns, and the ways in which these affect trends of migration, immigration and settlement in the United States.

Standard 6: Assessment of Candidate Language Competence

The institution must verify, during the program or at its completion that the candidate has attained, in listening, speaking, reading and writing a language proficiency level that is equivalent to a passing score on the appropriate CSET: LOTE language examination. The program creates clear guidelines by which the candidate will be assessed. The program at CSUSM will use the Interagency Language Roundtable Scale (formerly known as Foreign Service Institute Scale) will be used to assess entry into the program at the 3.5 level or Intermediate High, or the equivalent to the American Council for the Teaching of Foreign Language (ACTFL) Advanced Low (see table included) The rubrics illustrated by both scales will be used within all coursework and Clinical Practice Experience to assess the candidates' language skills. It is required that, in all activities and assignments in the coursework, candidates demonstrate competencies as detailed by the Interagency language Roundtable Scale, which is equivalent to the ACTFL Intermediate High Level.

[ILR and ACTFL Scale of Language Proficiency](#)

Teacher Performance Expectation (TPE) Competencies

The course objectives, assignments, and assessments have been aligned with the CTC standards for (Single Subject, Multiple Subject, Special Education, etc.) Credential. This course is designed to help teachers seeking a California teaching credential to develop the skills, knowledge, and attitudes necessary to assist schools and district in implementing effective programs for all students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. You will be required to formally address the following CSUSM local TPEs in this course:

- **TPE 3.1** Demonstrate knowledge of subject matter, including the adopted California State Standards and curriculum frameworks.
- **TPE 3.5** Adapt subject matter curriculum, organization, and planning to support the acquisition and use of academic language within learning activities to promote the subject matter knowledge of all students, including the full range of English learners, Standard English learners, students with disabilities, and students with other learning needs in the least restrictive environment.
- **TPE 5.7** Interpret English learners' assessment data to identify their level of academic proficiency in English as well as in their primary language, as applicable, and use this information in planning instruction.
- **TPE 6.2** Recognize their own values & implicit and explicit biases, the ways in which these values & implicit & explicit biases may positively and negatively affect teaching and learning, and work to mitigate any negative impact on the teaching and learning of students. They exhibit positive dispositions of caring, support, acceptance, & fairness toward all students and families, as well as toward their colleagues.
- **School of Education's Foundational Social Justice and Equity TPEs (F2 and F3).**
-

SoE's Foundational TPEs: Social Justice and Equity - cross-referenced in the course assignments

Teacher Performance Assessment

Beginning July 1, 2008 all California credential candidates must successfully complete a state-approved Teacher Performance Assessment (TPA), as part of the credential program of preparation. During the 2018-19 academic year the CSUSM credential programs will use the CalTPA (California Teacher Performance Assessment)

CalTPA

To assist with your successful completion of the CalTPA, a series of informational seminars are offered over the course of the program. TPA related questions and logistical concerns are to be addressed during the seminars. Your attendance to TPA seminars will greatly contribute to your success on the assessment. The CalTPA Candidate Handbook, TPA seminar schedule, and other TPA support materials may be found on this website: <http://www.ctcpa.nesinc.com/Home.aspx>

Additionally, to support your success in your credential program and with TPA, SOE classes use common pedagogical language, lesson plans (lesson designs), and unit plans (unit designs).

Expected Dispositions for the Education Profession

Education is a profession that has, at its core, certain dispositional attributes that must be acquired and developed. Teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions that must be evident in teacher candidates: social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning. These dispositions have observable actions that will be assessed throughout the preparation program. For each dispositional element, there are three levels of performance - *unacceptable*, *initial target*, and *advanced target*. The description and rubric for the three levels of performance offer measurable behaviors and examples.

The assessment is designed to provide candidates with ongoing feedback for their growth in professional dispositions and includes a self-assessment by the candidate. The dispositions and rubric are presented, explained and assessed in one or more designated courses in each program as well as in clinical practice. Based upon assessment feedback candidates will compose a reflection that becomes part of the candidate's Teaching Performance Expectation portfolio. Candidates are expected to meet the level of *initial target* during the program.

COURSE REQUIREMENTS AND GRADED COURSE COMPONENTS

Teacher education is a professional preparation program. It is expected that students will come to class prepared to discuss the readings, submit required assignments, and participate in class activities. Students are expected to adhere to academic honesty and integrity, standards of dependability, confidentiality and writing achievement. Final Exam Statement

This course does not have a final exam.

School of Education/Course Attendance Policy

Due to the dynamic and interactive nature of courses in the School of Education, all candidates (course participants) are expected to **attend all classes and participate actively in synchronous and asynchronous virtual instruction**. You must participate in forums/discussion boards and activities to be counted as present. Professor will take attendance and monitor participation at each class. At a minimum, candidates (course participants) must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the candidate (course participants) have extenuating circumstances, s/he should contact the instructor as soon as possible. (Adopted by the COE Governance Community, December, 1997).

For this course: Students missing more than one class session cannot earn an A or A-. Students missing more than two class sessions cannot earn a B or B+. Missing more than one online class (synchronous or asynchronous) will result in a lower grade for class. Being consistently late and/or leaving class early can also lower your grade. Notified the professor prior to class, if you expect arrive late or leave class. Illness and emergencies are considered on a case-by-case basis for absences and tardiness. However, notifying the instructor does not constitute an excuse. All assignments must be turned in on due date even in case of an absence. Unless extenuating circumstances are made known, this is not negotiable. **I will not be recording live sessions with students as to protect the integrity of the conversations, activities, and privacy issues. If you miss class, please get notes from other students and review all content posted on Cougar Course.**

Policy on Late/Missed Work

No credit will be given if you miss an in-class assignment or required presentation. If extenuating circumstances occur, the teacher candidate should contact the instructor as soon as possible to make appropriate arrangements. No credit or make-up work for missed class, work or course assignments. Be cognizant of due dates and closing of portals or links to assignments on Cougar Course.

Student Collaboration Policy

Due to the nature of the course, students will be asked to collaborate and actively interact with one another during class activities in Spanish.

15 puntos

Análisis de un estudio sobre la educación bilingüe/multilingüe

BILA Standards 3.1, 3.2, 3.3, 3.4 (I, P&A), 6.1 (P&A)

Esta tarea debe ser cumplida en parejas. Para esta tarea, cada pareja buscará y seleccionará un artículo de investigación publicado en los últimos 5 años en la educación bilingüe o multilingüe. Van a leer un artículo de un estudio y proporcionarán un resumen analítico de la investigación incluyendo como se relaciona la investigación a los programas de enseñanza bilingüe/multilingüe. El resumen incluirá 2-3 páginas escritas con una bibliografía. La puntuación incluye el resumen con la bibliografía y su presentación.

Por ejemplo, si leen un artículo sobre los resultados de algún programa bilingüe, entonces van dar ejemplos de cómo estos resultados pueden informar a las escuelas que tienen estos tipos de programas bilingüe/multilingües. Traten de conectar las ideas de la investigación a los tipos de programas que tenemos en San Diego, CA o en los EE.UU. ¿Qué nuevas ideas surgen de estos resultados para mejorar los programas de nuestra área, CA o EE.UU.?

Las parejas harán una presentación corta en clase de 10-15 minutos máximo sobre su estudio de investigación y las conexiones con las escuelas. Las presentaciones tomarán efecto durante el transcurso del semestre. Tendremos una lista con fechas para las presentaciones de las parejas. Así, todos pueden aprender de recientes investigaciones sobre la educación bilingüe/multilingüe y como aplicar los resultados para mejorar nuestros programas locales. Queremos programas bilingües/multilingües que tengan éxito para todos los estudiantes en cuanto a la enseñanza académica y la adquisición de lenguas.

Usen el formato de APA 7 (American Psychological Association) para escribir tu resumen analítico.

La historia de tus idiomas: Examinando tu primera y segunda lengua de aprendizaje
BILA Standards 5.1 (P&A), 6.1 (P&A)

QUOTE: "In order to learn to teach in a society that is increasingly culturally and linguistically diverse, prospective teachers . . . need opportunities to examine much of what is usually unexamined in the tightly braided relationships of language, culture, and power in schools and schooling. This kind of examination inevitably begins with our own histories as human beings and as educators--our own cultural, racial, and linguistic backgrounds and our own experiences as raced, classed, and gendered children, parents, and teachers in the world. It also includes a close look at the tacit assumptions we make about the motivations and behaviors of other children, other parents, and other teachers and about the pedagogies we deem most appropriate for learners who are like us and who are not like us" Cochran-Smith (1993) in *Color blindness and basket making are not the answers: Confronting the dilemmas of race, culture, and language diversity in teacher education*.

Para esta tarea van a escribir un ensayo narrativo sobre el aprendizaje de sus idiomas que describe las experiencias que han marcado su adquisición de lenguas, al igual que las actitudes y las creencias que ustedes tengan acerca del aprendizaje de idiomas y el uso de cada lengua. Reflexionen sobre sus propias experiencias y la manera en que han aprendido sus idiomas y como se han desarrollado por medio de sus propias circunstancias. Es la intención de esta tarea de explorar acerca de sí mismo su "identidad lingüística" como estudiante, como maestro y como un individuo bilingüe/bicultural. Empezaremos los ensayos el primer día de clase y examinaremos nuestras identidades en varias ocasiones durante las sesiones. Entregaremos la copia final el último día de clases, así iremos escribiendo este ensayo poco a poco cada semana.

Explain complex matters, & support opinions by developing cogent arguments and hypotheses. Topic is enhanced by the effective use of structure, lexicon, & writing protocols. Organize & prioritize ideas to convey to the reader what is significant. Ideas are consistently clear, due to organizational & development (e.g., cause and effect, comparison, chronology). Write series of paragraphs but can extend to a number of pages. Demonstrate a high degree grammar and syntax, & specialized/professional voc, of spelling, cohesive devices, and punctuation. Voc is precise & varied. Writers demonstrate no pattern of error; however, occasional errors may occur, particularly in low-frequency structures. When present, these errors do not interfere with comprehension, or distract the native reader.</p>

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Refer to the full Academic Honesty Policy at:

http://www.csusm.edu/policies/active/documents/Academic_Honesty_Policy.html

Plagiarism

As an educator, it is expected that each candidate (course participant) will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Points will be deducted for late submissions as the work you do is essential to the discussions conducted in this course. Make sure you turn in the assignments in Word, 12 font, in Times New Roman. Resources and/or citations will be referenced using APA format.

NOTE: Full assignment guidelines can be found on Cougar Courses. Rubrics for assignments and checklist are included in this syllabus.

All University Writing Requirement

COVID-19 Statement

You will be taking this course amid a global pandemic, which means you will be juggling this course alongside your other courses, work or family obligations, economic disruptions, and perhaps even sick friends and family. It is important to me that you know that I understand that these are disruptive, unprecedented times, and that I have made every effort to build a course that accounts for and accommodates those disruptions. Still, please do not hesitate to contact me at any time if you need additional time on an assignment, if you need clarification on course concepts or expectations, or if you just need to let someone know you're struggling. You do not need to explain your circumstances unless you wish to. Together, we will get through this tough time. Our class will be a place where we can come each week to learn from each other and find some sense of normalcy despite all that is going on. I look forward to working with and learning from all of you.

Recording

To ensure the free and open discussion of ideas, students may not record class activities without the advance written permission of the instructor and all participants. If you are interested in recording a class session as a tool for understanding the content, please make an appointment with the instructor for alternative supports.

Necessary Technical Competency Required of Students

Candidates are expected to demonstrate competency in the use of various forms of technology (i.e. word processing, electronic mail, Moodle, use of the Internet, ZOOM, Google, and/or multimedia presentations). Specific requirements for course assignments with regard to technology are at the discretion of the instructor. Keep a digital copy of all assignments. All assignments will be submitted online, unless professor requires a hard copy for a particular assignment. Details will be given in class.

Contact Information for Technical Support Assistance

This may include customer support for software used in the course, please contact the CSUSM Help Desk.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.
