La autorización para enseñar a estudiantes que aprenden inglés como segunda lengua

Este programa de certificación ha sido específicamente diseñado para preparar a los maestros en la diversidad de las lenguas que se encuentran en las escuelas públicas de California. La autorización para enseñar a los estudiantes que aprenden inglés como segunda lengua (English Learners) se cumple a través de la infusión de contenidos y experiencias dentro del programa de credencial/certificación, así como cursos adicionales. Los estudiantes que completen con éxito este programa reciben una credencial con la autorización para enseñar a estudiantes que aprenden inglés como segunda lengua (English Learners). (*Approved by CCTC in SB 2042 Program Standards, August 02*)

BILINGUAL AUTHORIZATION TEACHER PREPARATION PROGRAM

Este curso se ajusta a las siguientes normas para el Programa de Preparación de Maestros con Autorización Bilingüe (*Bilingual Authorization Teacher Preparation Program*):

Standard 3: The Context for Bilingual Education and Bilingualism – Aligned to BILA program matrix to demonstrate where standards are introduced, practiced and assessed see schedule of course outline, assignments, and rubrics.

The professional bilingual teacher preparation program provides candidates with knowledge of the history, policies, programs, and research on the effectiveness of bilingual education and bilingualism in the United States. The program develops candidates who demonstrate understanding of the philosophical, theoretical, legal and legislative foundations of bilingual education and their effects on program design and educational achievement. Candidates apply knowledge of the research on the cognitive effects of bilingualism and biliteracy as developmental processes in instructional practice. Candidates understand and apply research and its effects on the dimensions of learning in bilingual education program models. The program prepares candidates' knowledge of the transferability between primary and target language with the understanding that the level of transferability is affected by the level of compatibility and may vary among languages. The program prepares candidates to actively promote authentic parental participation that includes learning about school systems, assuming leadership roles and affecting policy. The program promotes candidates' understanding of the family as a primary language and cultural resource. Candidates are cognizant that students' motivation, participation and achievement are influenced by an intercultural classroom climate and school community.

Standard 4: Bilingual Methodology (partially fulfilled in this course) - Aligned to BILA program matrix to demonstrate where standards are introduced, practiced and assessed see schedule of course outline, assignments, and rubrics.

The bilingual teacher preparation program prepares bilingual candidates to understand the interrelatedness among the four domains of language (listening, speaking, reading, and writing) and to know language forms and functions. The program also prepares candidates to plan, develop, implement and assess standards-aligned content instruction in the primary and target language. Candidates are prepared to employ a variety of instructional and assessment strategies, appropriate to student language proficiency levels, that foster higher-order thinking skills. The program ensures that bilingual candidates have knowledge of bilingual instructional models, instructional strategies and materials to appropriately apply them to their instructional and assessment practices. In addition, programs develop bilingual candidates' understanding of knowledge of intercultural

communication and interaction that is linguistically and culturally responsive. The bilingual teacher preparation program further prepares candidates to evaluate, select, use and adapt state-board adopted and state-board approved materials, as well as other supplemental instructional materials. The program provides opportunities for teacher candidates to demonstrate the ability to use a variety of criteria for selection of instructional materials, to assess the suitability and appropriateness for local context and to augment resources when they are not suitable or available.

Standard 5: Culture of Emphasis

Aligned to BILA program matrix to demonstrate where standards are introduced, practiced and assessed see schedule of course outline, assignments, and rubrics.

The professional bilingual teacher preparation program develops candidates' knowledge of the traditions, roles, status, and communication patterns of the culture of emphasis as experienced in the country or countries of origin and in the United States. Included in that knowledge is the understanding of crosscultural, intercultural and intracultural relationships and interactions, as well as contributions of the culture of emphasis in California and the United States. Also included is the knowledge of major historical events, political, economic, religious, and educational factors that influence the socialization and acculturation experiences of the target groups in the California and the U.S. Candidates demonstrate knowledge of the country/countries of origin, including geographic barriers, demographic and linguistic patterns, and the ways in which these affect trends of migration, immigration and settlement in the United States.

Standard 6: Assessment of Candidate Language Competence

Aligned to BILA program matrix to demonstrate where standards are introduced, practiced and assessed see schedule of course outline, assignments, and rubrics.

The institution must verify, during the program or at its completion that the candidate has attained, in listening, speaking, reading and writing a language proficiency level that is equivalent to a passing score on the appropriate CSET: LOTE language examination. The program creates clear guidelines by which the candidate will be assessed. The program at CSUSM will use the Interagency Language Roundtable Scale (formerly known as Foreign Service Institute Scale) will be used to assess entry into the program at the 3.5 level or Intermediate High, or the equivalent to the American Council for the Teaching of Foreign Language (ACTFL) Advanced Low (see table included) The rubrics illustrated by both scales will be used within all coursework and Clinical Practice Experience to assess the candidates' language skills. It is required that, in all activities and assignments in the coursework, candidates demonstrate competencies as detailed by the Interagency language Roundtable Scale, which is equivalent to the ACTFL Intermediate High Level.

[ILR and ACTFL Scale of Language Proficiency](#)

Teacher Performance Expectation (TPE) Competencies – cross-referenced in the course assignments

The course objectives, assignments, and assessments have been aligned with the CTC standards for (Single Subject, Multiple Subject, Special Education, etc.) Credential. This course is designed to help teachers seeking a California teaching credential to develop the skills, knowledge, and attitudes necessary to assist schools and district in implementing effective programs for all students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. You will be required to formally address the following CSUSM local TPEs in this course:

- **TPE 1.6** Provide a supportive learning environment for students' first and/or second language acquisition by using research-based instructional approaches, including focused English Language Development, Specially Designed Academic Instruction in English (SDAIE), scaffolding across content areas, structured English immersion, and demonstrate an understanding of the difference among students whose only instructional need is to acquire Standard English proficiency, students who may have an identified disability affecting their ability to acquire Standard English proficiency, and students who may have both a need to acquire Standard English proficiency and an identified disability.
- **TPE 3.1** Demonstrate knowledge of subject matter, including the adopted California State Standards and curriculum frameworks.
- **TPE 3.5** Adapt subject matter curriculum, organization, and planning to support the acquisition and use of academic language within learning activities to promote the subject matter knowledge of all students, including the full range of English learners, Standard English learners, students with disabilities, and students with other learning needs in the least restrictive environment.

- **TPE 5.7** Interpret English learners' assessment data to identify their level of academic proficiency in English as well as in their primary language, as applicable, and use this information in planning instruction.
- **Foundational Social Justice and Equity TPEs (F2 and F3).**

SoE's Foundational TPEs: Social Justice and Equity - cross-referenced in the course assignments

F4 - Collaborate with colleagues, students and families to address issues of social justice, equity and all forms of diversity (including neurodiversity) in the curriculum, school activities, school structure, and home-school relations to ensure equitable outcomes for all students

Teacher Performance Assessment

Beginning July 1, 2008 all California credential candidates must successfully complete a state-approved Teacher Performance Assessment (TPA), as part of the credential program of preparation. During the 2018-19 academic year the CSUSM credential programs will use the CalTPA (California Teacher Performance Assessment)

CalTPA

To assist with your successful completion of the CalTPA, a series of informational seminars are offered over the course of the program. TPA related questions and logistical concerns are to be addressed during the seminars. Your attendance to TPA seminars will greatly contribute to your success on the assessment. The CalTPA Candidate Handbook, TPA seminar schedule, and other TPA support materials may be found on this website: <http://www.ctcpa.nesinc.com/Home.aspx>

Additionally, to support your success in your credential program and with TPA, SOE classes use common pedagogical language, lesson plans (lesson designs), and unit plans (unit designs).

Individual instructors may adopt more stringent attendance requirements. Should the candidate (course participants) have extenuating circumstances, s/he should contact the instructor as soon as possible. (*Adopted by the COE Governance Community, December, 1997*).

For this course: Students missing more than one class session cannot earn an A or A-. Students missing more than two class sessions cannot earn a B or B+. Missing more than one online class (synchronous or asynchronous) will result in a lower grade for class. Being consistently late and/or leaving class early can also lower your grade. Notified the professor prior to class, if you expect arrive late or leave class. Illness and emergencies are considered on a case-by-case basis for absences and tardiness. However, notifying the instructor does not constitute an excuse. All assignments must be turned in on due date even in case of an absence. Unless extenuating circumstances are made known, this is not negotiable. **I will not be recording live sessions with students as to protect the integrity of the conversations, activities, and privacy issues. If you miss class, please get notes from other students and review all content posted on Cougar Course.**

Policy on Late/Missed Work

No credit will be given if you miss an in-class assignment or required presentation. If extenuating circumstances occur, the teacher candidate should contact the instructor as soon as possible to make appropriate arrangements. No credit or make-up work for missed class, work or course assignments. Be cognizant of due dates and closing of portals or links to assignments on Cougar Course.

Three Reading Reflections - 3 reflexiones de lectura (5 puntos cada una)

15 puntos

BILA Standards 3, 4, 5 (Introduced & Practiced) through weekly readings & discussions; Standards also assessed through reflections).

Las reflexiones sobre sus lecturas se deben entregar en las fechas indicadas en el esquema del curso. Envíen copias electrónicas de los cuatro analices de lectura en nuestro Curso Cougar. Las reflexiones deben incluir:

Una reflexión de las lecturas (no un resumen – ya la profesora y tus colegas han leído el texto), incluye las conexiones que se pueden hacer entre las ideas que presenta el texto y la enseñanza para los estudiantes, con ejemplos específicos de tus experiencias durante las observaciones o práctica clínica en las escuelas, tutorías u otras experiencias personales en diversos entornos. Conecta la lectura con ejemplos (evidencia) del texto. Citen el texto o autor en sus escrituras, por ejemplo (Clark-Ibañez, 2015, p. 56). Piensen en los conceptos principales y sus entendimientos del texto. Estas preguntas los ayudaran a pensar críticamente sobre las lecturas.

- ¿Cuáles son los métodos, estrategias o ideas que te gustaría poner en práctica? ¿Por qué?
- ¿Qué nuevas ideas surgen de las lecturas? Explica.
- ¿Cuál es la importancia de los conceptos para el maestro o los estudiantes? ¿Por qué?
- ¿Cuál es el motivo que el autor del texto presenta estas ideas? Explica.
- ¿Qué fue convincente/impactante de la lectura?
- ¿Quéquieres saber más sobre la lectura?
- ¿Cómo impactó la lectura tu práctica actual?

Evaluación: Piensa y escribe sobre los conceptos principales y sus entendimientos del texto referente a los estándares 3, 4, 5 & 6. Las reflexiones de lectura serán calificadas de acuerdo con la amplitud de la escritura, el análisis de las ideas, la comprensión de los temas, las conexiones de las lecturas con las experiencias de los candidatos, y con aspectos a la instrucción de los aprendices de inglés (English Learners). También el lenguaje académico del candidato será evaluado. Esta asignatura corresponde a introducción, práctica y evaluación de TPE 3.1, Foundational TPE F2 y Bilingual Authorization Standards 3, 4, 5 & 6.

BILA Standards 4 & 6

Parte 1: Mediante el uso de fotografías y la narración contarán su historia personal a través de imágenes visuales. Un auto-estudio es una herramienta poderosa para la comprensión de su propia cultura. Esta actividad proporcionará un objetivo personal en su identidad.

Compartirán los relatos de la fotovoz/fotonovela con sus compañeros en clase y quizás con sus futuros estudiantes. Aunque los reportajes se pueden hacer en unos carteles, para nuestra clase vamos a escribirlos en documentos de Word con fotografías. Van a compartir sus trabajos en clase y luego subir su trabajo al Curso Cougar. Puede seleccionar el formato de su fotovoz.

Parte 2: Van a decorar una bolsa de papel con 4 dimensiones de la cultura en cada uno de los lados. Usted puede seleccionar las dimensiones que se correlacionen mejor con sus objetivos culturales como futuro maestro bilingüe. Demuestra una comunicación responsablemente cultural. Cada lado debe tener un título, etiquetas y un símbolo o imagen que represente el tema " La lucha por la equidad en la educación." ¿Cómo se define la equidad y la educación culturalmente sensible (Culturally Responsive Teaching)? Va a traer su bolsa a la clase y explicar las dimensiones de la cultura que ha seleccionado para el tema. Compartiremos las bolsas y su fotonovela en pequeños grupos.

Sorpresa dentro de la bolsa: dentro de su bolsa traerá un elemento secreto para compartir que usted tendrá que proporcionar algunas pistas a sus compañeros de clase para que puedan adivinar lo que tiene dentro de su bolsa. Tendrá que explicar qué es y por qué representa un aspecto de su identidad como individuo o un futuro maestro.

Historical Event Essay & Poster Session

Ensayo de evento histórico y cartel

20 puntos

BILA Standards 5 & 6

Para esta tarea van a escribir un ensayo sobre un acontecimiento histórico que describe la manera en que esta ocurrencia dio forma a la historia de un país latinoamericano y cómo dicho evento afectó a los patrones de migración de su gente a los Estados Unidos (guerras civiles, economía, persecución, comunismo, hambre, desastres naturales, pandillas, etc.). Incluyan ejemplos específicos de eventos o situaciones que formaron esta inmigración. Asegúrense de situar sus ejemplos en el contexto de la enseñanza en EE. UU. porque cuando los estudiantes y sus padres llegan a un nuevo país, no saben el idioma y se enfrentan en un sistema educativo distinto. ¿Qué programas existen en las escuelas americanas para ellos? Relacionen estos ejemplos con las lecturas y discusiones de la clase.

La información se presentará en clase en forma de una galería/exposición con presentaciones sobre el acontecimiento histórico y la migración a los EE.UU. Esta asignación se puede hacer en pequeños grupos

dividiendo el ensayo en secciones, buscando información/fotografías en el internet, revisando/corrigiendo las escrituras (gramática y ortografía) y componiendo el cartel con títulos y visuales. Si trabajan juntos en grupos, los estudiantes deberán de compartir las responsabilidades de la investigación, el ensayo y la presentación durante la exposición/galería de los carteles. Dividan el trabajo para que sea equitativo para todos. Entregarán su ensayo al Curso Cougar con una explicación de cómo repartieron los deberes de la asignación – cada persona tendrá que ponerlo en CC para recibir una calificación.

BILA Standards 4 & 6.

Esta es una unidad sobre la enseñanza del español para los hablantes nativos o programas de lenguaje dual, español como segunda lengua (lengua extranjera), o español para hispanohablantes. ¡Tienen muchas opciones! Nuestro objetivo principal es enseñar el español. Para esta tarea se aplicarán las metodologías bilingües discutidas en nuestros cursos (EDUC 653 y EDUC 654) que ocupan el estándar 4 - Metodología Bilingüe y lecturas de nuestros libros y artículos. El plan de la mini-unidad temática debe ser apropiado para la lengua materna de los hispanohablantes y / o hablantes nativos de inglés que aprenden el español como segunda lengua en los grados K-12.

El plan de la unidad consta de 3-5 lecciones consecutivas con evaluaciones. La "unidad" se define como una secuencia de lecciones sobre un tema central que se desarrolla en tres días (vea muestras en Cougar Course). Nuestro objetivo es de enseñar el lenguaje español por medio del contenido. Por ejemplo, el contenido puede ser el desarrollo de una leyenda latina, cuento o fábula de los países de habla hispana que se relacione con tu área de concentración. Puede también ser la enseñanza del lenguaje español – modismos, refranes, o dichos latinos. Utiliza la plantilla de las lecciones para la unidad que es específica para esta tarea en Cougar Course. Cada día de la lección no debe ser más de 1 página escrita.

Summary Table: ILR & ACTFL Scales of Language Proficiency – BILA Standard 6

Language Skills	Interagency Language Roundtable (ILR) Foreign Service Institute (FSI) Scale Intermediate High (3.5)	American Council for the Teaching of Foreign Language (ACTFL) Advanced Low
Listening 6.1 (A)	Sufficient comprehension to understand. Comprehends most of the content & intent of a variety of forms & styles of speech pertinent to professional needs, as well as general topics & social conversation. Ability to comprehend many sociolinguistic & cultural references. Can follow some unpredictable turns of thought readily in, for example, informal/formal speeches covering editorial, conjectural, & literary material in subject-matter areas directed to the general listener.	Able to sustain understanding over longer stretches of connected discourse on a number of topics pertaining to different times and places; however, understanding is inconsistent due to failure to grasp main ideas and/or details, while topics do not differ significantly from those of an Advanced level listener, comprehension is less in quantity and poorer in quality.
Speaking 6.1 (A)	Able to speak the language with sufficient structural accuracy and vocabulary to participate effectively in most formal and informal conversations on practical, social, and professional topics. Can discuss particular interests and special fields of competence with reasonable ease. Has a general vocabulary that is broad enough that he or she rarely has to grope for a word. Has an accent that may be obviously foreign; has a good control of grammar; and whose errors virtually never interfere with understanding and rarely disturb the native speaker. Occasional patterned errors occur in low- frequency and highly complex structures.	Able to handle successfully most uncomplicated communicative tasks and social situations. Can initiate, sustain, and close a general conversation with a number of strategies appropriate to a range of circumstances and topics, but errors are evident. Limited vocabulary still necessitates hesitation and may bring about slightly unexpected circumlocution. There is emerging evidence of connected discourse, particularly for simple narration and/or description. The Intermediate-High speaker can generally be understood even by interlocutors not accustomed to dealing with speakers at this level, but repetition may still be required.
Reading 6.1 (A)	Proficiency includes comprehension of a variety of styles and forms pertinent to professional needs. Readers are able to comprehend many sociolinguistic and cultural references, but may miss some nuances and subtleties. They typically able to read with facility understand and appreciate contemporary expository, technical, or literary texts that do not rely heavily on slang and unusual idioms.	Able to read consistently with full understanding simple connected texts dealing with basic personal and social needs about which the reader has personal interest and/or knowledge. Can get some main ideas and information from texts at the next higher level featuring description and narration. Structural complexity may interfere with comprehension; for example, basic grammatical relations may be misinterpreted and temporal references may rely primarily on lexical items. Has some difficulty with the cohesive factors in discourse, such as matching pronouns with referents. While texts do not differ significantly from those at the Advanced level, comprehension is less consistent.
Writing 6.1 (A)	Able to write the language prose styles pertinent to professional/educational needs. Not always able to tailor language to suit audience. Able to write using simple low-frequency complex structures, vocabulary, and express subtleties and nuances. Able to write on some topics pertinent. The writer employs simple organizational patterns. Able to write on all topics normally pertinent to professional / educational needs and on social issues of a general nature. Writing adequate to express his/her experiences.	Able to meet most practical writing needs and limited social demands. Can take notes in some detail on familiar topics and respond in writing to personal questions. Can write simple letters, brief synopses and paraphrases, summaries of biographical data, work and school experience. In those languages relying primarily on content words and time expressions to express time, tense, or aspect, some precision is displayed; where tense and/or aspect is expressed through verbal inflection, forms are produced rather consistently, but not always accurately. An ability to describe and narrate in paragraphs is emerging. Rarely uses basic cohesive elements such as pronominal substitutions or synonyms in written discourse. Writing, though faulty, is generally comprehensible to natives used to the writing of non-natives.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of

Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.
